SPECIAL REGULATION FOR COLD STORAGE

BIG ICEHOUSES TO FEEL GOVERNMENT'S HAND DURING WEEK

Federal Regulations Become Effective November 1, When Licensing of Foodstuffs Begins.

STORAGE STUFF MUST BE SO LABELED

Washington, Oct. 30.—Special regulations for cold storage houses will be put into force by the food administration Nov. 1, when distribution of the most important foodstuffs goes under license.

Poultry, eggs, butter and fresh or frozen fish stored thirty days or more cannot be sold as fresh and will not be permitted to go on sale unless marked with a plain "cold storage goods."

All fresh meat, fresh meat products, fresh fish, game, poultry, eggs and butter must be marked with the date on which they were placed in storage and the date of release. No warehouse will be permitted to store any foods tainted or [illegible]. To check speculation the [illegible] will limit loans and [illegible] warehouse men to [illegible] warehouses will be classified as public or private and those storing goods on their own account as well as for the public will be required to take out also dealers' licenses.

All warehouses will be required to file schedules of their rates with the food administrator.

STATESMEN OF THIS NATION ARE GUESTS

Senators and Congressmen Are Given a Banquet in London.

London, Oct. 29.—Thirteen representatives and two senators were the guests of honor at a dinner given this evening at the Athenaeum club by the lord high chancellor, Sir R. B. Finlay. The guests included Premier Lloyd George, Foreign Minister Balfour, Ambassador Page, the archbishop of Canterbury, Viscount French, commander of the home forces; Lord Robert Cecil and the Rt. Hon. J. W. Lowther, speaker of the house of commons.

The dinner had been finished and the guests were chatting when warning of an air raid was given. Viscount French immediately left the room to be followed a few minutes later by the premier.

Senators Kendrick of Wyoming, and Kenyon of Iowa, told of their experiences on the steamer on which they crossed the Atlantic, which was attacked by a German submarine off the coast of Wales Saturday. Representative John J. Rogers of Massachusetts, and James S. Parker, of New York also were aboard the steamer. The gunners on the steamer fired several shots at the submarine which came very close to the mark. The U-boat submerged before it had time to launch a torpedo.

MICHAELIS LOSES OUT

Count von Hertling Has Been Named Chancellor of Germany.

IS THE BAVARIAN PRIME MINISTER

Dr. Michaelis Has Been Appointed Prime Minister of Prussia.

Amsterdam, Oct. 30.—Count George von Hertling, the Bavarian prime minister, has been appointed imperial German councellor. Former Chancellor Michaelis has been named prime minister of Prussia.

The retirement of Dr. Michaelis, imperial chancellor of the German empire, fulfills expectations that were raised practically at the outset of his regime, early inthe summer. Recently it had become clear that he would

PRISONER SAYS GERMAN TROOPS TIRE OF STRIFE

With the American Army in France, Oct. 30—(By The Associated Press).—"The German soldiers in the ranks are tired of war and want it to end but the officers want it to continue as they are well paid."

Such was the statement made by the first German soldier taken prisoner by the American troops in the war, whose capture and subsequent death from his wounds in an American hospital was related last night.

The prisoner, a blond youth engaged in carrying mail, talked freely after being taken to the hospital. The American doctor who operated said the prisoner was very game despite his painful wound. "The soldiers," continued the prisoner, "did not know you Americans are here but the officers probably do. They tell us nothing. Our food is good, but we know nothing of conditions in the interior of Germany. Sometimes no mail is permitted to reach us for eight weeks at a time."

In explaining his capture the prisoner said he was following another man in the dark and that they kept turning to the left instead of the right and ran into the American patrol. The other man escaped.

MANY WAYS TO END WAR

Thousands of Inventions Have Been Submitted to War Department.

FIFTY A DAY IS GENERAL AVERAGE

Centrifugal Guns to Hurl Steady Stream of Bullets Favorite.

Washington, Oct. 30.—Fifty new ways to end the war arer proposed daily to the war department, for that many military inventions are submitted each twenty-four hours and nearly every inventor claims his device will revolutionize warfare. Ninety-nine out of a hundred are discarded as impracticable in the war emergency, but for the sake of the possibilities in the one all are welcomed and investigated.

Some of the Devices.

Here are a few of the devices before the war department's board of ordnance and fortifications, which gives preliminary investigation to inventions for consideration today:

Polished reflectors to throw sunlight into the eyes of the enemy and blind him; elaborated slingshots for throwing bombs; land torpedoes resembling small tractor engines to run across no man's land and explode in the enemy trenches; aerial torpedoes to fly without a pilot; double shot connected by chains to entangle airplanes in the skies; self-propelling bombs resembling skyrockets; sabres with pistol attached to the hilt, to inflict dou-

DISCUSS PLIGHT OF THE SUBJECT NATIONALTIES

New York, Oct. 30.—Conditions in Poland, Greece, Norway, Letts and Africa were to be discussed by prominent speakers at the second day's session of the league of small and subject nationalities here today.

A banquet will be held tonight, at which the speakers will be Hamilton Holt, vice chairman of the League to Enforce Peace; Dr. Samuel T. Dutton, of the World Court league; Dr. Henry Goddard Leach, secretary of the Scandinavian-American foundation; Mooresaid Storey, and Lincoln Steffens.

Summary of the Day's War News

Gen. Cadorna is bending every effort to retard the forceful Austro-German advance in the Isonzo front while he effects a retirement to the strong line of the Tagliamento river. His cavalry is reported today in close touch with the enemy, who has been further hampered in this forward movement by the strong resistance of the Italian rear guards and the destruction of the bridges over the Isonzo. ITALY MUST BE ASSISTED

London View Generally is That Aid Should Be Hurried to Alps.

TREACHERY SEEN IN GERMAN GAINS

Italy Said to Have Been Corrupted Much as Russia Was.

London, Oct. 30.—Satisfaction with the decision of Great Britain and France to help the Italians is expressed by most of the morning newspapers which again urge that whatever assistance is possible must be given without delay. There is, of course, no certain indications of the exact form this help will take, but the general assumption seems to be that concrete reinforcements contributed by Great Britain and France will appear on the Italian front.

The Morning Post, however, contends that the best way of helping Italy is to keep hammering the Germans on the western front. It adds:

"A German victory over the Italians will not help them if we keep striking hard in Flanders. It is a maxim in the war never to allow the strategy to be diverted to the enemy and every move of our enemy now is to attempt to create a diversion from the western front."

Sees Treachery.

PROPAGANDA IN RESULTS OF THE LOAN CAMPAIGN

Chicago, Oct. 30.—The federal government has started an inquiry into the activities of pro-German and pacifist propaganda conducted in those districts of Illinois that failed to support the second liberty loan. Jos. B. Fleming, assistant district attorney, is in charge of the investigation. No county in Illinois fell below ten per cent. of its allotment, but it was said today several counties were financially able to subscribe for more than they did and apathy is ascribed to the activity of pro-Germans and peace propagandists. Attention is called to the fact that these same districts refused [illegible]

GERMAN FORCES HAVE OCCUPIED UDINE

Rome, Oct. 30.—The Italian retreat continued yesterday, the war office announced. The Italian cavalry is in contact with the vanguards of the advancing enemy.

The Italians destroyed bridges over the Isonzo and fought rear guard actions, by which means they checked the Austro-German advance.

"During yesterday the withdrawal of our troops on their new positions was continued. Destruction of the bridges over the Isonzo, effectuated by our troops, and the successful action of our covering units have detained the advance of the enemy.

"Our cavalry is in contact with the hostile vanguards."

GERMANS OCCUPY UDINE.

Berlin, Oct. 30.—Udine, the former Italian headquarters, has been occupied by Austro-German forces, army headquarters announces today.

The Austrians and Germans are pressing forward irresistibly in the northern Italian plane towards the course of the Tagliamento river, the statement says. Austro-German troops advancing from the Carnac Alps have reached Venetian soil on the whole front and are pressing forward

RETAILERS WHO BOOSTED PRICE UNDER INQUIRY

Indianapolis, Ind., Oct. 30.—An investigation of reports that some Indianapolis retailers had raised greatly the price of substitutes for foods needed for the war is being conducted here today by Dr. H. E. Barnard, Indiana representative of the national food administration. The reports name some of the larger retailers, as well as some of the smaller ones. One report being looked into was that corn meal had increased in price in the last few days from to 6 cents a pound to 10 cents a pound. According to the Indiana food administration six cents a pound is the maximum retail price that should be paid. Mr. Barnard said the investigation would be of prices charged for other foods as well as the substitutes, wherever his attention is called to what are considered "outrageous" prices.

GERMANS BUILD VAST NAME FOR ENGLISH TANKS

Washington, Oct. 30.—Thirty-five letters are required to spell the one word which in German is the equivalent of the four letter English "tank" or land battleship which has worked such havoc in the present war. The German word as it appears in official dispatches received here is "Schutzengrabenvernichtangautomobile" which freely translated is "machine for suppressing shooting trenches."

INVOKE LUTHER AS JUSTIFICATION OF AUTOCRATIC FORMS

Amsterdam, Oct. 30.—On the occasion of the 400th anniversary of the Reformation, the German Evangelical league launches from Wittenberg a manifesto in which the militant sayings of Martin Luther are applied at random to present day events. The manifesto rejects pacifism and thunders against the peace proposals as [illegible]

The manifesto concludes: "We especially warn against the heresy promulgated from America that Christianity enjoins democratic institutions and they are an essential condition for the establishment of the kingdom of God on earth. ELECTRO-TECHNIC CLUB'S PROGRAM

Season of 1917-1918 Will Be One of the Best in E. T. History.

The Electro-Technic club, which opened the lecture and entertainment season with a dance at Moose hall, October 16, has completed the list of attractions for the season with the exception of the meeting in December, which may be omitted because of failure to get the attraction wanted for that date. The dance was a most brilliant and enjoyable affair and the coming events are of importance in an educational and amusement way, making the series of exceptionally interesting character. November 20, Prof. Stanley Coulter, of Purdue university, will deliver a lecture, but has not sent in the subject, a matter that has been left with him to decide. An indoor field meet has been planned for Tuesday, January 8. February 19 is the date set for the lecture of C. F. Kettering, an engineer of national reputation, who will talk on the "History and Theory of Flights." Mr. Kettering is prominently connected with the Dayton Electrical Laboratories. He is also a member of President Wilson's board of submarine engineers. The March meeting will be devoted entirely to pleasure, being probably a skating rink party. April 16 has been selected as the date of the illustrated history of Thomas Edison, the great electrician. For this event the General Electric works at Schenectady will make special arrangements to give a complete history of Mr. Edison and at the same time illustrate by moving pictures some of the interesting epochs of his boyhood days, as well as his career after reaching man's estate. Following the pictures on that evening, B. J. Griswold will give one of his interesting chart talks. May 21 the annual election and business meeting will be held and June 29 the annual field day meet will take place.

THROWN FROM MOTORCYCLE.

When he dashed into a pool of water on the Maumee road early Monday morning, Chester Chapman, 1030 Glasgow avenue, was thrown from his motorcycle and sustained a fractured leg. The young man was picked up by Glenn Grubb, of New Haven, an employe in the testing department of the General Electric works, who was en route to the factory in his automobile, and taken to Hope hospital, where the fracture was reduced. He is doing well and will be out in a week or two.

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.—Advertisement.

Big Government Man Writes Letter to Rifle Club.

The doings of the Fort Wayne Rifle and Revolver club, which are always interesting at home, seem to be attracting attention from abroad, as indicated by the following letter to R. H. Chadwick, chairman of the publicity committee of the Rifle club, from Brig. Gen. F. H. Phillips, jr., of Washington, who writes as follows:

"I have at hand yours of the 22nd with the report of your match and wish to congratulate you on the enterprise of your organization. I believe that having cup matches of this sort to be one of the best means of encouraging enthusiasm there could be found and am sending it to the rest of the shooting world through the "Arms and the Man." Trusting that you will keep me posted on the activities of your club and call on me for assistance whenever I may serve you, I am, Very truly yours,

"F. H. PHILLIPS, JR.,
"Assistant Recorder National Board and Secretary National Rifle Association."

The "shoot" referred to by Brigadier General Phillips was the contest for the James J. Wood cup on Sunday, October 21, which resulted in H. A. Hartman winning for the second time. Others participating in the shoot were G. R. Gawehn, F. B. Hall, J. W. Patch, X. J. Divens, R. D. Sowle, W. M. Nichter, J. W. Dickens, H. E. Bougher, C. L. Clover, O. E. Archibald, E. A. Wagner, G. Bente and J. E. Hall.

HELP FROM OUT OF CITY.

Word That General Electric is Increasing Force Gets Abroad.

Evidently the news that the General Electric works is increasing its working force has reached all the towns hereabouts, for most of them are responding and sending men here to take employment in the big plant. Every day men and women from neighboring cities, and some cities not so very close, are added to the G. E. pay rolls. One department, the transformer, added seven men to the pay rolls this morning, and six came from out of the city. They were: Glen M. Coffing, of Toledo; Frank Kesster, of Auburn; John White, of Fort Wayne; Dale Shelly, of Plymouth; Harlo Cook, of Cleveland, and David Lichty, of Berne. This department has a number of employes residing in Ossian, Sheldon and other points on the traction lines who make the trip to and from the city on interurban cars. Some of them would move their families here, could they secure suitable houses for housekeeper, which is impossible at present.

REARRANGING MACHINERY.

Punch Press Department of G. E. After Greater Efficiency.

With a view of making room for more machinery, soon to be installed, and to increase the efficiency of the plant, the forty or more large machines in the punch press department of the General Electric works, of which Joseph Schwartzkopf is the foreman, is to be rearranged into a more centralized system. The work commenced this morning and as rapidly as it can be performed without interferring with the efficient operation of the plant, it will be pushed along. All the departments of the General Electric works have enjoyed an expansion the past two years, but very few have increased in the number of machines and general efficiency to as great an extent as has the punch press department, which now completely occupies the first floor of building No. 26, on Wall street.

NEW CLUB ROOMS.

Dudlo Club Will Open Elegant Quarters Saturday.

The committee of arrangements for the opening of the headquarters of the Dudlo club at 714 Washington boulevard west, has prepared a good program and the event will be one of the brilliant social functions of the season. Invitations are being generally distributed and the attendance at the opening will be immense. The program committee is composed of Jerome Kohrman, Lawrence Michael and Leo Bohne, who have not omitted one detail that will add to the successful consummation of their aims. The opening will be Saturday evening, November 3.

BRINGS FAMILY HOME.

C. H. Tonsing, chief clerk to Superintendent B. H. Hudson, of the Grand Rapids & Indiana, was at his office today, after an absence of a day or two, [illegible] Hortense and Helen Tonsing, at Decatur, Saturday, and accompanied them home last night. Mrs. Tonsing and children were visiting her sister in Decatur a week.

THREE CLERKS PROMOTED.

Otto Fuhrman has been called from the office of Trainmaster E. S. Kirby to the office of Supt. W. F. Watterson, of the Nickel Palte. W. F. Mullahy has succeeded Mr. Fuhrman as chief clerk to Mr. Kirby and E. D. Stahl has been advanced to timekeeper to succeed Mr. Mullahy. All the changes are promotions.

OFFICIALS AWAY ON BUSINESS.

Motive Power Supt. T. W. Demarest and Master Mechanic E. E. Griest, of the Pennsylvania, are east on business, Mr. Demarest at Pittsburg and Mrs. Griest at Cleveland. A. S. Courtney, electrical engineer of the Northwest system, is also out of the city, being in Chicago on business.

CHARLES MALCOLM IN HOSPITAL

Yardmaster C. F. Malcolm, of the Wabash at Toledo, is in the Peru hospital for a slight surgical operation. Four years ago Mr. Malcolm was yardmaster for the company at this point and previously he was employed on the Nickel Plate.

INDUSTRIAL NOTES.

W. Frisch, a clerk in the office of the transformer department of the General Electric works, is off duty on account of sickness.

Miss Fern Smith, daughter of Pennsylvania Freight Car Builder H. Smith, is visiting with relatives at Greencastle, Ind.

W. H. Zellers, car repairman for the Pennsylvania, has returned to work after being on the sick list for the past week.

O. L. Gaskill, pipefitter at the Pennsylvania shops, was absent today on account of having some private business to attend to.

F. Muehlenbruck, machine operator at the Pennsylvania blacksmith shop, failed to appear for work this morning, and gave sickness as his reason.

S. J. Jackson, blacksmith helper at the Pennsylvania, who injured his foot some time ago, returned to work this morning.

A. J. Cordlet, cabinetmaker of the Pennsylvania, reported for work this morning after a several days' lay off due to sickness.

R. H. Lauman has returned from Camp Taylor, where he visited his son, and resumed his duties this morning at the Pennsylvania planing mill.

Basil Hunt, who had been sick at his home in Winchester, has recovered and this morning reported for duty at the General Electric works, transformer department.

Charles Bente, painter at the General Electric works, is off duty on account of the death of his brother, William Bente, mentioned in The Sentinel yesterday.

Fort Wayne lodge No. 436, Ladies' Auxiliary to the B. of R. T., will give a Hallowe'en tea Wednesday afternoon at the home of Mrs. R. F. Rhodenbaugh, 519 East Pontiac street.

George M. Alldafer, a Nickel Plate brakeman, has been furloughed during his services in the army. He has joined Company A, 329 Infantry, and is at Camp Shuman, Chilicothe, Ohio.

Fred Franke, Frank H. Pranger and John W. Yarrington have been given employment as truckers in the crating department ofthe Bowser firm.

Miss Mary Wahrenburg, daughter of F. Wahrenburg, Pennsylvania passenger car builder, is spending several days at Springfield, Ill., visiting friends.

Agent J. B. Clizbe, of the N. Y. C. and the L. E. & W., went to Hillsdale this morning and thence will go to Chicago. His mission is business for the company and he will be gone several days.

C. W. H. Koehlinger and C. J. Lepper, of the motive power department of the G. R. & I., with headquarters in Grand Rapids, are here today on business connected with the valuation work.

H. Toenges, assistant foreman at the Pennsylvania east car shops, is laying off this week and spending the time visiting relatives at Richmond, Ind., and Kalamazoo, Mich. Mrs. Toenges is accompanying him on the trip.

P. U. Hoffman, draftsman of the Pennsylvania piece work department, was off duty yesterday due to weak eyes. Mr. Hoffman had his eyes tested and will soon appear at the office wearing glasses.

Westbound Nickel Plate train No. 1 was late today, because of the very heavy business. The train was divided at Bellevue and ran to Chicago in two sections, the second one passing this point about 2 o'clock.

D. A. Wolford, retired Pennsylvania shopman, was circulating among his associates and friends in the city today. Mr. Wolford now resides in New Haven, having moved there recently from Monroeville, where he went to reside four years ago, soon after being placed on the retired list.

LUTHER AND AMERICA

BY REV. G. DOEGE,
Pastor Trinity German Lutheran Church.

The Reformation—which, at first, was only a return to liberty in the order of religious affairs, became—also a return to liberty in the political system. (p. 75.) The establishment of the Republic of America is a corollary of the Reformation. (p. 76.) The American republic and the Reformation from which it sprang. (p. 98.)—Prof. Charles Francois Dominique de Villers' essays on the Spirit and Influence of the Reformation.

The Reformation erected the standard of civil as well as religious liberty. —James Bryce, "The Holy Roman Empire." (p. 271, Caldwell, N. Y.)

The Reformation of Luther laid the foundation of the rights of man in society. The revolution of 1776 finished the superstructure of religious liberty. —Thomas Smith Grimke, member Literary and Philosophical Society of South Carolina.

Protestantism has been the chief moulding force in Germany, England and America.—Charles Beard, Hibbert Lectures on Reformation.

In the Lutheran Reformation a new people was begotten, with new ideas, invested with loftier prerogatives and aims, and intended by providence to found in the new world a great Christian republic, one of the mightiest agencies in human progress.—Daniel Dorchester "Christianity in the United States."

Had there been no Luther the English, American and German peoples would be thinking differently, would be acting differently, would be altogether different men and women from what they are at this moment.—James Anthony Froude, Luther, a short biography.

The City of Hartford, the State of Connecticut, the United States—are today what they are largely because of the life of Martin Luther.—Charles Dudley Warner.

If it be said that the contest of Luther was for religious rather than civil liberty ,the ready answer is that civil and religious liberty are inseparable, that one cannot live where the other dies.—Wm. H. H. Miller, attorney general United States, Fourth of July address, Connecticut, 1892.

Luther fought the battle of civil and religious liberty for us and all men. There are strong grounds for our American respect for the great name of Luther. As a nation, then, we have ample reason to revere the memory of Luther. He was the reformer of all the reformers of his country. Without him they had not been. He has been our heroic Protestant as fully as if he had been born on our shores.—Editor Buckley, N. Y. Christian Advocate.

No country has more reason than this republic to recall with joy the blessings Luther assisted to secure for the world.—Hon. John Hay.

Lutheran can be regarded as the author of the civil liberty that is enjoyed today.—Associate Justice Strong.

Out of them (the principles of Luther) have been evolved the representative government, the free institutions and the liberty, equality and fraternity which are the birthright of every American citizen.—Benjamin Lossing.

One consequence (of the Reformation) was an increase of civil and religious liberty in Europe.—President Elliot, of Harvard, in Chicago Examiner, Feb. 7, 1915.

The reformation of Luther introduced the principle of civil liberty into the wilderness of North America.—Daniel Webster at Bunker Hill, June 17, 1843.

We are here today to recognize Martin Luther as, beyond all other men, the instrument of God in giving the impulse by thought, word and act, to that world-wide movement which resulted not merely in the reformation of Europe, but in all that we Americans now enjoy, and all that we rejoice in being.—Hon. Robert Winthrop.

Let us all, with uncovered heads, pass before the monument of the man who lead Europe out of the darkness of the middle ages into the civilization of modern times. He was greater than poets or emperors, as religion is higher than literature or government. His monument—it is all about us; it is in us—Wm. H. Ward, editor New York Independent.

We owe to the Reformation the establishment of political and religious liberty.—Editor Spalding, of the New Hampshire Journal.

Luther stood for freedom of conscience and thereby also widened the area of liberty in general. He asserted the equality of all men before God, in Christ, and out of that came at length, here and elsewhere, the Declaration of Independence, which affirms the equality of all men before human law. —Wm. M. Taylor, D. D., LL. D.

To Martin Luther, above all men, we Anglo-Americans are indebted for national independence and mental freedom.—Frederic Hedge, of Harvard, Mass., Historical society.

Our civil liberty is the result of the open bible, which Luther gave us.—Henry Ward Beecher.

Martin Luther, "that majestic character who conceived the emancipation of conscience." That the principles of Martin Luther are the fundamental principles of our American republic there can be no question. The life of Luther is one for which we find no parallel in any history.—Treadwell.

"Blessed be the day of Martin Luther's birth. It should be a festival second only to that of the Nativity of Christ."—Robert Southey, poet laureate of England.

"The best commemoration which I can make of this man is to preach the doctrine which he held so dear."—C. H. Spurgeon.

"America has peculiar reason for celebrating the anniversary of the Reformation, since America is the only land where the principles of Luther have penetrated the entire social order. His defiance of entrenched wrongs, his willingness to stand with the minority or to stand alone, his intent interpretation of the scriptures, his faith in home and home and school, his delight in the task of the pioneer, all this makes him congenial and inspiring to the American people."—W. H. P. Faunce, president Brown university.

"Most certainly there should be a celebration of the four hundredth anniversary of the Reformation."—Theo. Roosevelt.

"I consider it most important and appropriate that so great and epochal a movement as the Reformation should be celebrated by all Protestant Christian bodies throughout the Christian world. The influence of the Lutheran movement viewed from whatever angle, has been so far reaching that it is difficult even to attempt to measure it. The cause of religious freedom was set forward immeasurably by the said movement."—Charles school, his delight in the cese of New York.

NO CLUE TO KU KLUX WHO LASHED PACIFIST

Public Indignation Meeting is to Be Held in Newport, Ky.

Cincinnati, Oct. 30—A public meeting to protest against the abduction and horsewhipping of Herbert S. Bigelow Sunday night, will be held in Newport, Ky., tomorrow night.

According to plans formulated today resolutions will be adopted calling on the mayor and the citizens of Newport and the governor of Kentucky to make every possible effort to apprehend the members of the so-called Ku Klux party.

Today the authorities were without a definite clew to the band of men who were responsible for the horsewhipping of Mr. Bigelow.

The officials appeared to be at a loss as to what course to pursue in view of the fact that no formal complaint or charge had been filed. Bigelow remained at the hospital today. He is suffering severely from the lacerations caused by the whipping and from nervous shock. His physician said he would not be able to leave the hospital for a week or longer.

GARRETT MAN TAKEN TO THE PENAL FARM

Mike Newbauer Must Serve Six Months for Threating His Parents.

(Special to The Sentinel.)

Auburn, Ind., Oct. 30.—Sheriff Frank Baltz will take Mike Newbauer, of Garrett, to the penal farm today to serve a sentence of six months. Newbauer, who is in the habit of getting drunk, did so Friday evening and his home being in Altona, the Garrett officials refused to make the arrest. Consequently the sheriff and his deputy were called. They found him in the home of his parents flourishing a big butcher knife and declaring he intended making a cleaning like the "nigger" did with Dr. Rodebaugh. His family were frightened as he has repeatedly beaten them when intoxicated. He was placed under arrest and given a hearing before Mayor Clevenger, of Garrett, who gave him a six months' sentence at the penal farm and a fine of $1 and costs. Newbauer, when not under the influence of liquor, is a peaceable man, but liquor makes him almost a maniac. However, by the time he is released from the penal farm, which will be about May , he will find things as dry as the desert around these parts and with the temptation removed he will undoubtedly get along nicely.

The wedding of Mrs. Ella Hallam-Anderson, of Canton, Ohio, and Miles K. Crenshaw, of Akron, occurred Sunday afternoon at the home of the bride's parents, Mr. and Mrs. Thomas Hallam, of West Seventh street, this city. Rev. F. A. Hall, of the Methodist church, officiated, using the beautiful ring ceremony. They will make their home at Canton, Ohio.

Abraham DePew, who has been in the care of Sheriff Frank Baltz at the county jail, awaiting admission to the Richmond hospital for the insane, was turned over to the Michigan authorities yesterday, his former home. Mr. DePew resided in Berrein county, Michigan, and came here on a visit. He was here but a short time when he lost his mind. The action was taken after a letter was received from the state board of charities, instructing them to do so.

Mrs. Anna Silver left Monday for a four weeks' visit with her daughter, Mrs. Dessa Lockwood, at Jackson, Michigan.

Mrs. Calvin Knecht returned yesterday from a few days' visit with friends at Wauseon, Ohio.

Mr. and Mrs. E. W. Drake, of Michigan City, and Andrew Plum, of Marion, Ind., were over Sunday guests of Mrs. Bertha Plum.

Mrs. Alice Barnes has moved from the McNabb home, on South Jackson street, into the Rance Gordon home on the corner of Jackson and Thirteenth streets.

Captain and Mrs. Walter D. Stump are the proud parents of a baby boy, who arrived at their home on Indiana avenue, Sunday afternoon. Captain Stump is at Wauseon, Ohio.

The Culture club have decided to give Tuesday afternoon to Red Cross work and consequently will meet at the Red Cross rooms in the court house every Tuesday, where they will give the entire afternoon to work. Their regular club meeting will continue the same, on Saturdays, as heretofore.

Miss Alice Bishop will entertain the Tri Kappas this evening at her home on South Van Buren street.

Mr. and Mrs. LeRoy Likens, of North street, are entertaining a fine baby boy, who arrived at their home Sunday and has been named Keith Harmes Likens.

COMING EVENTS CAST THEIR SHADOWS BEFORE

Cold Wave is an Installment of Future Winter Weather.

"Cheer up," says the weather man, only two or three more days, and the cold snap will be over, but in the meanwhile automobile owners had better look up that anti-freezing mixture and the housewife had better dig up her bulbs because there is all likelihood of heavy freezing weather tonight and tomorrow. The snow is practically over, and unless the weather map lies, the Christmasey atmosphere will be a negative quantity by Wednesday.

The cold snap of Tuesday, although not exactly unlooked for, took many people by surprise, especially the first glimpse of snow-covered roofs in the grey hours of the morning. The park board reports practically no damage as all summer vegetation has long been removed from the city parks.

NO USELESS CLOTHES IN "ARMY AND NAVY"

Costumes in University Club Show Designed to Be Used Afterward.

All of the preparations for the University club's big patriotic show, scheduled for the evenings of November 8, 9 and 10, "The—Aarmy and Navy"—are conducted along real war-time lines and in keeping with the constantory of conservatism and the elimination of waste.

This is reflected in the statement of Mrs. Maude George Wylie, who is assisting W. Mills Davis, the director, in training the hundreds of persons in the great cast. "In the costuming of the singing and dancing groups throughout the production, nothing will go to waste," says Mrs. Wylie, who has designed the special costumes for many of the groups. "It is the custom to make up some fanciful costumes for occasions of this kind, which are useless after the affair is over, but in the present instance we have made our designs with the double purpose of producing beautiful stage effects and at the same time make the costumes in such styles and of such material that with slight changes they can be put into immediate practical service. We want to make this clear to some who may have thought we are tfollowing the usual course."

It is interesting to observe in this connection that the gowns of the "College Widows" in the production are being made in the public vocational school (Washington school,) under the direction of Miss Martha Tolan, instructor in domestic art. The entire work of designing, draping and sewing is being done here.

With the entire net proceeds to be devoted to patriotic purposes, the University club's enterprise is certainly a means of education along lines of patriotic practive and patriotic giving.

The groups rehearsals, as well as those of the principals, are going forward to a fine finish and next week's presentation will find the entire great cast of more than four hundred people well prepared to present the musical patriotic "hurrah."

TELEPHONE MERGER AT SOUTH BEND COMPLETE

Indianapolis, Ind., Oct. 30.—Practically the only thing remaining to be done today in the merger of the Central Union and South Bend Home Telephone interests in South Bend today was the formal entry of the order on the records of the Indianapolis service commission, approving the merger and the actual taking over of the plants under one management. An agreement regarding the form of the order to be made by the service commission was reached late yesterday by all parties interested.

The agreement provides for full protection of long distance toll business of the Indiana independent telephone interests. The agreement is similar to that in a recent merger of independent and Central Union interests at Decatur, Ill. It was said the merger would be completed before the time the option of the Central Union company on the plant of the Home company expired Wednesday. The purchase price named is $975,000.

SECOND LIBERTY LOAN.

It will be near the end of the week before anything definite can be known respecting the result of the second Liberty Loan campaign, but enough detail has been gathered to justify expectation that the full amount of the maximum desired has been subscribed.

It even is thought that the complete returns from all over the United States and from its outlying territories will carry the total beyond the five billion goal that was set as the farther mark. It will be the hope of all loyal people in this country that this may turn out to be true and more than merely true. An excess over the maximum would be a splendid commentary upon the American spirit for the great task in hand. It would be a happy offset against the disasters that have overtaken the Italian arms. It would be a solemn notice to the kaiser that he is fighting resources against which he cannot endure.

The second Liberty Loan, at all events, is a substantial success. Much more than the minimum amount at this time required is safely on the books. The next war loan will go better, we believe. The people by now ought to have a pretty clear understanding of what government bonds are and the advantage of owning them. A year hence and there will be little or no difficulty floating a three-billion-dollar loan. So far the war bonds subscribed by the American people aggregate about one-twelfth of their annual income. That is not touching the common resources very hard nor going into the general pocket very deeply. Those who buy bonds save money and money saved is wealth conserved.

Issuing war bonds will have to go on for a long time and in unprecedented volume before the process begins to pinch the people. We are too well off, too busy and making too much to feel the fifteen or twenty billions the first year will require.

AROUND THE TOWN WITH HOSEY—A 3.

The feeble defense that is set up for Candidate Cutshall as having four years ago sought to attach himself to the oncoming Hosey administration serves only to confuse and confound the republican mayoralty nominee.. Mr. Cutshall would have done much better to interdict explanations in his behalf and permit his singular epistle to speak for itself, which it continues and will continue to do in its own way to the inevitable point in stubborn despite of all undertakings to illuminate it.

It is painful, of course, to many of Mr. Cutshall's friends to learn that four years ago he had silently and secretly committed himself to the cause of Mayor Hosey, wheras it was reasonably supposed and implicitly believed that he had joined his support to the independent movement. No one thought otherwise and no one had occasion from Mr. Cutshall to believe otherwise. Repeating what we already have said as to this, Mr. Cutshall had indefeasible right to do that and, having done that, was not only within his further right but was acting quite within propriety in asking the mayor-elect to appoint him to office. It is not that he had done this thing, but that he had provided himself with occasion and defense for doing this thing, that is now painful and shocking to his friends and bitter to the taste of his entire political party, leadership and mass.

Mr. Cutshall's organ says there was nothing wrong or improper in the fact that Mr. Cutshall sought office under Mayor Hosey. Of certitude there was not. Mr. Cutshall had governed his conduct and action in the campaign and at the polls in such wise as that he went to Mr. Hosey with some justice of claim. That is not the thing at all. His conduct and action were secret at the time and their concealments were never stripped off until a few days ago. Meanwhile, Mr. Cutshall had organized his mayoralty campaign in the republican party. He drew about him the most aggressive and impeccable of standpats. He raced on the ground of a tested and unimpeachable loyalty. He won his nomination as a republican whose record was blameless and without flaw. He is seeking election as a republican who in loyalty yields to none. Yet at the very close of his campaign the bar sinister is drawn across his shield. What are republicans who set great store by loyalty and devotion to make of that? Does Mr. Cutshall suppose, do his managers suppose, can anyone suppose that had it been disclosed in the beginning of March instead of at the end of October Mr. Cutshall, four years ago seeking a continuance of his political fortunes, had deserted his colors, turned renegade and skedaddled by night into the Hosey camp, there would have been any possibility of his nomination?

The republican party of Fort Wayne has a right to require Mr. Cutshall to submit explanations that will explain. Mr. Cutshall's organ has a right to demand explanations of Mr. Cutshall's base betrayal of it in gaining the doubtful if not fatal boon of its support after having assisted to drive it mad with "Hoseyism"—whatever that is. These matters do not in any wise concern us. We cite them as facts in a situation that has become fraught with a new, peculiar and somewhat amusing interest. Mr. Cutshall's offense consists not in supporting Mayor Hosey, not in seeking office under Mayor Hosey, but in concealing these things from his friends, his party and his organ. They are surprised and pained. Mr. Cutshall is merely embarrassed.

CLOCKING THE TOWN.

Candidate Cutshall's organ submits this observation as worth while:

> Possibly if the city hall is cleaned out we may be able to secure a little inside history on that $3,600 electric clock. That there is some inside history no one of any intelligence doubts, for that purchase was as wanto a waste of public funds as this community ever witnessed.

If the city were to set up a $3,600 electric clock every thirty days for a year it would not cost the people of Fort Wayne so much money in a year as they are mulcted every twelvemonth by the act of the Fort Wayne man who torpedoed the Fort Wayne relief bill in the legislature last winter.

There is some "inside history" relating to that nefarious business upon which we suspect the people of Fort Wayne will have light before many days.

That clock at least proclaims a purpose to promote the interests of the people's light and power enterprise. The stabbing of that bill that would have permitted a reduction of 15 per cent in the lighting bills of the people of Fort Wayne was designed to aid in the destruction of the city lighting plant.

Whatever the "inside history" of that clock, it is nothing that in political sordidness and public enmity can compare with the deed of the man who imposed the death sentence on the bill for reducing lighting rates in Fort Wayne.

PERVERTING THE NEWS.

The organ of Candidate Cutshall and Anselm Fuelber makes this garbled offering of the amusement news:

> The great melodrama, "Hooked Up With Hosey," is now enjoying a run in Fort Wayne with that accomplished matinee idol, Maurice Niezer, in the stellar role.

"Hooked Up With Hosey" had its run and disappeared from the boards four years ago, with W. Sherman Cutshall, the lightning-change artist, starring the part. The star had planned for a long run and perhaps a return engagement, but the production hit the rocks and "went in" after a short and unprofitable bid for favor. Actor Fuelber also essayed the role with no better success either "in front" or at the box office. In consequence of this dual failure of the enterprise both stars "unhooked."

Mr. Cutshall four years ago thought he would like to share in the honor and glory of the Hosey administration, then coming on. Perhaps he has got just a plain mad on because that privilege was denied him. Anyway, it sounds very unpretty for him to abuse Mayor Hosey after all that has been shown respecting his opinions of Mayor Hosey four years ago.

Food conservation, like the buying of Liberty bonds, is no sacrifice. It is a good thing to do wholly for its own virtue and profit. Not many Americans will be much hurt by cutting down on the eating or by reforming the diet.

The man who killed the Fort Wayne relief bill is stripping the people of many thousands of dollars each year and it may go on for many years.

Did you get your Liberty bond? If you didn't you are to be pitied. You have missed both glory and

"Bet He Never Hustled a Corner"

JESSE DAVID BRIGHT

(Christian Science Monitor.)

The biographical national directory, emanating from the government printing office in Washington, tells that Jesse David Wright, a senator from Indiana, a native of Norwich, N. Y., moved with his parents to Indiana in 1820; attended the public schools; studied law, was admitted to the bar in 1831, and practiced in Madison, Ind.; that he was elected judge of the probate court of Jefferson county in 1834, and a member of the state house of representatives in 1836 that he was appointed United States marshal for the district of Indiana and elected lieutenant-governor of that state in 1841. Furthermore, we are told that he was elected, as a democrat, to the United States senate, to succeed Albert S. White, whig; was twice re-elected, and that, after serving from March 4, 1845, to February 5, 1862, he was expelled for having, in a letter to Jefferson Davis, recognized him as "President of the Confederate States."

This offense, however, was simply the last straw upon the patience of the senate and of the people. The letter itself was written to introduce a friend who had "an improvement in firearms" to dispose of. Bright, who had once been president pro tempore of the upper house of congress, had known Jefferson Davis as secretary of the war in the cabinet of President Pierce, and as an associate in the senate.

Bright's attitude of disloyalty, not unlike that exhibited in other and later instances, seems to have been purely the outgrowth of willfulness and perversity. From the brief record of his public career just given, it is seen that he had nothing to complain of. His preferments were many and came rapidly. They also go to show that he must have been a man of parts, and popular. His state was little disposed toward secession; on the contrary, with Morton at its head, it proved to be one of the stanchest supporters among the states of the north. At the beginning of his lapse from loyalty, Bright was among the most prominent of the northern democrats. He had nothing to gain politically, but everything to lose, by adopting a course antagonistic to the north, but he went on from bad to worse as stubbornly as any copperhead of his period.

There was operating in certain of the northern states, before and during the civil war, an organization with secessionist sympathies and purposes known as the "Knights of the Golden Circle." In this organization Bright became active, after his expulsion. He soon found it convenient to remove to Kentucky, in which state he was elected to the legislature. Later he took up his residence in Maryland, where he sank into obscurity. As in the case of Vallandigham, while he had made himself utterly obnoxious to the north, he failed to win the confidence, or the friendship, of the south.

The case of John Cabell Breckinridge is sometimes mentioned as a parallel to that of Bright. Breckenridge, a member of a distinguished Kentucky family, was elected vice president with Buchanan in 1856, and received seventy-two electoral votes for the presidency in 1860, as the candidate of the pro-slavery section of the southern democracy. He held a seat in the senate when the civil war broke out, but he had the good taste to abandon it when he found how his sympaties were running, and, after entering the southern army as a brigadier-general and becoming a major-general, was made secretary of war in the Jefferson Davis confederate cabinet. His expulsion from the United States senate was recorded on December 4, 1861. The United States never surrendered jurisdiction over those who went from its service to the confederacy, but it was disposed to treat them with more consideration and respect than it accorded those who, while sympathizing with the south, remained in the north to annoy and hamper it at every opportunity.

TAKING NOTICE.

(Kansas City Times.)

We wonder what effect these heavy war taxes are going to have on the industry of politics in America. Taxes haven't bothered us much in this country heretofore. We never have felt them sufficiently to make us realize the relation that public revenue bears to public office or the relation that either bears to us as taxpayers and voters.

We shouldn't be surprised if we took a closer look at these matters now. The government is coming down on us pretty nearly every day now with something new in the way of taxes. We are beginning to feel the weight of them quite plainly and we're going to feel them more before we feel them less. Americans who never before knew the dizzy sensation of paying an income tax are going to feel it now and are going to get so accustomed to it that they will feel no more honored by the circumstance than they do now when the grocery bill comes in. Taxes of all kinds are going to be common and very, very heavy.

When we get to paying these real taxes we wonder if we aren't going to be a little more exacting in laying down qualifications for the men we elect to office. We haven't cared particularly what they did with our money. It wasn't very much, anyway.

But these war budgets they are turning out in Washington—maybe they'll go to twenty-one billions the first year—are of a size to demand the attention even of a busy man. They may not reach us, but they will certainly compel us, distasteful as it may be to our superior personal feelings, to snatch a minute or two to glance at our candidates for office to see if they really are the sort of men we would pick out to split your last dollar with.

If we do get as interested as that it might have far-reaching results. We might get to be regular busybodies, looking into such trifling details as county road expenditures. There's no telling what a man will do when he gets to riding a hobby like wanting to know what becomes of his own money.

IS GERMANY BREAKING?

(New York Post.)

From the strictly military point of view, the mutiny in the German fleet is not of the highest importance. Admiral Capelle probably tells the truth when he says that the outbreak was but temporary and that discipline has been restored. But from the psychological and moral standpoint, from its bearing on the national spirit of Germany, the mutiny is of immense significance. We may be sure that news of it left millions of Germans aghast.

Reports of similar occurrences in the army have not been verified by official admissions, as has the mutiny at Wilhelmshaven. But one deputy openly alleged in the reichstag that a spirit of great discontent was manifest among the soldiers. They were not refusing to obey orders, but they were more and more unwilling to fight for a program of conquest and annexations. Clearly a mighty ferment is at work in Germany. It does not [illegible] tendtend immediate surrender or suing for peace. But it does show that the German "will for victory" does not exist today in its old proud form. And the whole military and political situation in Germany at present, as we have to build it up with the fragmentary information reaching us, distinctly raises the question whether there is not something like a break coming.

FAILURE OF THE SUBMARINES.

(The New Republic.)

By far the most encouraging piece of news which has come from Europe in many months is that of the steadily decreasing success of the German submarine attack on commerce. For the first time since last winter the losses of merchant shipping are being reduced to manageable limits. Improved methods of convoying and arming merchant vessels have been successful in rendering the all-important maritime communication of the allies comparatively safe. Inasmuch as the operation of these methods will be still further improved during the winter and the spring it seems as certain as anything can be in war that the submarine offensive is by way of being defeated. Within a few months the gross tonnage controlled by the allied governments will begin to increase and the handicap of deficient transport which recently has been impairing the success of their military operations will be less costly. Germany's only chance of victory will have vanished. Even though she were capable next summer of placing a largely increased number of submarines in the water, their construction would constitute a waste of valuable resources. They will not be able to get at the faster, more heavily armed and more carefully convoyed fleets of the allies.

FROM THE SENTINEL PAGES 25 YEARS AGO

W. W. Rockhill left for Indianapolis this morning.

James Fry has returned from Delphia, where he has been visiting for the past few days.

Hon. W. F. McNagny is speaking every night. He is making a brilliant canvass for congress.

The democrats of the First ward will meet tomorrow night at Hartman's hall, on East Washington street. The Hon. S. M. Foster and the Hon. J. D. Sarninghausen will be the speakers.

Judson W. Wells is suffering from the effects of an accident received at the Morton club the other evening. He was trying to lower one of the windows when the heavy glass came out and pinned his wrist to the sill.

Miss Madge Michaels celebrated the anniversary of her birth in a charming manner Sunday evening. About twenty-five of her young friends had been invited to participate in games and other amusements and enjoyed a very pleasant evening.

The barn burners got in their work on the barn of Daniel J. Reilly, foreman of the Fox cracker factory, yesterday afternoon. The barn is located one mile south of the city. In the barn was stored some household goods, which were totally consumed.

Diphtheria threatens to become epidemic in the northern part of Wells county. The disease entered the family of Frank Weikel, a farmer, living near Zanesville, and in less than two weeks from its first appearance four of his children died with it. Another farmer, named Samuel Tarr, lost two children, and the children of several other farmers have been ill with diphtheria. The district school, a few miles east of Zanesville, has been closed for a week in the hope of stamping [illegible]

FAMOUS BAND MASTER DIES AT VAN WERT

W. H. Hiestand Passes Away Suddenly at the Age of Sixty-Three.

(Special to The Sentinel.)

Van Wert, Ohio, Oct. 30.—W. H. Hiestand, 63 years old, leader and director of the famous Hiestand band, died suddenly last night at his home in this city, of heart trouble.

The deceased was apparently in his usual health Monday. He had spent Monday evening downtown, returning home about 9 o'clock. An hour later he was dead.

Mr. Hiestand was well known throughout the country. His band was for a number of years one of the crack bands playing at the Knights Templar conclaves. The band was organized in 1865.

The deceased was born in Darke county, Ohio. He had been a resident of Van Wert for the past forty-five years. A wife, son and daughter survive.

RABBIT RUN OVERFLOWS.

Waters Threaten to Enter Houses and Go Over Retaining Wall.

Huntington, Ind., Oct. 30.—Heavy rains Sunday night and Monday have caused Rabbit run to assume flood conditions. Several families are marooned and the rising waters threaten to enter their houses. The water is within three feet of the top of the big retaining wall of the Rabbit run cut-off, which protects many houses on the south side from flood. This wall has been broken twice by floods and many are watching it anxiously now. Other streams in the county are rising rapidly, but are not yet to flood stage.

HIT BY LIGHTNING.

Barn on Farm Near Zanesville Burns to Ground.

Zanesville, Ind., Oct. 30.—The storm Sunday night did much damage in the vicinity of Zanesville, striking two barns and the house of Sam Seabold, one mile west and three-quarters north of Zanesville. The Seabold house did not burn, though the flue was knocked off.

A large barn on the old Chaney farm near Zanesville, rented by Tom Chaney, was struck and burned to the ground. There were about twenty tons of fine hay in the barn. Another barn about a mile north of the Chaney barn was also burned to the ground, but the extent of the damage could not be learned. A barn near the Chaney barn, which contained live stock and farm machinery, was not damaged.

GOES OVER QUOTA.

Bluffton, Ind., Oct. 30.—Four hundred twenty-two thousand, nine hundred dollars is the exact amount Wells county takes of the second series of Liberty loan bonds. This amount is $72,900 more than the amount asked by those in authority as our just share. Wells county has done the big thing in a great cause. While the campaign got a late start it went with a rush when it did get started, and while all over the state farmers were being badgered because they would not take bonds, Wells county farmers came over in an amazing manner and helped very materially in putting the great amount to the credit of the government.

HIT WITH AN AX.

Montpelier, Ind., Oct. 30.—John, the small son of Mr. and Mrs. Charles Wickersham, who reside on Warren avenue, met with an accident Sunday afternoon about 3 o'clock which might have proved fatal. The little fellow was playing in the yard with his brother, Harry, and a number of other children and in some way was struck on the head with an ax by his brother. A cut about an inch and a half was cut in the boy's head, but did not affect the skull. Dr. Reynolds was called to dress the wound and it was reported Monday that the little fellow was resting as well as could be expected.

JAY SUBSCRIBED $480,000.

Portland, Ind., Oct. 30.—Jay county closed the Liberty Bond campaign here Saturday evening and subscribed her share of $480,000. The rain Friday interfered with the work and Saturday came in also with the same sort of weather but in spite of this the work went forward. As soon as the banks were open for business Saturday morning people were rushing to subscribe for the bonds. Farmers invested heavily. Even the smaller boys were on deck and carried their savings banks, opened them and bought bonds. This spirit was carried out throughout the entire campaign.

HUNTINGTON WEDDINGS.

Huntington, Ind., Oct. 30.—Miss Viola Edgar and Leland Anthony were married here by the Rev. L. A. Swisher. ....Robert E. Hewes, of Whitley county, and Miss Ruth A. Goble, were married at the home of the Rev. E. W. Cole. Mr. Hewes will go with the next quota of national army men from Whitley county....Miss Nellie Saal, of this city, and Jack Schlink, of Fort Wayne, will be married at SS. Peter and Paul's church Tuesday morning. The Rev. J. F. Noll, of the St. Mary's church will read the service.

BREAKS AN ARM.

Huntington, Ind., Oct. 30.—Edward Schenkel, age five, suffered a broken arm at a public sale Saturday when a barn door was blown against him.... Cecil Reed, of Andrews, suffered a broken arm Saturday evening when an automobile he was cranking "backfired."

WEATHER IN ELKHART COUNTY.

Goshen, Ind., Oct. 30.—Rain which started falling here Sunday night has continued without interruption. It was accompanied by thunder and lightning. Farmers who have lived here for fifty years declare the October weather this year is the worst they have ever experienced. It has rained here nearly every day this month. Country highways are in bad condition and the soil is so wet that work on farms is at a standstill.

WARSAW WOMAN DEAD.

Warsaw, Ind., Oct. 30.—Mrs. David Kintzel, who died Saturday evening, was buried yesterday afternoon. Funeral services were held at the Methodist church, the Rev. A. G. Neal, pastor of the First M. E. church at Fort Wayne, officiating. The deceased is survived by the husband, two daughters, Mrs. Walter Parks, of Clunette, and Mrs. Howard Smith, of Warsaw, and one son, Walter Kintzel.

FOUND DEAD IN BED.

Portland, Ind., Oct. 30.—Bernard, the three-months-old son of Mr. and Mrs. Frank Bonifas, of New Corydon, was found dead in bed. The cause of the death is unknown, the child not having been ill previously.

Make Your Own Cough Syrup and Save Money

Better than the ready-made kind. Easily prepared at home.

The finest cough syrup that money can buy, costing only about one-fifth as much as ready-made preparations, can easily be made up at home. The way it takes hold and conquers distressing coughs, throat and chest colds will really make you enthusiastic about it.

Any druggist can supply you with 2½ ounces of Pinex (60 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 65 cents and gives you a full pint—a family supply—of a most effectual, pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat membranes, and gradually but surely the annoying throat tickle and dreaded cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is known the world over for its prompt healing effect on the throat membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

ANTWERP CHILD DIES FROM EATING PILLS

Three-Year-Old Daughter of Edward Leider Had Been Left With Grandmother.

(Special to The Sentinel.)

Antwerp, Ohio, Oct. 30.—A child of Edward Leider, aged about 3 years, in the absence of her parents, and while in the care of her grandmother, Saturday, in some way got hold of a box of pills, left where her baby hands could get them, and the little one ate nearly the contents of the box before it was discovered it was medicine she was eating. The doctor was at once called, but could do nothing to counteract the work of the pills, and the little girl died Saturday evening. Funeral services from the Methodist Episcopal church at 2 p. m. Tuesday, Rev. C. B. Sessions, pastor, officiating.

Antwerp Short Notes.

Walter Stainfield and daughter, Hazel, went to Fort Wayne, Saturday, where they met his daughter, Mrs. John Underwood and sons, John Milton and Con Wilton, who have been visiting west of that city, and they spent the day together as guests in the home of Mrs. Calla Long, of that city.

Mrs. Nancy Hickle, of Weldon, Ill., who has been visiting at Hicksville, the guest of R. C. Thomas and family, departed for her home, Saturday.

Ivah Chaney and Valera Peffley, now employed at Fort Wayne, were visitors here, Monday, the guests of relatives.

George Clemmer, contractor and farmer, of Crane township, was a business visitor at Defiance, Monday.

Fred Harris, one of the pioneer farmers of Crane township, was an Antwerp visitor, Monday.

Hiram Lawhead, following the receipt of a telegram from his brother at Fort Wayne, announcing the death of his niece, Mrs. M. Lawhead, at her home at Piqua, Ohio, left Monday for that place to attend the funeral, which was held Tuesday afternoon.

Mrs. W. E. Smith, residing north of Woodburn, and mother, Mrs. J. W. Ross, residing at Molasses Gap, this county, were Antwerp visitors a short time, Saturday, while making an effort to reach the former's home. She had gone to Woodburn in an auto, then taken the jitney to Fort Wayne, where she was to meet her mother, and escort her to her home. Missing the train that stops at Woodburn, they had to take a train to Antwerp, then return on a later train. They were hopeful, and expected to reach her home yet that day, although it was then 8 o'clock p. m.

Mr. and Mrs. Joseph Byers, of Dayton, Ohio, were the guests of Fred Johnson, in the home of his mother, Mrs. Rachel Johnson, Sunday.

Mrs. R. B. Snell and daughter, Evelyn, were Fort Wayne visitors, Saturday.

Miss Gertrude Banks, of Toledo, was the guest of her parents, Mr. and Mrs. T. C. Banks, Sunday.

Miss Maxine Harris went to Fort Wayne, Saturday, for a visit with her father, Samuel B. Harris, and grandmother, Mrs. Fannie Harris.

J. H. Weddle and wife, of Monticello, Ill., who have been spending the past week with their son, Alva Weddle, near Hicksville, and daughter, Mrs. M. Conelle, near Mark Center, departed for their home, Monday.

Mr. and Mrs. O. Duval are home from Kenosha, Wis., where they visited in the home of Joseph Graves and family. They also visited their son at Fort Sheridan, who accompanied them to Kenosha for a visit of a day. They also visited the Great Lakes training station, near Chicago.

Mrs. E. E. Freed went to Defiance, Monday, where in the afternoon she gave a talk before the Missionary society of the Presbyterian church, her subject being "Guatemala."

J. W. Dininger, of Bucyrus, Ohio, following a visit of a few days at this place as the guest of his uncle, J. B. Caruthers, and family, left for his home, Monday.

Miss Jennie Noble and Mrs. Mary Sommers, of Philo, Ill., who have been visitors here a few days, the guests of George Reinhart and family, and other friends, departed for their home, Saturday.

Emory Burroughs and daughter, Louena, were visitors at Fort Wayne, Saturday, in consultation with specialists in regard to the latter's eyes, she having been almost blind the past few weeks.

TODAY'S BEAUTY HELP

We find you can bring out the beauty of your hair to its very best advantage by washing it with canthrox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy; so fluffy in fact that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of canthrox which you can get from any good druggist, dissolve it in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head.

CONVOY NEWS.

Convoy, O., Oct. 30.—Mrs. Andrew Begg spent the week-end with relatives in Van Wert.

Miss Mary Forwalter, who is attending the International Business college in Fort Wayne, spent Saturday with her mother, Mrs. E. Forwalter.

Mrs. J. B. Reynolds, Mrs. Gettus Pugh and daughter, Helen, and Miss Rose Reynolds returned home Sunday from a few days' visit with relatives in Fort Wayne.

Mr. and Mrs. Will Denig had as their Sunday guests Misses Nelle Denig and Dorothy Hart, Art Denig and Ed Crites, of Van Wert.

E. R. Friedly, who is teaching school near Ohio City, spent Saturday and Sunday with his parents, Mr. and Mrs. Chas. Friedly, west of town.

Miss Mabel Freck, of Bowling Green, is the guest of her parents, Mr. and Mrs. Alex Freck and family, of west of town.

Mr. and Mrs. H. Knodle and daughter, Grace, of Fort Wayne, came Saturday for a few days' visit with friends here.

The members of the Epworth league of the M. E. church held a masquerade party in the basement of the church Monday evening.

Mr. and Mrs. P. F. Stuckey and family and Mr. and Mrs. A. P. Stuckey and family, of Van Wert; Dr. and Mrs. E. V. Hover and daughter, Mary, Mr and Mrs. Ray Stuckey and daughter, Alice Frances, were Sunday guests of H. G. Freck and family, on East Tully street.

Mr. and Mrs. W. E. Hilton and Mr. and Mrs. J. G. Hoelle motored to Van Wert today on business.

Mr. and Mrs. Jay Pierce, of near Maples, Ind., spent Sunday with Mr. and Mrs. S. F. Gray.

Ruth, the infant daughter of Mr. and Mrs. Francis Krick, died at the family home, west of Convoy, Sunday morning. Funeral services were held Monday afternoon, burial in I. O. O. F. cemetery at Monroeville.

Vern Beamer, of Chicago, is visiting his mother, Mrs. J. F. Raby, and other relatives in Convoy.

OBITUARY SKETCH.

Emmett Victor Harris, Jr., Youth of Many Noble Traits.

Emmett Victor Harris, jr., was born at Fort Wayne, July 14, 1904. He died October 27, 1917, being 13 years, 3 months and 12 days old. He was the youngest son of Mr. and Mrs. E. V. Harris. Although but a child he possessed an intelligence and moral sense of a high character and far beyond one of his years.

He found great delight in reading good books and would spend hours at a time with them and now that he is gone because of his loving disposition and noble youthful traits he will be deeply mourned by all who knew him.

His going leaves a void which never can be filled. He not only showed to his friends by his kindness the true way to live, but in the night of his death he showed them how to die.

VOLUNTEERS IN WRECK.

Austin, Texas, Oct. 29.—Five volunteers for the aviation school at San Antonio were injured when Missouri, Kansas & Texas passenger train No. 25, southbound, was struck by a M. K. & T. freight engine this morning in backing out of a switch five miles south of Austin. The injured are: H. J. Hamilton and G. Cunningham, Park City, Utah; P. Brandon, Emmet, Mich.; J. McDonald, Boise City, Idaho, and F. A. Nelson, Pocatello, Idaho.

A single application of Resinol usually relieves skin trouble

The moment Resinol touches itching, burning skin, the suffering usually *stops*. The skin rapidly loses its angry-look, the eruption clears away, and in a surprisingly short time skin-health is restored. It acts even more quickly if aided by Resinol Soap.

Resinol Ointment and Resinol Soap contain nothing that could injure or irritate the *tenderest* skin. They clear away pimples, redness and roughness, stop dandruff, and form a most valuable household treatment for sores, chafings, cuts, burns, etc. Sold by all druggists.

SOCIETY

The interest of many young girls in the city is centered just now in the wedding of Miss Lillian Wilding, only daughter of Mr. and Mrs. John Wilding, which will take place Wednesday evening at the home of the bride. The groom is Mr. Floyd Avis, of Hudson, Mich. There have been many parties in honor of Miss Wilding and last evening she entertained the young women of her bridal party at her home at dinner. The table and diningroom were beautifully decorated for the occasion with pink the principal color. Roses, candlesticks tied with tulle bows and place cards were suggestive of the wedding. The guests were Miss Georgia Leedy, who is to be maid of honor; Misses Evelyn Certia, Pauline Saylor, Marian Puckett, who are three of the bridesmaids; Elease Fee and Helen Cavalier, who are ribbon bearers, and Dorothy Hurlbut and Bernice Fulton, of Milwaukee, two classmates of the bride at Milwaukee-Downer college from which she was graduated a few months ago. Miss Alice Wilding, the bride's cousin, comes home today from Milwaukee-Downer, where she is a student, to be bridesmaid at the wedding. Miss Wilding is very bright and accomplished and extremely good looking. Mr. Avis is quite well to do and is in business in Hudson. This evening Mr. Avis gives a dinner party at the Anthony. His brother, Mr. Clyde Avis, of Lansing, Mich., will be best man at the wedding. Rev. E. W. Averill will officiate.

The Entre Nous club will meet with Mrs. Geisman, of West Lewis street, on Wednesday afternoon.

Mrs. Ella Morganthaler, of Chicago, plans to come to Fort Wayne to spend the winter and will arrive here within a few weeks.

Mrs. Alex Wilson and Mrs. J. E. K. France have returned from a visit with Mrs. Wilson's daughter in Belfast, N. Y.

Dr. and Mrs. E. A. Crull and son, Eric, have returned from a week-end visit with Mr. and Mrs. Clifford R. Lipkey, near Uniondale.

The Bay View Study club will meet tomorrow with Mrs. O. R. Kelsey, 934 Savilla avenue. The annual offering of clothing will be taken at this meeting.

There will be a meeting of the Council of Jewish Women on Wednesday afternoon at 3 o'clock in the new synagogue rooms, entrance on Fairfield avenue.

Mrs. Paul G. Stevens has returned from Louisville, Ky., and is the guest of her parents, Mr. and Mrs. A. T. Vail, until Lieutenant Stevens is permanently located.

Mrs. Gaston Bailhe will entertain ladies to make two tables at bridge on Wednesday afternoon, closing the series of benefits that have been in order for several weeks.

Mrs. Ida Overmyer, of the Bluffton road, is entertaining her niece, Mrs. Robert Agnew, of Beaver, Pa. Mrs. Agnew will be better remembered by many Fort Wayne friends as Dorothy Hughes.

Mrs. Harold Baxter, of Philadelphia, and Mrs. J. C. Johnson, of Los Angeles, were guests of Mrs. Walter Hamilton this afternoon and met several other girlhood friends with their knitting, for a visit. There were but a half dozen in all.

Miss Katherine B. Harper, of Goshen, and Mrs. Viola K. Roth, of Cambridge City, both delegates from their respective towns to the Federation of Women's Clubs convention here last week, were guests for a part of the time spent in the city, of Mrs. Monroe W. Fitch, of 342 East Berry street. Mrs. Roth and Mrs. Fitch knew each other in their girlhood days. Miss Harper has visited here before and is known to many Fort Wayne young people.

A merry masquerade of the Hallowe'en season was given by Miss Dorothea Coleman who entertained the members of her Sunday school class at her home in Howell street. The time was enjoyed playing games and there was music and dancing besides a lunch served in a dainty manner. The guests were Misses Flossie Olson, Fern Fennean, Helen Carpenter, Josephine Taylor, Mylrea Carver, Mable Bilcer, Irene Turner, Frieda Morris, Bessie LeMay, Harriet Hanagan, Ruth Jones, Lorene Curtis, Lois Zimmerman, Lester Raski, Ida Butler, Clara Foltz, Ethel Kaylor, Mrs. LeMay, Mrs. Olson and Mrs. Kaylor.

Mr. and Mrs. Lawrence Hursh entertained at a 6 o'clock dinner in honor of their daughter, Mrs. John E. Lutz's first wedding anniversary. The affair being so close to Hallowe'en the decorations were black and gold. The favors were little black and gold nut baskets. The evening was spent in games and music. Those who enjoyed the affair were: Mr. and Mrs. Fred Lutz, Mr. and Mrs. John E. Lutz, Mr. and Mrs. Fred Lutz, jr., and daughter, Mr. and Mrs. John Ormiston and son, Aloyos Masbaum, Miss Elizabeth Masbaum, Elery Kimes, Mrs. William Young and daughter, Mr. and Mrs. C. L. Kimes and children, Mrs. Eliza Myers, Mr. and Mrs. Hursh, Mr. and Mrs. Charles Kuehn and children.

Mr. and Mrs. Henry Thumm, of White Bluffs, Wash., will be guests of Mr. and Mrs. Stephen Young, who reside on the Coldwater road. Mr. and Mrs. Thumm are making visits along the way but will reach Fort Wayne about the first of the month. Mr. Thumm is a brother to Mrs. Young and also George Thumm, who resides on the Goshen road. Mr. Thumm was born in Allen county but he went to North Dakota in early life and remained there several years before going to Seattle, Wash., where he held a real estate agency until the Klondike rush to Alaskan gold fields in which he took part and remained many years. After his return to the states Mr. Thumm bought a ranch at his present address, White Bluffs. He has many friends in this vicinity who will be glad to meet him as this is his first visit at his birthplace since the death of his brother, Andrew Young.

A social gathering of the Central Fidelity class of Simpson M. E. church took the form of a masquerade last evening. The hosts for the evening were Winifred Howard, Beatrice Madaris, Bertha and Charlotte Horn, Helen Truesdale. Others who participated in the fun were Mrs. Morris, Margaret Willis, Ruth Blackburn, Thelma Clark, Mary Ludwick, Thelma High, Arletta Woods, Lucile Gliders, Esther Logue. Irene Smith, Hazel North, Lucile North, Violet Bauer, Ethel Hopkins, Blanche Sauley, Helen McComber, Irene Haines and Mrs. Oren.

McGuire—Burns.

The wedding of Miss Armella Frances Burns, daughter of Mr. and Mrs. A. J. Burns, and Mr. Eldon J. McGuire, son of Mr. and Mrs. P. McGuire, took place in St. Patrick's church at 9 o'clock on Tuesday morning. Rev. Father F. J. Delaney officiated at the ceremony and nuptial mass. Many friends were present at the wedding. Attending the beautiful bride were two sisters to the groom, Miss Eleanor, who was maid of honor, and Miss Marie McGuire, as bridesmaid. A little cousin of the bride, three-year-old Mary Elizabeth Geyer, of Tiffin, O., was flower child. Mr. McGuire was attended by Mr. Robert J. McLaughlin, of Chicago, as best man, and by Messrs. Robert Burns and Herbert Kocks as ushers. The bride wore a gown of white satin and chantilly lace with beautiful trimming of iridescent banding and ornaments. The lace made a semi-overskirt and was looped with ornaments, while on the bodice the lace formed the upper part and sleeves and was edged with the trimming. The veil of tulle was banded across the forehead with an iridescent band that also held the ruching of the veil in the back. The bride looked altogether lovely in her modish and becoming gown. The bridal bouquet was made of bride roses with a shower of ribbon, swansonia and rosebuds. The honor maid was handsomely dressed in a costume of pink and white. White taffeta was the foundation of the gown, the fluffy silk lace falling over it in flounces, while the bodice was a combination of the same materials and colors with ribbon to finish. A poke bonnet of pink velvet and silver lace was a "dream" of beauty. The bridesmaid wore a very lovely gown of Nile green satin with bodice of silver lace and tulle, finished off with silver ribbon bands and sleeves of tulle appliqued with silver lace. A hat of white satin with pompoms of pink made a charming part of the costume. Both bridesmaids carried bouquets of pink roses. The flower child wore a fluffy white organdie with blue ribbon arranged in clusters with tiny pink rosebuds. Miss Mary Elizabeth held a basket of pink rosebuds and wore a wreath of tiny flowers on her bobbed hair. The wedding breakfast was served at the home of the bride, 324 West Butler street, to forty guests, including the family. The bride's table was trimmed with pink and white flowers and smilax with a wedding cake as the center of attraction next to the bride. In the afternoon the bride and groom left for Chicago for a few days' visit. On their return Mr. and Mrs. McGuire will begin housekeeping in their own home already furnished completely at 719 High street. They will be at home to their friends about the middle of November. Mr. McGuire is a foreman at the Wayne Oil Tanak plant and is recognized as a young man of more than ordinary ability and force. The bride is thoroughly sweet and capable. The guests from away were Mr. and Mrs. Andrew Geyer, of Tiffin, O.; Misses Loretta and Susie Schiffli, of Garrett, and from Chicago, Mr. and Mrs. H. Kirkhoff, Mr. and Mrs. F. S. Markey, Mr. and Mrs. W. M. Markey, Mr and Mrs. J. M. Kelly and Mr McLaughlin, the groomsman For traveling the bride wears a taupe color wool velour with velvet hat to match.

Bieber—Branning.

The home of Mr. and Mrs. Conrad Branning, in Aboite township, was the scene of a pretty wedding celebration Sunday afternoon, when their daughter, Miss Marie Branning, was united in marriage with Mr. Frank Bieber, a thrifty young farmer, of the same township. Rev. Fred Wambsganss, assistant pastor of Emmaus congregation, performed the marrage ceremony. The bride looked very lovely in a dress of cream colored crepe de chine and blue messaline. She was attended by Miss Ethel Jackson as bridesmaid, while Mr. Theo. Branning acted as best man to the groom. After the ceremony the guests were seated around the wedding dinner table laden with the choicest dishes from Mrs. Branning's ever well filled larder. The young couple will reside at the home of the groom's parents, whose farm the groom is in charge of. The customary collection for a charitable purpose was not forgotten, netting $6.80 which is to go in equal shares to [illegible]

MANTLE IS NEWEST FUR COAT

BY BETTY BROWN.

How to make a cape that is a coat seems to have been the goal this designer set for himself, and attained so successfully in the fur mantle shown here. The garment is a cape in reality, but it is so shaped that it seems to fall into broad sleeves, and the heavy collar of long fur, with the fur sash, completes the coat illusion.

In the mantle we discover the possibilities of adorning fur. The combination of two furs, such as seal and skunk, as in this model, is one way to attain this effect, and the application of heavy braid and chenille ornaments is another.

AT THE PALACE

"THAT'S MY HORSE."

Bloom's Famous Catch Phrase in "Sunnyside of Broadway."

The famous catch phrase, "That's My Horse," Max Bloom's trade mark in the revue "The Sunnyside of Broadway," in which Bloom, assisted by the merry Alice Scher, is appearing at the New Palace, never fails to tickle the ribs of the public. Bloom, of course, has a way all his own of reading this line, which crops out at the most unexpected places. One of the novelties of the revue this year is the jazz band in the rathskeller, with Bloom playing the traps.

Miss Scher, who enjoys the reputation of being the best dressed woman in vaudeville, flashes through the revue in some new and startling costumes this year.

As a special added attraction the New Palace is presenting Frank Vardon and Harry Perry in a medley of comedy efforts.

Human Fly Thursday.

Harry Gardner, the Human Fly, has been secured for a special three-day engagement at the New Palace, opening Thursday afternoon. Mr. Gardner, who has amassed a wonderful fund of funny experiences in his years of trouping over the country, will tell some of them and will project a reel of films depicting some of his most dangerous feats of athletic skill.

There will be no advance in prices except the new war tax of ten per cent, which becomes effective Thursday, November 1.

AT THE MAJESTIC

[illegible] tive of modern France, will come to the Majestic, Fort Wayne, on Wednesday evening, November, 7th, with her own company and production from the theater Sarah Bernhardt, Paris.

This is Mme. Bernhardt's tenth tour. She is bringing her distinguished company of actors. One innovation will be the appearance of several well-known instrumental and other artists, who will be seen in intervals before and after Mme. Bernhardt's appearances, notably Jean Cooper, contralto; Annie Louise David, harpist; Gems of Art, Jean Duval & Co.; Albert Donnelly, shadowgraphy; Florence Hardeman, violiniste, and Rome Fenton, tenor, so there will be no waits.

For the engagement here the following repetoire has been chosen: "Cleopatra" and the trial scene of the "Merchant of Venice," in which she appears as Portia.

Mail orders are now being received and filled in order of receipt.

LODGE NOTES

Booster Meeting.

The booster meeting held Monday night by the Knights of Pythias was attended by a large crowd. Features of the program were the appointment of T. N. Roach as district deputy by the grand chancellor of the Indiana lodge, Frank Heller, of Columbia City, dances by Miss Grace Romary, solos by Miss Cora Blue and Miss Gertrude Sivits. After an address by Frank Emrick a clam chowder lunch was enjoyed.

Masquerade Ball.

A masquerade ball will be given Tuesday night in Unity hall by the Protected Home Circle.

Hallowe'en Dance.

Plans have been completed for the Elk's Hallowe'en dance and card party Wednesday night. The hall will be decorated in festive appearance and a good program is assured. The Franklin orchestra will furnish music.

TO PREVENT SPECULATION.

Washington, Oct. 29.—Special regulations to prevent speculation in canned goods will be put into operation Nov. 1 by the food administration. All canners will be placed under licenses forbidden to make future sales of canned corn, peas, tomatoes, salmon and sardines before Feb. 1. This may be later extended, depending on the needs of the allies and the American military forces. As in other commodities controlled by the food administration canners will be required to sell their products at a reasonable margin of profit regardless of market conditions or replacement values.

WIDE BRAID FOR WAISTCOATS.

Braid, eighteen inches wide, is used for waistcoats in some suit coats having cutaway fronts.

AGED MAN FOUND ASLEEP IN RAIN

Albert Holden Practices the Back-to-Nature Fad.

Albert Holden believes in the simple life. He is close to 80 years old and was found Monday morning lying behind a billboard during the rainstorm. The old man had on neither underclothes nor socks and wore no overcoat. He had $100 in his pockets and carried notes of deposits for $500 more. Tuesday morning he grew very indignant when Judge Kerr insinuated that he was unable to take care of himself, and wanted to pay his bill at the station and be on his way to St. Louis. He was held until train time and then taken to the Wabash station and placed on a train. The old gentleman is in the best of physical condition and insisted that he did not choose to wear underclothing or an overcoat.

More Rotted Peaches.

Another suit for rotted peaches was filed in police court Tuesday morning. The suit was filed by an Allen county farmer against Moses Jacobs. Health Officer Josse was unable to appear and the case was therefore continued until Nov. 1.

But One Arrest.

Monday was a record day, for but one man was arrested. Archie Barney, a colored boy, was found train-climbing and was ordered out of town at the earliest possible time.

ASKING RAISE FOR SPECIAL CAR RATE

Traction Company Wants $10 More to Run Extras to Decatur.

The cost of chartering a special car between Fort Wayne and Decatur will be $35 instead of $25 if the petition now before the public service commission of Indiana is acted upon favorably. The Fort Wayne and Decatur Traction company is asking the $10 raise in special car rates because they announce that the present price is below cost of operation.

The petition will be acted upon by the public service commission at 10:30 o'clock, on the morning of November 15. There is expected to be no objections to the raise in special car rates as the increase will not affect general traffic. Only thirteen special cars were run on the Fort Wayne and Decatur road last year.

In southern Siam silk is produced from domestic silkworms of the white and the striped species, the former producing white and the latter yellow cocoons. Each cocoon is said to yield from 200 to 250 yards of silk thread, and two pounds of fresh cocoons will furnish about four ounces of raw silk. The white silkworm produces from 25 to 50 per cent. more silk than the striped worm, and its silk is also finer than that of foreign cocoons, and of higher commercial value. Of the six varieties of mulberry trees cultivated in Siam, the gem mulberry and the black-eyer mulberry trees have the preference for rearing of silkworms, because of the sturdy growth of these trees and their abundant foliage.

RED CROSS SOCIETY HAS $22,208 MARGIN

War Fund Grown to $92,131 Report of Treasurer Shows.

The Fort Wayne chapter of the Red Cross has a cash balance of $22,208.44 and the war fund of that organization is supported by resources to the sum of $15,857.80, according to the report of Frank H. Cutshall, treasurer of the two Red Cross funds, before the regular meeting of the Red Cross directors, held last Friday.

In his carefully prepared, itemized statement, submitted to B. Paul Mossman, head of the Allen County Red Cross organization, Frank Cutshall brought out that there are 9,642 citizens who signed for annual membership in the Red Cross society last March. There are 226 subscribing members, nineteen contributing members, who pay $5 each, three sustaining members who subscribe $10 each and one life membership of $25.

The Fort Wayne chapter has collected $37,584.78 between March and the last of October. Disbursements have been $15,376.34, leaving a balance cash on hand of $22,208.44.

The total number of subscribers to the war fund is 15,800 and amounting to $112,305.24. The total of cash collected up until October 25, is $92,-131.19. The collections by months are: June, $22,087.39; July, $14,199.79; August, $27,044.16; September, $12,-777.40, and October, $16,022.45.

From the amount of $92,131.19 for the war fund have been paid salaries, $554; publicity, $335; supplies, $419.85; campaign luncheons, $598.25. To the war fund committee for immediate use has been given $57,081.56 and to the Fort Wayne Red Cross chapter, $17,-172.84. Total disbursements are $76,-293.39, leaving a cash balance of $15,-867.80.

WHY WILDWOOD PARK IS ADMIRED BY ALL

It is the Simple Application of Nature's Own Rules of Beauty.

Admirers of Wildwood Park who are strangely drawn to the place are just awakening to the fact that its appeal comes to them through no extensive artificial revision of the natural landscape, but rather through the scientific adaptation of the principles of street planning and development which preserves all that was there before the landscape architect "set eyes on it."

In certain other cities the proud real estate booster displays with pride a thickly-settled district and says:

"You wouldn't believe that that used to be a mud-hole, now; would you?" or, "We cut down a hill over there and piled the dirt in here to level everything up—in fact, you wouldn't think it possible that this is the same old locality."

How vastly different has been the process in Wildwood Park. And how easily its choicest features might have been destroyed! Instead of interfering with the wooded hills and the broad sweep of open land the landscape architect, Arthur A. Shurtleff, of Boston, and the engineering corps, headed by F. H. Bulot, adjusted every phase of the general plan to the lines as already established.

And that's why Wildwood Park appeals to everyone. Like nearly everything else that we admire, it is just simple and natural—that's all.

I have several last year's Ford radiator and hood covers, brought from the filling stations, that I will close out cheap.

FORT WAYNE STORES PREPARE FOR TOMORROW

Suburban Day Will Bring Biggest Crowd of the Season Wednesday.

An examination of the advertising columns of the Sentinel today leaves no doubt that tomorrow is Suburban day, with its increasing array of mid-week "specials" for the thousands who have now formed the habit of coming to Fort Wayne every Wednesday. Last Wednesday's attendance of people from the cities and towns of the Indiana and Ohio portions of the Fort Wayne trading circle was far in excess of those of the preceding shopping Wednesdays, a fact which shows that all that's needed to create a big Suburban day is good weather. The people as well as the merchants, are therefore hoping for clear skies Wednesday. In the meantime the columns of the Sentinel today serve as a helpful guide to the visitor.

OSSIAN NEWS.

Ossian, Ind., Oct. 30.—Mr. and Mrs. Lewis Hoopengardner gave a dinner Sunday at their country home just north of Ossian, in honor of their son, David Hoopengardner, of the battleship, San Diego, who is home on a few days' furlough. The dinner guests were Mr. and Mrs. Will Hoopengardner, Miss Gretchen Hoopengardner, Mrs. Mame Fryback and family, Mr. and Mrs. Clyde White and family, Mr. and Mrs. Curt Archbold and family, Mr. and Mrs. Will Goshorn and family, Abram Hoopengardner, Mr. and Mrs. Charles Jennings and family, Miss Helen Bowman, of Fort Wayne; Mr. and Mrs. William Brindle and Mr. and Mrs. Guy Brindle and family, of Sheldon. Mr. Hoopengardner left Monday morning to return to duties on shipboard.

Mr. and Mrs. A. A. Melching and family spent Sunday in Bluffton visiting in the home of Mr. and Mrs. W. J. Dustman.

The W. H. F. M. S., of the Presbyterian church, will meet Thursday afternoon with Mrs. Will Hoopengardner.

All persons interested in Red Cross work are urged to be present at the next local meeting, which will be held Friday afternoon at the home of Mrs. O. A. Blevins. The ladies are asked to come prepared to spend the afternoon sewing for the Red Cross.

Mr. and Mrs. J. W. Roback, of Fort Wayne, spent Sunday in Ossian, visiting with the latter's mother, Mrs. Emma Cline.

Mr. and Mrs. E. H. Roe had as Sunday guests Mr. and Mrs. Wilbur Chandler and Mr. and Mrs. William Bowman, of Pennville, also Mrs. John Giles, of Pittsburg, Pa.

The girls of the Eighth grade, in the public schools, held a masquerade party on the evening of the 26th in the domestic science room of the school building. Each girl invited a girl friend. About twenty in all were present. Miss Bernice Wilson, Miss Vera Koehring, Mrs. Carl Wilson and Mrs. Zola Beaty acted as chaperons. The amusements were games, ghost stories and fortune telling. For eats the girls made fudge and taffy.

Mr. and Mrs. Robert A. Hatfield spent Sunday at Prospect with their daughter, Mrs. Charles Wilson and family.

Mr. and Mrs. Ernest Vananda and daughters visited in Bluffton Sunday with Mr. and Mrs. John Gilbert, the latter a sister of Mrs. Vananda.

The members of the Whileaway club are having a guest night and Hallowe'en party this evening at the home of Mrs. Will Hoopengardner. Each one is to take with them a lady guest.

Miss Ilow Elzey is to be one of those taking part in the Fort Wayne University club's production, "The Army and Navy," which will be given at the Majestic on the nights of November 8, 9 and 10. This is being given in the interest of the Red Cross movement.

Miss Dorothy Spencer will be hostess for the sophomore class tonight at a masquerade party. Each member will take with them a guest.

Rev. Frank K. Baker went to Fort Wayne today to attend an adjourned meeting of the Fort Wayne Presbytery held at the First church. Rev. Mr. Baker is moderator of the Presbytery.

Miss Mary E. Weisell, of Bluffton, and Miss Dorcas Glass, of Fort Wayne, were Sunday guests with Miss Mary Harter.

Mrs. W. A. Woodward is home from a few days' visit at Warsaw with her uncle, Michael Rock.

Miss Florence Hatfield was hostess for the Juniors last night at a guest night masquerade.

Mr. and Mrs. J. H. Henline, Mr. and Mrs. Lester Henline and Mr. and Mrs. M. S. Henline were in Fort Wayne Sunday to see Lucas Fry at the Lutheran hospital. Mr. Fry submitted to an operation on Monday and is in a serious condition. Mrs. Fry and daughter, Sadie Fry, are with him.

A jolly Hallowe'en party was held the other evening at the home of Mr. and Mrs. G. G. Glass, living southeast of Ossian. Their daughter, Miss Ruby Glass, was hostess for the Freshman class at a masquerade. Each student took with him a guest. Games, contests and ghost stories helped to pass away the time and all enjoyed a nice lunch. Those present were Misses Vivian Clark, Vera Koehring, Bernice Wilson, Levita Hanna, Hazel Byrd, Gretchen Hoopengardner, Dorothy Hatfield, Bertaline Cotton, Leota Roberts, Emma Taylor, Avis Rector and Messrs. Aubrey Quackenbush, Ralph Chalfant, Aubrew Kellogg, Glen Cutler, Doan Roe, Ned and Kenneth Green, Henry Clark, William Beaty, Forest Crummitt, Fred Ault, Forest Todd, Alfred Norwalt and Forest Chupp.

T. V. Rector was at North Grove Sunday, spending the day with his son, Clyde Rector and family.

Harry Truesdale, of Valparaiso, spent a few days last week visiting with his mother, Mrs. John Truesdale, living near Murray. Mr. Truesdale has been a telegraph operator at Gary and is now preparing to go to France as an operator. He is to leave for New York city at once, from which place he goes abroad.

TIRED OF KEEPING HIS WIFE'S CHILDREN

William Hoover Says They Are Well Able to Keep Themselves.

Declaring that his wife insists that he provide for her grown children by a former marriage, though they are old enough and well able to provide for themselves, William Hoover filed suit Tuesday in the superior court asking for a divorce from Dora Hoover, 411 East Wayne street.

Hoover sets out that when they were married on October 14, 1916, each had children by former marriages, but at that time the defendant agreed that her grown children would not live with them. He says she has violated her agreement and that, as a matter of fact, they have been living with them ever since.

He charges his wife with nagging and with frequently telling him she did not care for him. Hoover is represented by Attorneys Emrick & Emrick.

Says Wife Left Him.

Charging his wife with leaving him twice without cause or provocation, George Pratt has filed suit in the superior court asking for a divorce from Myrna Pratt. He says that both times he persuaded her to return. Pratt charges his wife with calling him all sorts of naughty names and with rogetting to take a bath with any degree of regularity. Claren P. Squires is Pratt's attorney.

Capitalized at $50,000.

The Milkapepsin company, a chemical concern, has filed articles of incorporation, showing capital stock of $50,000. The directors are James M. Morrison, Oscar M. Foellinger and Herbert L. Somers.

A NEW VENTURE IN CITIES OF AMERICA

Department of Agriculture Now Directly Helps the City Woman

Washington, Oct. 29.—While the United States department of agriculture has for a long time been conducting work of benefit to city folks, it is now undertaking, directly and for the first time, to help the city woman in the work of promoting food production, food conservation, and household thrift. To carry on this work through demonstrations and through other educational methods, congress made appropriations for women city agents of the department. The cities, through their various organizations, help to support the movement, which is carried on by the department in cooperation with the state colleges of agriculture.

The work of the bureau of markets and of the office of home economics has been of benefit, in respect to foods, to city women, though not more so than to country women. The bureau of markets, through its city market work, affects both the country producer and the city consumer.

Those in charge of the home demonstration work in the various states welcome the authority and the opportunity to work directly with urban dwellers. In former years they have often held extension schools, meetings and demonstrations in canning, preserving, cooking and other lines of food conservation in towns and cities, for country women, on account of the convenience of holding them there, and the town and city women have incidentally derived much benefit from such meetings.

Plans of the Work.

The plans for the city demonstration agents call for the employment of workers who will co-operate with and work through organizations already in existence, or help to form new ones where none exist. They will assist the city women in their problems concerning food productions, prevention of waste, and the conservation of food. The actual lines of work include home gardening, poultry raising, canning, drying, pickling, preserving and brining of fruits and vegetables, proper methods of storage in the homes to prevent loss, utilization of left-overs, economic methods of buying, prevention of unnecessary waste in the consumption of food, introduction of new foods as partial substitutes for meat and wheat flour, proper diet, and other activities.

In general these city agents are organized as a part of the extension work for women in the state. In some states this work is made a special division while in others it is a very intimate part of the regular home demonstration work. In some instances the city worker is appointed as an assistant to the regular county home demonstration agent who already has influence in the city. In other cases city agents are appointed as an assistant to the regular county home demonstration agent who already has influence in the city. In other cases city agents are appointed independently. Where there is a strong farm organization or county farm bureau, the agent may be officially associated with the work of that organization.

PLACED IN YOUR HOME FOR $1.50

The really wonderful thing about all specials offered by the Outfitters, is that, not only do we make homefurnishing sensations from a price standpoint, but we offer our liberal credit terms on the special prices we make. For instance, we know of no occasion when such a lot of good furniture was ever offered for such a low price AND DELIVERED INTO YOUR HOME ON THE SMALL PAYMENT OF $1.50. On our plan you can enjoy a home of convenience, elegance and comfort and pay for it while you have the advantage of its possession.

The Value and Why We Can Offer It to You

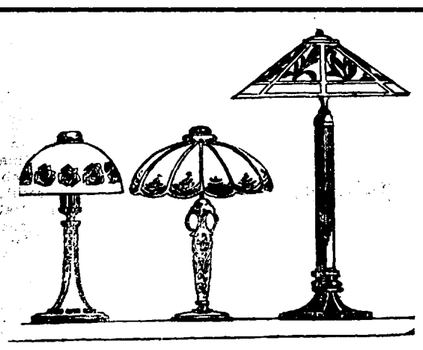
This entire five-piece outfit is worth every cent of $25.00. On our visit to the furniture market, along with the other score or more of stores in our buying chain, this body of buyers contracted with a prominent manufacturer to take many hundred of these sets provided his price was right. Naturally on such a big order the manufacturer's price would be cut to the lowest possible figure. Our allotment of these sets quickly sold out and we now offer our reorder.

Detailed Description of This Living Room Set

First we want to emphasize that every piece in this set is exactly like the illustration. It will look exactly like that in your home. The model is massive; the design being along the popular and dignified straight lines so prevalent in the always good mission furniture. The finish is dark brown fumed oak; the upholstering of durable Spanish Drill Leather. The chairs and rocker are roomy, arms broad and depth of seat conducive to comfort. The table has broad top and undershelf for magazines and papers.

Dozens of Complete Bed Room Sets in Period Styles

There is no bed room half so pretty as that one which is furnished with a complete set—the same design in every piece—and a splendid harmony through the entire room. In this connection nothing can equal the Period Designs so popular among homefurnishers of taste and refinement and up-to-dateness. We have all the period models which are now made in a wealth of beauty in finish and modeling sure to make your choosing easy and satisfactory. Our prices are exceedingly moderate and all the more enticing because you do not need to pay cash. Your credit is good on any Period Bedroom Suite we have.



A Large Shipment of Handsome Library Lamps

Our holiday line of lamps are in. TALKS TO PENNSY MEN

Maurice C. Niezer Speaks at Holman Street Shops Tuesday.

THREE MEETINGS SCHEDULED TONIGHT

Democratic Candidates Deliver Addresses in Fourth and Sixth Wards.

Maurice C. Niezer, democratic candidate for mayor, spoke at the Pennsylvania shop on Holman street at the noon hour Tuesday. He was cordially received and given the closest and most respectful attention. Literature was handed out at the Pennsylvania east car shops.

"I have been pretty well over the city and I want to say that Mr. Niezer will be elected by one of the largest majorities ever given a mayoralty candidate," declared a well known citizen Tuesday.

There is more Niezer talk every day and there is no denying that his candidacy is gaining in favor and winning more converts every day. Both democrats and republicans are putting in their hardest licks this week.

Three meetings are scheduled by the democrats for tonight as follows:

Olive club, Maumee avenue; speakers, Guy Colerick, William F. Fruechtenicht, E. V. Emrick and Maurice C. Niezer.

St. Joe Athletic club, Spy Run avenue and State street; speakers, Judge John W. Eggeman, John C. Hoffman and Maurice C. Niezer.

Hamilton school, corner Woodland avenue and Clinton street; speakers, Maurice C. Niezer, William Fruechtenicht and William H. Reed.

Two Meetings Last Night.

Two meetings were held by the democrats last night—one in the Fourth ward at 2029 Fairfield avenue and another in the South Wayne school, Sixth ward, corner Indiana and Cottage avenues. The meeting which was to have been held in the Nebraska school was postponed until next Monday night. Speakers at the Fourth ward meeting were Mr. Niezer, Harry H. Hilgemann and John C. Hoffman, candidate for judge, and at the Sixth ward meeting, Charles M. Niezer and R. Earl Peters.

Will Develop Properties.

Mr. Niezer reiterated his stand for the development and promotion of all municipal properties. Mr. Hilgeman insisted that Mr. Cutshall come out as has Mr. Niezer in declaring the present conflict as a righteous war. John C. Hoffman said he believed that the man who presides over the city court should be a lawyer. He asked the voters to investigate his ability to serve in that capacity.

Republican Meetings.

The following republican meetings have been scheduled for this evening:

Harmar school, corner Harmar and Jefferson streets, Tuesday, October 30, 7:45 o'clock. Speakers, Howard Townsend, David Hogg, J. Frank Mungovan and W. Sherm Cutshall.

Lakeside school, corner Oneida and Rivermet streets, Tuesday, October 30, 7:45 o'clock. Speakers, Allen J. Vesey, Wm. C. Geake, J. Frank Mungovan and W. Sherm Cutshall.

HAIG MAKES NEW THRUST

British Launch Attack on Ypres Front and Take More Ground.

OPERATION NOT ON EXTENSIVE SCALE

Reports Are That Drive is Attaining Object That is in View.

London, Oct. 30.—The Germans have been driven back in places to a depth of nearly 1,000 yards in today's British drive on the Ypres front. Reuter's correspondent at British headquarters reports.

The principal fighting is taking place towards the outskirts of Passchendaele and in the region of Poelcapelle. The British are reported to have fought their way along several important spurs of the great system of ridges. The Canadians quickly gained a great part of their objectives.

The fighting today was on a more limited front than the battle of last Friday. The weather was fine.

CANADIANS TAKE STAND.

With the British Army in France, Oct. 30.—At an early hour this morning the Canadians had taken a stand in the neighborhood of the famous crest farm, only 400 yards from the heart of the town of Passchendaele.

FRENCH REPULSE ATTACK.

Paris, Oct. 30.—A German attack on the Aisne front, near Cerny, was repulsed last night by the French, the war office announces.

GERMAN AIR RAID FAILS.

London, Oct. 30.—Lord French, commander of the British home forces, today announced that the German airplanes, which last night attempted to carry out a raid on the southeast counties of England, did no damage and caused no casualties.

All the British machine which went up to engage the raiders landed safely.

HAIG'S REPORT.

London, Oct. 30.—The British attacked on the Flanders front this morning. Good progress is reported by the war office.

The announcement follows: "At 5:40 o'clock this morning we attacked north of Ypres-Roulers railroad. Our troops are reported to be making good progress."

DANIEL SPANGLER EXPIRES SUDDENLY

Well Known Wireman Dies After Eating Hearty Meal.

Daniel Spangler, aged 57 years, died early Tuesday morning after a violent illness of but a few hours. The deceased was a lineman in the employ of the Fort Wayne & Northern Indiana Traction company. Upon his arrival at his home on Mildred avenue Monday evening Spangler ate a hearty meal and it was shortly after this that he became ill. Coroner J. E. McArdle held a post-mortem late Tuesday afternoon to determine the cause of death.

Spangler resided on R. R. 4, Mildred avenue, with his wife. A sister, Mrs. Sarah Kleinschmidt, resides next door to the Spangler home.

Funeral announcement will be made later.

KIWANIS CLUB HOLDS INTERESTING MEETING

The Kiwanis club held an interesting meeting Tuesday noon at the Anthony hotel, at which time Charles R. Lane was the principal speaker. His speech was appreciated very highly by those who heard it. S. W. Magee presided at the meeting. The club is making arrangements to hold one of the biggest meetings of the year next Tuesday evening. The affair will be in the form of a dinner at the Anthony hotel, and the feature of the program will be an address by Congressman C. W. Fairfield.

LESS MEAT IS SERVED

Fort Wayne Folk Are Lining Up for Great Food Drive.

BAKERS PREPARING FOR WHEATLESS DAY

Serve Hominy for Hallowe'en Party Feeds, Urges Hilgeman.

Food atriots of Fort Wayne have joined the meatless day line up.

It is estimated that several hundred pounds less meat were sold from Fort Wayne meat markets for Tuesday's consumption. Fort Wayne citizens ate at least three cows and a couple of pigs less on the first national meatless day, it is estimated.

Telephone calls to more than a dozen meat markets, located in every part of the city, revealed that housewives are responding to the conservation call.

"Yes, we can notice a difference," was the response from nearly every meat shop.

There was only one case in which a Lafayette street dealer told that he had sold as much animal food as usual on Tuesday.

"The people who are leaving their usual meat orders with us are folks who admit that they were not at church on Sunday," said a well known butcher. "I have asked everybody who bought meat if they knew of the conservation order."

"People who are buying meat today are making excuses that they will use the meat tomorrow and not today," one dealer said. "Most of the women who have bought this morning are taking roasts, which is in fact the most probable order for cooking today and serving on Wednesday. Many women do that."

Packers and more prominent meat dealers all state that they are behind the meatless day program. There is a scarcity of meat anyway and the cutting down of the demand will only lessen the embarrassment of meat dealers later on, it is explained.

Friday will be the real meatless day of the week butchers state. There are the many people who are used to the meatless program of Friday who will already be in line, dealers say. Food Administrator Hoover has asked for two meatless days for the opening week of the "save food and win the war" campaign. One meatless day a week is expected to be the permanent program for the nation and Friday will no doubt be the day chosen for that honor.

Y. W. C. A. Loyal.

The Y. W. C. A. cafeteria stands squarely back of the food conservation program. Tuesday was meatless at the Y. W. C. A. eating room and a substitute for wheat bread will be used on Wednesday.

Restaurant men of the city are not keeping meatless day. The managers of more prominent eating houses met on Sunday afternoon to discuss the conservation program. They decided to furnish meatless meals to persons who requested them and to have a stock of wheatless wafers and bread on hand, but no stand will be taken against any form of appetite as yet.

"When the public is aroused to the meatless and wheatless program we will be ready to serve their desires," said one restaurant proprietor on Tuesday.

Bakers Getting Ready.

There will be less wheat pushed into the baking ovens of Fort Wayne on Tuesday night, because of the wheatless day appeal for Wednesday. The number of loaves of wheat bread will be reduced by several hundred, it is announced by bakers.

Rye bread, corn bread, oat meal bread and corn wafers will be substituted for wheat bread whenever possible. Customers of the leading bakers of the city will be asked to try the substituted products. Part of the bakers are urging less use of wheat bread in their advertising appeals.

"Many of our regular customers are telephoning that they will not need as much wheat bread on Wednesday," said one baker.

Grocers state that many housewives are inquiring about the substitutions for the wheat bread and have announced that they will not serve the wheat-formed loaf.

Bakers also say that they are daily cutting down the number of cakes and other pastry formations in their baking. Customers are being told of the scarcity of sugar and are asked to stay by only the substantial bread foods until the war is won.

There is every indication that wheatless day will be much more successful than the first meatless day effort.

Hallowe'en Must Help.

"Serve hominy for the Hallowe'en party banquet," urges Frank Hilgeman, head of the Allen county food relief committee, in asking that all forms of wheat and sugar stuffs be saved for the soldiers.

"Other suggestions for the Hallowe'en feed are parched corn, popcorn, without butter, and pumpkin pie, with as little sugar as possible. Eggs must be used in pumpkin pie but they cannot be sent to soldiers anyway," says Hilgeman.

He urges that children be kept from throwing corn, beans and heads of cabbage on Hallowe'en night.

"Teach the children to help win the war," says Hilgeman. "Appeal to their patriotism and they will not want to waste the foodstuffs."

Waiting for Low Tide.

When the present flood state of the St. Mary's river has subsided the stocking of fish for the public will be expected to start, said Frank Hilgeman, Tuesday morning.

The fish commission has given consent for taking the fish and Prosecutor Frank Emrick will be urged to lead a band of volunteers in lifting the food from the river. Nets will be purchased by the food relief organization. The fish will be sold on the public market.

Club Women to Help.

Officers of the Women's Club league of the city have notified Food Administrator C. B. Tolan that the clubs of the city will give of their energies in distributing the food pledge cards this week. The women will secure the cards at the desk in the public library and are expected to start their work on Wednesday morning.

Frank Hilgeman, C. B. Tolan and Mike Costello were engaged on Monday afternoon and Tuesday in distributing the pledge cards in every public and parochial school of the city. In many cases the men talked before the children, explaining the need of help in saving food.

The pupils are to have the cards signed and returned to their teachers.

Back of Hoover.

A special committee for promoting the food conservation movement has been named at the St. Mary's Catholic church. George Haffner is made head of the food-saving organization with Mrs. John Harkenrider assistant and Alexander Kartholl, secretary.

This committee will appoint deputies to aid in taking a food consumption census in the church. Reports will be made to Washington of the results of the saving effort of the week.

Kept the Day.

A few downtown restaurants decided to act individually in favor of keeping the meatless day, Tuesday. Accordingly it was learned at the noon hour that meat was not on the menu for lunch and was not to be had. Several of the restaurant proprietors announce that they will make one day a week meatless from now on.

"It is a fine spirit," said Frank Hilgeman, when he learned of the stand of the eating houses. "When a man will run the risk of incurring displeasure of his patrons by keeping a wartime request he should be given constant support of the patriotic."

RED CROSS APPEALS FOR MORE WORKERS

Aroused by Thrilling Words of Mrs. Sanford Showing Need of Bandages.

The rooms of the Red Cross workshop are well attended during the afternoon but there is a need for more workers during the morning. The local chapter is making an effort to make as many bandages as possible and in this work more sewers are needed. Many remain home in the mornings to do their own work but in the words of a local worker, "No woman has the right to lead a normal life during an abnormal time."

The local chapter was aroused to the extreme need of more surgical bandages after a thrilling talk by Mrs. Henry L. Sanford, head of the woman's bureau, of Cleveland, whose husband is a surgeon on the field of action. Mrs. Sanford told in a graphic manner many of the terrible scenes at the front which were written to her by her husband. He is located in one of the many base hospitals, working at night, and tells that many times they operate on more than eight hundred wounded soldiers. They have to work so fast and hard that they operate on two soldiers at a time so that not a second might be wasted in the work. The most pitiful thing of it all is the lack of abundant bandages, which in many cases would save a life that was lost. Some wounded soldiers are brought to the hospital whose bandages are made from straw or cabbage leaves.

Mrs. Anna Laugman, supervisor at the Lutheran hospital, turned over $12 to the Red Cross Monday. This was the money that she had been paid for examining for the Home Hygene class.

Will Leave for St. Louis.

Miss Frances Ott will leave Wednesday for St. Louis, where she will speak before a state meeting of nurses. Her classes were held at the regular times Tuesday but will be discontinued until Monday morning.

The following members of the Red Cross will attend the state meeting to be held this week at Indianapolis: Mrs. C. E. Bond, Mrs. Allen Hamilton, Mrs. Fred Hoffman, Dr. Jessie Calvin, Mrs. Walter Barrett, Mrs. William K. Noble, Mrs. Wright Rockhill, Mrs. H. Brooke Sale and Mrs. N. D. Doughman. There may be others who will decide to make the trip later in the week.

The workshop shows that there were 94 knitted garments, 417 hospital garments and 1,465 gauze pieces for hospital dressings finished last week.

The gauze department is under the direction of Mrs. A. L. Johns, the garments are in charge of Mrs. Allen Hamilton, and the knitted garments are under the leadership of Mrs. H. Brooke Sale.

Rev. Fred Wambsganss turned over $2.65 which he collected as a volunteer offering at a country wedding Sunday. Mrs. Virginia Olds Hogan gave $22.75, the proceeds of the Red Cross benelt staged recently at the Elks' temple by the girls from Mrs. Hogan's classes.

FIRST AMERICAN TO GET TRENCH WOUND

With the American Army in France, Monday, Oct. 29.—(By the Associated Press)—The first American wounded in the trenches arrived today at a base hospital. He is a lieutenant of the signal corps. He was hit in the leg by a shell splinter while working in a communication trench near the first line. The wound is slight. The weather was clear and cool today in the American sector.

ARE NOT EXPECTING TO CERTIFY WOMEN

Names of Socialist Candidates May Remain on City Ballots.

The city election board does not expect to certify for office the names of the women candidates appearing on the socialist ticket for the coming city election, it was given out, Tuesday afternoon. Owing to the fact that ballot printing is now well under way the names of the women will probably remain on the socialist ticket, even though they are not eligible for office.

Attorney William Fruechtenicht, head of the Fort Wayne election commission, has concurred in the decision of Attorney General Ele Stansbury in the belief that women cannot hold office since their sisters were disfranchised by the supreme court decision. Women are only eligible to positions on school boards and to offices to which the appointment power is vested in the general assembly or the governor, the state law reads.

Fruechtenicht and two assistants were engaged on Tuesday morning in adjusting the voting machines, which are stored in the building north of the county jail. Six of the machines, of the thirty-six devices owned by the county, were put in order on Tuesday. The task is expected to be completed by Thursday noon.

On Thursday night all election officers will be summoned to the assembly room of the court house where Attorney Fruechtenicht will deliver instructions on carrying out the coming city election.

Planting Shrubs.

Park workmen, under direction of Park Superintendent Adolph Jaenicke, are planting shrubs in Sieling park this week. The work is going on despite the snowy blasts, which ride the bleak gales.

Got Some Coal.

A car load of coal was delivered to Fort Wayne for use of heating the city hall, Tuesday. Five teams and wagons are being used to deliver the fuel to the basement of the city building at once. At the present temperature of weather the coal will last about a month.

Call Special Session.

A special sesison of the city council has been called for Wednesday night when election inspectors will be appointed by the city body.

Pumps at Work.

Sewer valves have been closed in Lakeside and the pumps are at work driving sewage into the St. Joseph river. Under the present weather conditions the flood stage of the river is expected to pass quickly. The river rose three feet Monday as the result of hours of rainfall.

Approve Sewer Plan.

Primary assessment roll for a sewer in Bloomingdale was approved by the board of works Monday, as the only noteworthy action by that body at the regular session.

TO VACCINATE 10,000 MORE

Employes of Every Factory and Shop Will Be Inoculated.

DRY GOODS EMPLOYES INCLUDED IN ORDER

Health Board Takes Stringent Move to Check Spread of Smallpox

Ten thousand more Fort Wayne citizens are expected to be vaccinated as the result of the wholesale innoculation order issued by the city health board, Tuesday morning.

Workers in every shop, foundry and factory and employes of all down town dry goods stores are to be treated against smallpox, if the latest notice from health officials is carried out.

The first statement to managers of all industrial plants and dry goods stores urges that employes be vaccinated without a formal order from the health board. In case thereare refusals to the vaccination request, health officers state that there will be a definite command for innoculation later.

The notice mailed to industrial centers and store managers went out Tuesday morning as the latest stand of health officers against the smallpox edidemic, which now claims seventy victims in Fort Wayne.

Later may come orders for employes in the Five and Ten Cent stores and other large stores of the city to be vaccinated.

Nearly all school children have now been innoculated against the disease by health board order. It is expected that 20,000 vaccinations will be made by health men and family physicians before the present defensive against the smallpox is ended.

Vaccination Notice.

The form of the vaccination notice to all industries and dry goods stores and signed by Dr. L. P. Drayer, head of the city health board, follows:

"In view of the widespread circulation in the present epidemic of smallpox, it is the opinion of this board that you should have an inspection made of all persons in your employment with a view towards securing vaccinations in each and every individual who cannot show evidence of previous successful vaccination. We prefer to have you do this without an order from the health department. We feel that present conditions demand precaution against the further spread of smallpox."

Managers of the down town stores visited the health board office, in the city hall, in person, Tuesday, for detailed information on the vaccination notice. The store men announce that they are putting the notices on the bulletin boards of their establishments and that immediate obedience to the order is expected.

Health officers give out that if a person has been successfully vaccinated a few years back and can show a certificate or a plain scar that reinoculation will not be demanded. There are thousands in the Fort Wayne plants who have never been treated, however, health officials say, and the number to be vaccinated will run to 10,000.

Five thousand more points of vaccine have been ordered for the big inoculation job just ahead. A part of the vaccination work may be carried on during the evenings in order to accommodate shop men. There are hundreds of cases in which the family physician will be called upon to register the treatment.

The Only Method.

"Vaccination is the only method of checking the disease," said Dr. L. P. Drayer, Tuesday. "We have concluded that a more dangerous epidemic may sweep the city and tie up industry unless we take this marked precaution of having individuals protect themselves and their friends by being inoculated."

There are no critical cases reported from the many homes where the black and yellow cards are by the side of the door. The illness is just sufficient to make quarantine necessary. A new bundle of the smallpox cards have been delivered to the health office and are ready for use.

New cases reported are John Pranger, 1022 Walter street; Elmer Doty, 1110 Degroff street, and William Alter, 302 East Lewis street.

ALLEN COUNTY FELICITATED

Praised for Part in Making Second Liberty Loan Success.

ANOTHER DAY GIVEN FOR SUBSCRIPTIONS

Sum Now on Hand is Racing Towards $4,000,000 Mark.

Liberty bonds may be bought through Fort Wayne banks until Thursday noon.

Word to that effect has been received from the Federal Reserve bank office, head of the loan effort for the seventh federal district. The final report from Fort Wayne will not be expected until after noon of November 1, it is given out.

Accordingly there are new subscriptions being made through local banks, Tuesday. More additions to the great loan are expected on Wednesday. The final figure of Allen county's total subscription to the second liberty loan is not expected before the week end.

Sends Congratulations.

C. M. Worden, head of the Allen county liberty loan campaign, received a telegram of congratulations, extended to all citizens of Allen county, from J. B. McDougal, president of the Federal Reserve bank, of Chicago, and leader of the local drive for the seventh district.

The message of cheer follows:

"The liberty loan success will stand alone as the most convincing act of democracy in the history of our nation. I extend to you and the good people of your district, my sincere appreciation for the freat effort you put forth to make the second liberty loan a success."

A new subscription of $1,000 from the Catholic Benevolent League of Indiana, of which Michael Kinder is president and George Christen is secretary, was announced Monday evening.

No new reports as to loan totals were received on Tuesday from the rural districts of Allen county.

HESS-EPSTEIN BOUT HAS FATAL ENDING

Match at Dayton With Local Man Proves Fatal to Young Epstein.

Dayton, Ohio, Oct. 30.—"Young" Epstein, of Hamilton, Ohio, died early today from injuries he suffered when he fell in the ring during the last minute of a ten-round contest with "Battling" Hess, of Fort Wayne, Ind., at the Dayton Gymnastic club last night. When Epstein went down some of those who were at the ringside say his head struck on the edge of the platform, causing concussion of the brain.

Frank Biemer, the local manager of "Battling" Hess, accompanied him to Dayton Sunday. Word has been received from him by local friends that he will remain in Dayton until after the proper investigation has been made. "Young" Epstein is well known in local sport circles and his tragic death will be mourned by all lovers of the sport.

WAR AIMS BARRED FROM CONFERENCE

Meeting of Allies in Paris to Discuss War and Not Peace.

Washington, Oct. 30.—Andrew Bonar Law's declaration in the house o fcommons that war aims will not be discussed at the coming allied conference, and that only questions pertinent to the prosecution of the war will be taken up, agrees with the understanding of the United States government. A definition and co-ordination of military effort is the chief object, made more than timely by results of the Austro-German drive into Italy.

One predominant question concerns food and supplies, whether for soldiers or civilians, and how to get them to the right place in the quickest possible time. The effect of the war on the politics of the world are to have no place in the deliberations and the present political situation in any country will be considered only in the lights of military necessity. Thus the internal conditions of Russia and Italy and the measur of men and food and munitione to be given these countries will be taken up as military problems.

EBB AND FLOW OF THE GERMAN WAR FORCES

What the Kaiser Had in the Beginning and What He Probably Has Today.

French Front, Oct. 29.—(Correspondence.)—A clear idea of the ebb and flow of the tides of German forces on the eastern and western fronts during the various phases of the war from the opening of hostilities in 1914, till the beginning of September, 1917, is obtained from carefully compiled information which the correspondent of The Associated Press is enabled to transmit.

From this it is gathered that when the Germans started the war by invading Belgium they launched 1,190 battalions of infantry formed into 96½ divisions of four regiments, each in the Franco-Belgian front, while on the Russian front they employed only 322 battalions formed into 26½ divisions of four regiments each. On September 1, this year, they had on the Franco-Belgian-British front, 1,369 battalions formed into 148 divisions, some of which were of three and others of four regiments each, while on the Russo-Rumanian front 965 battalions formed into 92 divisions were in line. It will thus be seen that the German armies on the fighting fronts have been increased in the three years of war from 1,512 battalions to 2,334 battalions.

A review of the different periods of the war will show how these troops have been employed at various times, according to whether the principal effort of the Germans has been directed toward the western or the eastern front.

In August, 1914, the attention of the German high command was absorbed by the attack on Belgium and France, while the Russian front was regarded as a secondary occupation. At that time the infantry effectives on the western front numbered 1,190 battalions in 96½ divisions, each division consisting of four regiments. On the eastern front, the Germans then had 322 battalions, comprising 26½ divisions.

When the battle of the Yser was fought in November, 1914, the Germans intensified their effort in the west and brought up their effectives to a higher figure and at the same time increased the number of battalions on their eastern front so that they then had 1,293 battlions on the western front and 399 on the eastern front.

Then came the Russian offensive in Galicia, and to check the Rusian advance toward the German frontier, Germany was compelled to throw more troops on her eastern front, increasing the number of battalions there in September, 1915, to 780. To do this it was necessary to reduce the number of German battalions on the western front from 1,293 to 1,120.

Many divisions were transferred from the eastern to the western front when the Germans gathered their forces for the beginning of the great battle of Verdun with the result that in June, 1916, there were 1,376 German battalions on the western front and those on the eastern front were reduced from 780 to 574.

The German drive against Rumania was made possible by adding more than 300 battalions to their eastern battle line, bringing the total on the eastern front to 899. This was done without reducing the number of battalions on the western front below 1,300.

When the French and British began their great offensive operations in July, 1917, the Germans were compelled to bring fresh forces to the western front, increasing their battalions there to 1,456, but reducing the number on their eastern front only to 860. Subsequently the German battalions along the Russian battle line were increased by the addition of more than 100 battalions, bringing the total there to 965 on September 1 of this year. These were divided into 92 divisions of three regiments each. During this movement the battalions on the western front were reduced to 1,369, divided into 147 divisions, and that is believed to have been the number on the German western front on September 1. These figures do not include any German troops on garrison duty in the interior of the country nor those maintaining lines of communications.

GERMANY BLAMED FOR DEPORTING POPULACE

Equally Responsible With Turkey for Outrages of the Greeks.

Athens, Greece, Oct. 29.—(Correspondence.)—Greek authorities have received information which convinces them that not alone the Turk but his German advisors were responsible for the deportations of Greeks from Turkish dominions, as a consequence of which 700,000 have suffered persecution or death.

It is asserted that the Greek legation at Constantinople protested to the then King Constantine of Greece from the beginning of the deportations but received no assitance or encouragement from him. The legation then lodged a protest with Talaat Bey, the Turkish Grand Vizier.

His reply, as shown by official papers was that "these measures are taken by advice of our German advisors." The Greek legation then took up the subject with the German general, Liman von Sanders, who is declared to have replied that the presence of the Greek communities within the Ottoman Empire was dangerous to military operations and that he was "only executing the orders of the German general staff."

An account of the persecution of the Greeks, which has been given to The Associated Press states:

"The method of depopulation adopted has been very similar to the method adopted with regard to the Armenian races. During the night, armed irregular troops of the Turkish army would form a cordon around the doomed district. The inhabitants would be awakened by means of bells and ordered to evacuate the village in ten minutes, for military reasons. No extension of time was allowed, one object being that the victims should not be able to take anything with them, either food or goods. In the event of delay, the troops drove forth the terrified people at the point of the bayonet.

"The moment that the people had gone, hordes of bandits and irregular soldiery poured into the empty villages and looted and burned the houses in a frenzy of destruction, while the inhabitants, old men, women and children as well as the able-bodied, were on the march.

"Soon after the march began, the process of extermination began to be put into effect. Men were separated from their women and children, and parties were made up for a trek to various places, usually locations in far-distant parts of Asia Minor. Needless to say, few of these parties ever reached their destination, being gradually killed off by exposure or starvation. Thousands died in barren desert lands. Without food or drink, and poorly clad, a speedy death at the hands of the soldiers would have been welcomed by many. The soldiers, however, seldom attempted direct killings at this stage, except of refugees who attempted escape, the soldiery generally being content to let hunger and thirst and exposure do the work of extermination for them.

"The lot of the women and children was the usual one which has been described many times in accounts of the Armenian deportations. Being defenseless, they fell a prey to the first passer-by. Any Turk along the way who fancied a child or a young woman, merely took possession, and thousands of young Greeks are now interned in Muesulman villages, forcibly "converted" to islam and forced to live as servants or concubines of the Turkish peasantry.

"In the neighborhood of Constantinople, many of the deportees managed to return and appeared in the streets of the capital, starving, begging and sleeping in the back streets and alleys. To abate this scandal, the Turkish government had the police collect hundreds of these wretched persons and concentrated them at Pancaldi, where their fate is not yet known."

It is declared that, as a result of these deportations, all Greek communities have been eliminated in the Thracian regions of Demotica, Sufli, Istranja and Eregli, from the coast of the sea of Marmora, from the Peninsula of Artaki, from all the villages along the Bosphorus and from the coast of the Black S...

DOCTORS HAND OUT LIVE TIPS

They Take the Public Into Their Confidence

Prominent physicians claim people fail in life because of "nerve hunger" that it is the active bright-eyed, strong nerved man or woman who is "there" at work or play.

Strong, well nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, wasting nerve strength and energy and fail to store up reserve force, afterwards they only exist, life has no joys.

Without energy, ambition, strong nerves and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'Nerve-sick humans,' that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you will need Phosphated Iron to brace, build you up and put you on your feet again."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets. For sale in Fort Wayne by Meyer Bros.' four stores; also D. & N. Pharmacy.—Advertisement.

The name Alaska is an English corruption or perversion of Alayeksa, as it was called by the aborginal inhabitants of the Aleutian islands, lying to the westward. When the Russians first came to one of the Aleutian islands, they were told that a vast country lay to the eastward, and that its name was Alayeksa. The Aleuts called their own island Nagun Alayeksa, meaning the land lying near Alayeksa. By a process of Russianizing and Anglicizing Alayeksa becâme Alaska, and Nagun-Alayeksa became Unalaska. The original Aleutian word Alayeksa meant "the great countrry," as the inhabitants of scattered islands would naturally consider a vast continental region of varied resources and beautiful scenerwy as Alayeksa or Alaska has since proved to be.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

At Allen County Farm Production and Bird Show at New Haven.

(Special to The Sentinel.)

New Haven, Ind., Oct. 30.—At the coming Allen County Farm Production and Bird Show to be held in New Haven November 26, 27, 28, 29 and 30 there will be a wild mallard duck on exhibition, a bird that today is not seen often as they are becoming fewer each year. A. M. Hartzell will offer this duck to the show. About three weeks ago when Mr. Hartzell went out to feed his ducks this pretty bird flew from among his tame ducks. It remained in the air for several minutes and when all was quiet again it came back to the same place. A few days later Mr. Hartzell succeeded in capturing it.

Country Club Gardens A Splendid Investment

Arthur Lorenz, of 734 Third street, bookkeeper at the Home Telephone and Telegraph company, has just purchased one of the splendid lots in Country Club gardens of the City and Suburban Building company as an investment. Mr. Lorenz has noted the rapid increase in the value of the real estate in and about Fort Wayne, and he chose a lot in the gardens as a good investment. The location of this suburban tract on the Fort Wayne and Northern Indiana traction line, just west of the Country club, as well as on the Huntington road, the excellent character of the soil, of which F. W. Gray, city garden supervisor, says: "It would be a very poor gardener who could not show a profit of at least $300 from an acre of this ground," and its numerous other splendid features will no doubt cause it to rise rapidly in value. Several choice lots are yet available.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and Lustre With Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

CREDIT ASSOCIATION WILL HAVE BANQUET

New Organization Rapidly Assumes a Large Membership.

Arrangements have been completed by the Fort Wayne Credit Men's association for a banquet to be held at the Wayne notel on Tuesday evening, Nov. 13. Charles F. Hohen, president of the Home Bank & Trust Co., of Chicago, has been engaged to give an address on "The Building of a Credit Man."

At the meeting conducted Monday evening the following new members were admitted: Washbourn-Crosby Co., Fisher Bros.' Paper company, Hoffman Bros.' Lumber company, Fort Wayne Foundry & Machine company, Hadley Furniture & Carpet company, Independent Rubber company and the Good Roads Machinery company. The local association now has a membership of more than sixty.

MANY WAYS TO END WAR

ble wounds; suits of mail to make soldiers shed bullets like raindrops; hand grenades with trailer strings, the pulling of which causes explosion after the grenade lands in the enemy trench; centrifugal guns which whirl bullets until they gain sufficient momentum and then feed them out in a steady stream; safety parachutes to allow aviators to drop from disabled machines; modernized catapults for hurling trench bombs, and smoke bombs to be thrown by charging infantrymen a moment before the bayonet clash.

Ten Thousand Inventions.

Nearly ten thousand inventions have been offered the war department since war was declared. These include about fifty designs of centrifugal guns and hundreds each of hand grenades, a new explosive, machine guns and poison gases. Many which have strong elements of merit are rejected because they cannot be adapted in short time to the war exigencies, or because they need many refinements which war department experts have no time to give, particularly since testing and experimenting often require many months.

Centrifugal gun inventions have been given careful attention, but the objection to most is that they shoot only round bullets which do not travel as straight or as far as the elongated shape and that the bullets' momentum is not sufficient to penetrate at a distance.

Centrifugal Guns.

In most models of experimental centrifugal guns, bullets are fed steadily into the axle of a rapidly revolving wheel driven by gasoline motor, pass through a spiral opening within the wheel and emerge at the edge traveling at a high rate of speed. The bullets are guided outward and the fire directed through an opening corresponding to an ordinary gun muzzle. The opration is by a comparatively simple principle, but the necessity of a gasoline motor rendered most centrifugal guns of somewhat doubtful value for trench work.

ITALY MUST BE ASSISTED

(Continued From Page 1.)

success is due partly to treachery and that the Germans are using the same tools in Italy as those with which the Russian armies were betrayed, the Post declares:

"Let our statesmen awaken and counter these activities. This may be of even more service than any military aid we can render."

The Post, nevertheless, assumes that such military aid as can be given without weakening the pressure on the western front also will be furnished and urges the Italians to hold on until succor arrives.

While some commentators today take a somewhat gloomy view of the situation, others believe that the Italians will recover and that the Germans will not gain any permanent advantage.

Merely Gambler's Move.

The Daily Express says: "Germany has made a gambler's move and won the first coup. That's all. We may wait and see what will happen without misgivings."

The Daily Telegraph, while fearing that the German claims to have shaken the whole Italian front is justified, is persuaded that the perilous situation will inspire the defenders to a harder determination. It adds: "Because the enemy has succeeded in effecting a surprise, there is no reason to suppose that he will be as successful in the plains or before strong positions like the Tagliamonto. Gen Cadorna will know how to counter the present violent attacks and snatch victory out of the jaws of danger. There is no reason for despair."

PENNY FAMINE HAS NEW YORK IN GRIP

New York, Oct. 30.—New York faces a famine in pennies and the shortage has proved so embarrassing to Martin Woget, assistant treasurer of the United States, that he is considering an appeal to the city's children to empty their savings banks in order to increase the number in circulation. Ordinarily the government carries ten million pennies in stock at the subtreasury in Wall street, but the institution is now swept clean of its last copper, for the first time in the recollection of the officials. Bankers explain the sudden popularity of the penny on the ground of increases in articles selling for odd cents.

from a hot brick that had been placed at her feet by Mrs. J. A. Johnston, wife of Sheriff Johnston.

Mrs. Brown' body was burned to a crisp. Her remains were later taken from the burning bed by firemen who had been summoned by Mrs. Johnston.

Mrs. Brown had complained of being cold. Mrs. Johnston had heated a brick, wrapped it and then placed it at her feet. She had not been out of Mrs. Brown's cell long when she returned and found the bed in a mass of flames. Mrs. Brown had arisen from her own bed and had gone to another with her clothing on fire. The bed clothing in the second bed soon caught fire. The flames were making such headway that Mrs. Johnston, who was alone, was helpless to render any assistance. She immediately turned in an alarm and by the time the firemen arrived Mrs. Brown's body was horribly burned and the bed in which she lay had been reduced to ashes.

Mrs. Brown had been confined at the county jail since June 25 awaiting admittance to Easthaven asylum at Richmond. Because of the crowded condition at that institution she could not be accepted. Two other insane patients are at the jail, Mrs. Martha Wise and Mrs. Mary Holly, and the care of them has been looked after entirely by Mrs. Johnston.

Mrs. Brown was the widow of the late Jacob M. Brown, who died suddenly of apoplexy last February. Soon afterward Mrs. Brown went insane from worry and overwork. The Browns lived on a farm four miles east of here.

The deceased is survived by one daughter, Mrs. Bernie Price, of Plymouth, and two sisters, Mrs. George Harnish and Mrs. George Pence.

SUMMARY OF THE DAY'S WAR NEWS

(Continued From Page 1.)

center, which yesterday was reported nearing Udine, the former Italian general headquarters has now entered that place. More menacing to Cadorna's purposes than this movement, however, seems the thrust on his left flank against the upper reaches of the Tagliamento.

The hope of the German command apparently is to reach this northern section of the intended line and turn it before the more southerly Italian forces can fall back to the river and establish themselves there. Berlin indicates a steady advance by the Austro-German columns toward this objective.

Despite the crushing blow suffered by the Italian forces on the northern Isonzo and the consequent retirement all along the river, Gen. Cadorna has the Tagliamento line from which to beat back the invaders from the Venetian plains. Berlin does not report any additional number of prisoners, and this, coupled with Cadorna's official statement that his troops are checking the Austro-German, may mean that the force of the first blow has been spent.

Teuton activity is reported in the Plauza pass north of Tomezzo, where the Tagliamento turns westward. A strong advance here might make the Tagliamento line untenable as also would any Austro-German effort in force southward from the Carnio and Dolomite Alps. The Italian high command must consider too the possibility of a blow from the Trentino. From Swiss sources it is reported that the Austro-Swiss frontier has been closed and that German reinforcements are being hurried to the Italian front. This may mean either support for the invaders west of the Isonzo or material for a new drive from the mountains southward behind the Tagliamento. Meanwhile there are no reports of activity in the Trentino, and Great Britain and France have taken steps to reinforce the Italians. What form this help is taking has not yet been disclosed.

Raids and small operations are occupying the troops on the front in France. The arilleries are very active along the Aisne front and northeast of Ypres in Flanders.

The battle in Flanders was resumed by the infantry this morning when the British moved forward to the attack north of the Ypres-Roulers railroad. Field Marshal Haig announced the renewal of the offensive in his usual laconic style, adding merely that the troops were reported to be making good progress.

The line of attack takes in the Passchendaele region, where the remainder of the ridge of that name and the town itself are nearby British objectives. The thrust here is also carrying the entente forces on a direct line toward the railway junction point at Roulers, approximately five miles distant. On the Aisne front in northern France where the French in their recent advance southwest of Laon have jeopardized the safety of a considerably section of the German lines, the Germans delivered an attack last night in an effort to push back the French in the region of Cerny. The French easily repulsed this assaul

The artillery battle is continuin the sector in which the French made their advance where the hostile forces are lined up on opposite sides of the Oise-Aisne canal. In the Verdun region General Petain's troops last night regained more of the small strip of territory lost in a recent German assault in the Caurieres wood east of the Meuse.

The first casualty among the American forces on the fighting front in France was reported today in the wounding of a lieutenant of the signal corps. A shell splinter struck the officer in the leg, inflicting a slight wound.

ONE VIEW OF BATTLE.

London, Oct. 30.—The Milan correspondent of the Times in a dispatch filed on Sunday refers to the breaking o fthe Italian line at certain points, where the Germans carried on no heavy preliminary bombardment, and says that onthe Carso, to the contrary, not one of the innumerable attacks has given an inch of ground to the enemy.

"The troops on the Carso," he writes, "have already passed through hell and beyond."

No details have yet arrived of the results ofthe fighting for Monte Nero, on the northern end of the Isonzo front. He says the fighting there from the first hour of attack has been a glorious epic.

STRIKERS ARE GIVEN JOBS AT GARRETT

Fifty-Two Men from McCray Plant Go to Work for B. & O. Railroad.

(Special to The Sentinel.)

Garrett, Ind., Oct. 30.—Fifty-two men from the McCray plant, at Kendallville, have accepted positions in the Garrett Baltimore and Ohio railroad shops. These men participated in the strike staged last week at the McCray plant and not being granted their demands they decided to secure positions elsewhere. They will not move their families here at present, but will make trips daily on the interurban. It is reported that many more will come today. The Baltimore and Ohio are greatly in need of men and many more can be used.

Garret Minor Notes.

The young people of the Baptist church are giving a play at the church this evening. An interesting program will be given there every evening this week.

The social and entertainment given at the high school building Saturday evening by the Garrett Camp Fire Girls for the benefit of the high school athletic association, proved a success, not only financially, but socially as well. There were about two hundred present and the program, which had been prepared on short notice, was excellent. The girls cleared $35 from the affair and then the Pocahontas Girls gave them a check for $5 and the Hiawatha camp another $5 check, making $45 for the association, which was greatly appreciated by them.

PATRIOTIC PUBLIC TO BE PROTECTED

Allen County Council of Defense Must Sanction All Movements.

At this time when the nation is engaged in war and the patriotic people who stay at home must be called on to support a number of various patriotic movements, care must be taken that they are not abused, that the public's good will is not overtaxed. With this in view the Allen County Council of Defense adopted a series of resolutions at their meeting Monday night. All efforts made with the purpose of appealing to the public for aid in the movement under the guise that it is for the aid of the government or to sustain the comfort of the soldiers and sailors must be sanctioned by this board, and if the movement does not have its approval the public is urged not to support it.

At the meeting the council approved the work that is being done by the Boys' Working Reserve, under the direction of A. L. McDonald, in the city, and D. O. McComb, in the country districts. This organization is the largest unit of its kind in the state. The council also appointed a committee to compile a list of the names of all Allen county soldiers and put the record in the county clerk's office.

Resolutions Adopted.

On the motion of Judge John W. Eggeman, after a general discussion, the following resolutions were unanimously adopted:

Whereas, Our country is engaged at war, and the people of Allen county individually and through their clubs and organizations are desirous and anxious of performing some patriotic service, and

Whereas, The congress of the United States by enactment has authorized the creation of a National Council of Defense and that body has directed the appointments of state and county Councils of Defense, and

Whereas, The particular purpose of the Allen County Council of Defense is to co-ordinate and direct all patriotic efforts designed to aid the government in the prosecution of the war, and to sustain and give comfort to the men of the army and navy, and

Whereas, It has become apparent that in order to prevent abuses, impositions, unwise, misdirected, and duplicate effort the said Allen County Council of Defense, known as the Fort Wayne Council of Patriotic Service, finds it necessary to exercise a rigid supervision over all efforts and enterprises having for their object the raising of funds for the benefit of any patriotic purpose and for the protection of the general public; now, therefore, be it

Resolved, That all efforts appealing to public support of any kind or description by any individual, organization or club purporting to be for patriotic purposes shall first secure the written consent of the Allen County Council of Defense and under such regulations as the said council shall prescribe; and be it further

Resolved, That no enterprise be approved unless the full net proceeds thereof be used for patriotic purposes; and be it further

Resolved, That the council requests that the public refuse to give support to any such enterprise until sanctioned by the said council.

The next meeting of the council will be held November 7.

GREAT DRIVE GOING WELL

Campaign for Food Pledges Opens With a Bang and Makes Headway.

ALMOST 700,000 ON THE INAUGURAL DAY

Total Number of Pledges is Now Near Two and One-Half Millions.

Washington, Oct. 30.—Results of the first day of the food pledge week campaign so far as shown by returns to campaign headquarters here are 666,402 new cards signed.

These added to the 1,740,598 cards already in the hands of the food administration before the present food pledge week campaign began make a total of 2,407,000 pledges of persons who have agreed to observe the advice and directions of the food administration in the conduct of their kitchens and dining rooms as their personal contribution towards victory in the war.

Those in charge of the campaign here are elated over the showing of the first day, not so much on account of the figures themselves, although these already totaled almost a fourth of the minimum goal of ten million families which has been set, as on account of the certainty of complete success which they draw from these first returns. The returns come from comparatively few states, since in the majority of states the campaign is only getting fairly under way and definite reports were impossible. In no case, however, was there any indication except that the expectations of the campaign headquarters would be more than fulfilled.

To Maine belongs the credit of the greatest number of cards reported on the first day's work—87.500. Iowa is second with 75,000, while Indiana reports more than 67,000.

WILL NOT DODGE COPS.

New York, Oct. 30.—Instead of dodging the "cops," 500 west side boys tonight will assemble in a hall and listen to some advice from members of the New York police force under the auspices of the Big Brother movement. Four patrolmen will talk to the boys of the evil of running away from home; or the work of the junior police, an instruct them in jiu-jitsu.

THE MARKETS

COLD WEATHER HAS AN EASING EFFECT

Corn Slips Down on Passing of Danger to the Corn Crop.

Chicago, Oct. 30.—Cold weather likely to stop damage to corn and to increase receipts tended today to ease the corn market. Opening quotations which ranged from the same as yesterday's finish to ⅝c lower, with December at $1.10¼ and May at $1.13¼ to $1.13½, were followed by brief upturns and then by a moderate general sag.

Oats had no independent action.

Strength in the hog market gave firmness to provisions.

STOCK MARKET HIT BY GENERAL SLUMP

Rails and Equipments Are Depressed, Steel Dropping to Near Par.

New York, Oct. 30.—Stocks suffered further impairment at the active opening of today's market, leaders recording additional recessions of one to almost three points. Investment rails reflected their recent pressure, notably the Pacifics, Canadian being weakest of the group. Equipments, including United States Steel, were increasingly heavy.

Temporary suspension of business on the Montreal stock exchange added to the unsettlement. Canadian Pacific made an extreme decline of six points to 132¾, its lowest quotation in a number of years, and other rails extended their early losses. United States Steel dropped to 101¾ after falling to 103¼ and other industrials, including war shares, sagged two to four points, specialties showing greatest losses.

Liberty 4s sold at par to 100.02 and the 3½s at 99.94 to 99.96.

Fort Wayne Men Wallop the Title Claimers of Camp Taylor

Seventeenth Battalion Football Team Wins First Game, 38 to 0.

(Special to The Sentinel.)

Camp Zachary Taylor, Ky., Oct. 30.—The seventeen battalion football team, composed of nearly all Fort Wayne men, made its debut last Sunday on the gridiron and came out with the scalp of their opponents dangling from their belts.

In a lively battle with the Remount Station football team, who claimed to be the champions of the camp, the Fort Wayne men won by an overwhelming score of 38 to 0.

Although there were several "bulls" made on the part of the team on its first appearance, it nevertheless gave the aspect of the makings of a title winning team. There never was a time when the opponents appeared as though they were dangerous and the play was kept mostly on the opponents side of the field.

Thousands of people and as many soldiers were witnesses of the game, which proved more interesting as it proceeded. The boys were complimented freely at the close of the game for the great showing made on the first game.

In the first quarter Bair made a touch down on a line plunge after the ball was worked all the way down the field by successive line plunges an end runs.

In the second quarter Adams received the ball when the opponents fumbled and made a twenty-five yard dash for a touch down. At the beginning of the second half substitutions were made in the line up and after the opponents had kicked off the ball was brought up to the thirty yard line. It was the fourth down and twelve yards to go. A chance was taken and on a perfect pass by Bair to Fruechte, another touch down was made. Vesey kicked goal.

A few minutes later the ball was brought to the opponents' goal line and on a line plunge Gessler added another touch down and Vesey again kicked goal.

Last Half Fast.

In the last half the plays were fast and furious. The visitors' endeavors to do their best and save themselves from a shut out, but all their efforts were of no avail as the line of the Seventeenth battalion held fast and no ground could be gained by attempted end runs.

The visitors's kicked to the Fort Wayne men and by perfect interference and a sensational run of ninety-five yards Quarterback Bair made another touch down.

Near the close of the game the ball was brought to the Remount boys' twenty yard line and again by excellent interference Bair was successful in adding another touch down to his credit.

All the Fort Wayne young men immerged from the batle field in fine shape. Several of the opponents were carried from the field, due to the heavy line charging of the Fort Wayne men.

The Line-Up.

The Fort Wayne men were lined up s follows:

Adams, Rohyans—L. E.
Mock, Sommey—L. T.
Flaig, Edgall—L. G.
Birney—C.
Miller, Buttermore—R. G.
Ewing, Pohlmeyer—R. T.
Mensch, Fruechte—R. E.
Bair—Q. B.
Harkenrider,Grosh—L. H.
Weisbecker, Gessler—R. H.
Vesey—F. B.

HARLEY BACK IN GAME.

Ohio State Star Soon Will Be in His Best Shape.

Columbus, O., Oct. 30.—Rainy weather did not mean a dismissal from practice yesterday afternoon for the Ohio State football regulars, and a small grass-covered section of the field was used for an assembly place.

Harley's injured side did not bother him much yesterday and the crack halfback was with the drilling party, though taking things easily. Halfback Stinchcomb and Guard Karch did not report. Neither suffered any mishap in the slush soiree with Denison and are counted on to be starters at Indianapolis next Saturday.

FRIARS TO PLAY THE FAMOUS RACINE ELEVEN

If They Win the Locals Are Entitled to Championship of the State.

The fast Friars will meet the famous Racine team next Sunday afternoon at League park. If they win the locals are entitled to the championship of the state, inasmuch as the Racine team defeated Hammond a couple of weeks ago by a score of 12 to 0, and Hammond last Sunday defeated Wabash 20 to 0. And if you want to figure the Pine Village aggregation as possible contenders for the state championship just remember that the Cincinnati Celts last Sunday heldd Pine Village to a scoreless tie, while the Friars a couple of weeks ago defated the Celts by an overwhelming score.

But next Sunday's game has not been won, and using an old adage it might not be well to count the eggs before they are hatched.

Next Sunday will be boys' day, when the youngsters in the city will be guests of the Friar club. Announcement as to how the boys will be handled will be made later. Every boy under 12 years of age will be admitted free to this game. As the attraction Sunday is one of the best of the season the Friars expect the boys to fill the east end of the grandstand, which will be reserved for them. Several extra policemen will be engaged to handle the youngsters and preserve order.

SPORTING NOTES

New York A. C. has organized a football league of six teams, composed of players in soldiers' camps adjacent to the metropolis.

Brooklyn schoolboys are arranging for the hockey season matches.

New Orleans horse racing season will embrace sixty-five days from Thanksgiving to Mardi Gras day, February 12, 1918.

Yale will play hockey and basketball among freshmen, but the wrestling, swimming and handball teams will be varsity members. Cross-country running will also be fostered.

Chattanooga automobile enthusiasts are talking of forming a tri-state association to hold automobile races at county and state fairs in the south.

Bethlehem Steel company soccer team is showing its prowess in the National league series by easily outplaying strong New York and New Jersey rivals.

The annual bicycle race will start in Madison Square Garden, New York, December 2, and conclude December 8. Boston will stage a six-day race, November 5 to 10.

Irondequoit Country club of Rochester is having a nine-hole golf course constructed to be ready for use June 1, 1918.

Princeton plans to put a varsity baseball team on the field in the spring.

Olympic club of San Francisco has 3,000 members.

University of Nebraska football players are wearing red jerseys and sweaters in place of the customary red and white striped jerseys and sweaters since starting the gridiron sport twenty-seven years ago.

Scarcety of tenpin players, due to enlistments, has caused the Inter Club League of Philadelphia, to reduce its competition this season to a three-man team tourney instead of the usual five-man matches.

It is estimated almost a mile of thread rubber is necessary in the making of the little white golf balls.

College and university cross-country teams will be asked to join in the national junior hill and dale title race of the Amateur Athletic Union to be held in Van Cortland park, New York, Saturday, November 10, two weeks before the annual inter-collegiate championship race to be decided over the same course.

Second naval district football team, better known as Cupid Black's Newport Reservists, will play seven games, two of which will be staged in the Polo grounds, New York. They meet Rutgers, November 24, there.

The National Baseball league has donated a trophy cup to the London Hospital Baseball league, an organization which has been active in the American game during the recent summer. The officials have also sent several dozen baseballs to the hospital league players.

SPORTS VETERANS WHO DEFY FATHER TIME COMING BACK TO THE PLACES VACATED BY YOUNGSTERS GONE AND GOING TO THE WAR

HERE ARE SOME OLDTIMERS STILL MAKING G OOD.

The law that—
"Youth Will Be Served!"—
Has been repealed.

War did it, war and the vigor of some sport veterans.

While youth is serving in the war the veterans will be given the chance of their lives to come back—in every line of sport, baseball, football, tennis, golf, racing, walking, swimming, wrestling, boxing.

No, you needn't laugh at their making good. There is a lot of the old time stuff left in many a veteran of the sport world.

They used to be called "has-beens." But a lot of them are not through.

Bob Fitzsimmon's death called attention to the oldtimers still in the going. Bob, you remember, was swinging the gloves right up to the time when the grim reaper knocked at the door.

Just the other day Eddie Plank said he was going to stage a come-back stunt in baseball next season. He won't be the only old fellow still looking at fast ones coming from the pitcher's hand. Hans Wagner tried to retire at 43, but the slipping Pirates called him back. Larry Lajoie at 42 is a star in the minors.

Probably the oldest vet in sport is Joe Hineman, of Wausau, Wis., crack trapshooter, and he is only 92 years old! N. D. Towns, of Los Angeles, Cal., nicked 24 straight targets on his 81st birthday.

Edward Payson Weston, near the 80-year mark, is hunting for walking rivals. Laurence Waterbury, over 40, can put it over many a youthful polo player. Travis was over 55 when he took the golf championship. And the links are well acquainted with good golfers who long ago kissed their 40th birthday goodby. Frank Kramer carries many years around the track and beats young fellows across the tape. Alfred De Oro, tacked another nail in his billiard titles the other day and De Oro has seen some 60 summers.

And don't forget how ancient "Pop" Geers is driving winners on the track.

So get back into trim, old timers. Here's another opportunity for you to show what you can do. Maybe you can beat a few records these young fellows have been crowing over the last few years.

"YOUNG" EPSTEIN HURT IN FIGHT WITH HESS

Slips in Ring During Bout and Suffers Concussion of the Brain.

Dayton, Ohio, Oct. 30.—The first championship lightweight fight for "Sammy" Hess, the Fort Wayne battler, ended seriously Monday night. With one minute yet to go, with Hess chasing him around the ring, "Young" Epstein slipped and fell through the ropes, striking his head a heavy blow on the platform. He was picked up in an unconscious condition and rushed to the Miami Valley hospital, where, on examination, it was found that he had suffered a concussion of the brain. He had not regained unconsciousness at an early hour Monday morning and his condition was uncertain.

Lou Baumann, of Cincinnati, the referee, stated that at the time of the accident Hess did not strike a blow, but Epstein slipped while trying to keep away from the Fort Wayne lad's terrible swings. Hess, with his manager, Frank Biemer, is still in Dayton awaiting the decision of the attending physician, although in no way to blame for the accident.

Hess had the better of every round of the fight. He was fast on his feet and his punches had a world of steam. In the seventh round Hess put the local boy down for the count of nine, and from that time on Epstein tried to keep away from Hess' swings.

The other event on the card was a ten-round heavyweight battle which was won by Bob DeVere, of New York, over Terry Kellar, of San Francisco. DeVere, one of Sam Murbarger's boys, substituted for Gus Christie, who was unable to get here, won when Kellar was disqualified for fouling him five times in the second round.

IRISH PREPARE FOR ARMY.

Injuries Make It Necessary for Harper to Change Lineup.

Notre Dame, Ind., Oct. 30.—A drizzling rain yesterday afternoon did not prevent Coach Harper's men from beginning a week of specific preparation for the annual intersectional classic with Army at West Point on Saturday. Pearson received the most serious injury in the game with South Dakota and he will not be able to play for a couple of weeks on account of a dislocated shoulder.

"Big Frank" Rydzewski was excused from practice yesterday because he had a cut on his forehead. Harper shifted Miller from fullback to left halfback yesterday in place of Gipp, who was nursing an injured leg. Ryan, who has been showing steady improvement since the beginning of the season, stepped into the place made vacant by the transfer of Miller.

CRIMSON ELEVEN TAKES A WORKOUT

Indiana Players Repair to Links for Practice With Gridiron Sea of Mud.

Bloomington, Ind., Oct. 30.—With Jordan field a veritable sea of mud and water from the continuous downpour of the last twenty-four hours, Coaches Stiehm and Evans and Rathbun had both the varsity and freshmen squad out on the golf links north of the gymnasium for the first workout of the week before the Ohio game at Indianapolis next Saturday.

Ewert, at tackle, who is slowly recovering from an injury to his leg in the St. Louis game, got through the yearling line nearly every time and threw the man with the ball. He still wears his leg strapped, which causes him to limp. Left End Risley limps badly. He is wearing an ankle brace put there after he had been knocked out in a scrimmage last Friday.

Hathaway Still Out.

Capt. Hathaway has not been out in a suit for seven days, and was not on the field yesterday. Stiehm told him after the Minnesota game to remain away until completely recovered. Hathaway will be able to enter the Ohio State game and probably will be in better condition than he was at Minneapolis. Stiehm said yesterday he expected to make considerable scrimmage this week, as his men show need of it.

After having seen Ohio State in action last Saturday, Stiehm said the war has been a benefit to the Columbus aggregation. Coach Wilce had three full elevens running signals before the game, and there were fifty Buckeye men in football suits. The Ohio mentor has a veteran eleven containing seven men who have played three years. This is quite a contrast with conditions at Indiana, as the war has left only sixteen men on the entire varsity squad, and every man except one is a sophomore.

May Play at Hattiesburg.

Stiehm last night confirmed the report that Indiana has accepted an invitation to play a post-season game the week following the Purdue clash here, which closes the schedule for the Crimson. The game will be played at Camp Shelby, Hattiesburg, Miss., for the benefit of 30,000 national guardsmen of Indiana, Kentucky and West Virginia in training here. The Indiana athletic board will put the proposition up to the officials of the Western Conference. As the contest is solely for the benefit of soldiers, it is believed permission will be given to play. Stiehm's men will make the trip for expenses only. An official from Hattiesburg is expected here soon with details concerning the invitation.

HUGGINS BAITS HOOK FOR WALTER JOHNSON

Yankees Also Want Ainsmith—Pratt Expected to Become Yankee.

New York, Oct. 30.—Walter Johnson is again the chief topic of conversation in the American league, and it leads to the same old conclusion—that Walter is going somewhere pretty soon—somewhere where they win more ball games in a season than has been the habit in Washington.

The Yankees are angling for the speed ball demon. They're after him strong and they want his battery mate, Ainsmith, to go along and make the party a good one. Miller Huggins has set his sails for a bright spot and Walter is going to wear a New York uniform next year if tears and money have any effect on Ben Minor and Clark Griffith.

Colonel Jacob Ruppert, who now is alone in directing the Yankee exchequer, has opened wide his purse. He was after Johnson once before, but the deal fell through. Now it appears that more persuasion will be flung into the affair.

Derrill Pratt also is expected to transfer his batting ability from St. Louis to the Yankees. When the latter club was trying to buy the second baseman from the Browns during the summer, Phil Ball mentioned something that sounded precisely like United States treasury to Colonel Ruppert and the deal immediately did a "John McGraw." Now, however, Derrill and Phil have had words or something to that effect, and the Yankees believe Ball can be persuaded to part with the player for something less than the New York franchise.

The same program of reckless money-spending with a good purpose in view, has a firm hold on the Yankee management waiting to take up the direction of the team.

GRIDIRON ALMOST A LAKE.

So, Instead of Swimming Lessons, Little Giants Have "Skull Practice."

Crawfordsville, Ind., Oct. 30.—A field that resembled a lake and a continued downpour of rain prevented the Little Giants from resuming practice yesterday. Conditions afforded a day's rest for the Scarlet warriors, and Coach Townsend took the men inside for a two-hour "skull practice." Weather conditions permitting, active practice in preparation for the DePauw game will begin tomorrow. The squad suffered no injuries in Saturday's contest, and is in better condition than at any time this season.

BOWSER GIRLS ORGANIZE.

The Bowser girls have started a movement to organize a number of basketball teams and will soon be ready to meet all comers from similar organizations. A number of girls have been practicing each Monday evening at the Smart school under the direction of Miss Helen Rust, the leader of the movement. The captains and teams will be selected soon.

The Easiest Way to Wealth is the One You Might Possibly Overlook

The longing for riches is almost as old as man himself, yet in our eagerness to acquire them we may overlook the very foundation upon which riches are built.

It is possible for the average man to accumulate twenty-five thousand dollars in wealth in half a lifetime by systematic saving—yet how many men arrive at the age of 50 or 60 having accumulated this amount?

Perhaps you never seriously thought of the power of a steady increasing principal on interest in a safe bank like the First and Hamilton National Bank.

No matter how many other roads you take to reach wealth don't overlook this sure way of acquiring a competence. Attach the same importance to this means of acquiring wealth that you do in others and you will excel.

INCREASED RATES ON LETTERS AND CARDS

New Postal Tolls Go Into Effect in a Few Days Says Official.

Washington, Oct. 30.—Third Assistant Postmaster General A. M. Dockery has issued the subjoined instructions respecting the increased postage rates on letters and postal and postalcards. The instructions are as follows:

It is of the utmost importance that every patron of the postal service become familiar with the increased rates of postage provided for letters, postal and post cards by the war revenue act, as set forth in Order No. 755 of October 3, 1917, amending Sections 399, 400 and 402, Postal Laws and Regulations, appearing on page 31 of the October supplement to the Postal Guide. Failure to prepay the proper amount of postage will delay the dispatch and delivery of mail, cause confusion, annoyance and inconvenience, and impose upon the postal service unnecessary labor and expense.

The following features should be particularly emphasized:

The increased rates become effective November 2, 1917.

Letters and other first-class matter (except drop letters and postal and postcards) will be subject to postage at the rate of three cents for each ounce or fraction thereof which should be fully prepaid. If less than three cents is prepaid on a letter, or other first-class matter, it shall be returned to the sender, if known, for the deficient postage. If the sender is not known, it shall, if prepaid, at least two cents be rated with the deficient postage and dispatched to its destination for collection of the amount due upon delivery to the addressee. Letters and other first-class matter prepaid less than two cents shall be treated as prescribed by Section 545, Postal Laws and Regulations.

The rate on drop letters on and after November 2, 1917, will be two cents an ounce or fraction of an ounce. This applies to all letters mailed for delivery within the postal district of the office where deposited, including delivery by the city, rural or other carriers of such office. The two-cent drop-letter rate also applies to offices which have no free delivery service.

All postal cards, whether they bear written messages or are entirely in print, must be prepaid two cents each and, therefore, the one-cent postal cards must have a one-cent postage stamp affixed to them in addition to the one-cent stamp impressed on such cards.

Postcards, or private mailing cards, bearing written messages will also be subject to two cents postage each.

The rate of postage is not affected on printed cards bearing the words "post card" or "private mailing card" which do not bear any written additions unauthorized on third-class matter by the provisions of Section 453, Postal Laws and Regulations, such printed cards still being subject to postage at the third-class rate. Printed cards mailed at the third-class rate can not be forwarded from the office of original address to another postoffice without a new pre-payment of postage.

Postmasters are requested to give the foregoing the widest possible publicity by means of notices displayed in their offices and distributed to their patrons, through the local newspapers as an item of public information, and in such other manner as may be practicable.

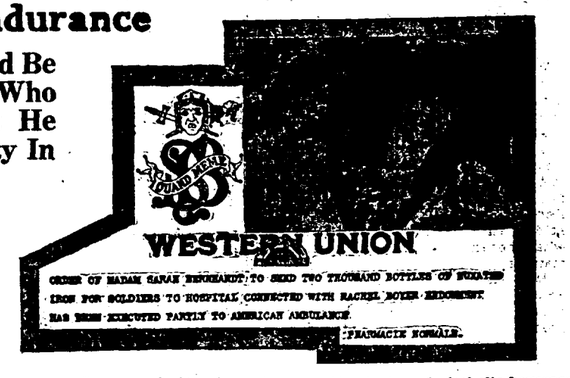
Sarah Bernhardt "THE DIVINE SARAH"

The World's Most Noted Actress Sends Nuxated Iron

To the French Soldiers to Help Give Them Strength, Power and Endurance

General Gibson Says It Should Be Used By Every Soldier Who Goes to the Front—That He Himself Is Hale and Hearty In His 91st Year, He Attributes Largely To His Recent Use of Nuxated Iron.



WESTERN UNION
ORDER OF MADAM SARAH BERNHARDT TO SEND TWO THOUSAND BOTTLES OF NUXATED IRON FOR SOLDIERS TO HOSPITAL CONNECTED WITH RACHEL BOYER ENDOWMENT
HAS BEEN EXECUTED PARTLY TO AMERICAN AMBULANCE
PHARMACIE NORMALE.

Remarkable experience of Dr. James Louis Beyea who, at nearly 80 years of age, obtained astonishingly increased strength and renewed energy with a short course of this remarkable product.

"What every soldier most needs is tremendous "stay there" strength, power and endurance, with nerves of steel and blood of iron. To produce this result, there is nothing in my experience which I have found so valuable as organic Iron—Nuxated Iron, says Dr. James Louis Beyea, former medical college adjunct-professor and army surgeon. A large quanity of this valuable product was sent to the French soldiers by Mme. Sarah Bernhardt. I have taken it myself and prescribed it for my patients and some of my old comrades in arms, with practically unfailing results. It certainly puts the "pep" of life into the blood.

If General Gibson's advice were followed and every soldier who goes to the front carried a package of Nuxated Iron in his kit, I am sure that the men would not only be better, stronger fighters, but that we would have far less sickness in the army and much less work for the Red Cross and army hospitals to do. Notwithstanding the fact that I am nearing my 80th birthday, a short course of Nuxated Iron has made me feel like a new man, giving me astonishingly increased strength and renewed energy.

General Horatio Gates Gibson says Nuxated Iron has brought back to him in good measure that old buoyancy and energy that filled his veins in 1847 when he made his triumphant entry with General Scott into the City of Mexico and that he attributes the fact that he is hale and hearty in his 91st year, after an active military life with service in both the Mexican and civil wars largely to his recent use of this wonderful product.

Another remarkable case is that of General David Stuart Gordon, noted Indian fighter and hero of the battle of Gettysburg. General Gordon says: "When I became badly run down this year, I found myself totally without the physical power to "come back" as I had done in my younger days. I tried different "so-called tonics" without feeling any better, but finally I heard of how physicians were widely recommending organic iron to renew red blood and rebuild strength in worn out bodies. As a result, I started taking Nuxated Iron and within a month it had aroused my weakened vital forces and made me feel strong again, giving me an endurance such as I never hoped to again possess.

Former Health Commissioner of Chicago, Wm. R. Kerr, said: "As Health Commissioner of the City of Chicago, I was importuned many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy. But in the case of Nuxated Iron I feel an exception should be made to the rule. From my own experience with it, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country, and if my endorsement shall induce anaemic, nervous, run down men and women to take Nuxated Iron, and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life long rule in recommending it.

Dr. E. Sauer, a Boston physician, who has studied both in this country and great European Medical Institutions, said: Nuxated Iron is a wonderful remedy. Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of twenty and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. The secret, he said, was taking iron—Nuxated Iron had filled him with renewed life. At 30 he was in bad health—at 46 was careworn and nearly all in—now at 50, after taking Nuxated Iron, a miracle of vitality and his face beaming with the buoyancy of youth.

If people would only take Nuxated Iron when they feel weak or run-down instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages, I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases, and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. Thousands of people suffer from iron deficiency and do not know it. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

NOTE Nuxated Iron, which is so strongly endorsed by Mme. Sarah Bernhardt, the world's most noted actress, and which has been used with such surprising results by Dr. James Louis Beyea, Generals Gibson and Gordon, and former Health Commissioner Kerr, of Chicago, and which is prescribed and recommended by physicians in such a great variety of cases, is not a patent medicine, nor secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit $100.00 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 100 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed by all good druggists.

LUCKY GERMAN PRISONERS TURN U. S. CAMP INTO A WONDERLAND

BUILD REPLICA OF NATIVE CITY OF DRIFTWOOD

The Interned Officers Have Given Pledge Not to Escape.

INSET IN UPPER RIGHT-HAND CORNER IS HANS RUSER, FORMER COMMODORE OF THE VATERLAND, GERMANY'S GREATEST MERCHANT MARINE OFFICER.

(Special Correspondence from Frank Rostock, Editor The Cincinnati Post.)

Hot Springs, N. C., Oct. 30.—Robert Tilson says there are many jobs more difficult than helping guard 670 interned Germans.

Tilson is one of the guards at the Mountain park internment camp here, where officers and sailors taken from German liners are to remain until the war ends.

No high board fence and no barbed wire barricade surround the camp, but despite that only one man has escaped in three months. The 669 who have not tried to escape say he must have been "verruckt" when he ran away. Secret service men are still seeking him.

In a few weeks another thousand sailors will be interned in barracks being erected on the grounds. Their camp will be surrounded with a barbed wire fence and enough gaurds will be employed to make their escape next to impossible.

Of the 669 men now in the interment camp 519 are officers and 150 ordinary seamen. The latter will be interned with the newcomers. Officers will continue to live in the unfenced portion. They have given their word of honor not to attempt to escape.

Perhaps Kaiser Wilhelm will be very careful about the kind of treatment he gives Americans imprisoned in Germany, because of the way interned Germans are treated here. Nothing but praise of their treatment is contained in letters written home by these men.

The government cleverly killed two birds with one stone in its plan of organizing and conducting the camp. It has been made into a typical German institution, but at the same time is run on a strictly economical basis by Thomas V. Kirk, inspector-in-chief, and his assistant, Joseph Francis.

Practically all the work except the guarding is done by the interned men. Cooks from great, palatial liners prepare the food and liner stewards tidy up the rooms and wait on table. These men are paid from $20 to $25 a month by the government. It would cost a great deal more and make more mouths to feed if outsiders were engaged for this work. Officers and seamen wash their own clothing and keep the grounds in shape.

Meals are simple but well cooked. They are prepared by chefs of the liners Hamburg, President Lincoln, Willehad and Crefeld.

good use. A German village, built by them entirely of driftwood and scraps of wood and tin and bits of stone, occupies a portion of the grounds formerly bare and unattractive. Hamburg street, the principal thoroughfare, is lined with cottages and bungalows that are marvels of workmanship. A church with a high steeple and other architectural effects is built at the end of the street. This, like all the other buildings, was built wholly of driftwood which from a little back of the

One sailor has fashioned an alligator from a log. It looks like the real thing.

One of the officers has erected a fountain really an architectural wonder, considering lack of tools and materials. Its principal features are a castle, a figure of Neptune, a half dozen mermaids and several cascades, all fashioned from plaster of paris.

Flowers of all kinds are cultivated with care. Even weeds take on attractive form because of the paint taken in plant-

Among the captains of thirty-two German liners interned is Hans Ruser, who was commodore of the Vaterland, the greatest ship afloat when war declared. The Vaterland is now in the United States service, rechristened the Leviathan. Ruser is considered the most expert seaman in the German merchant marine. He always has commanded the largest German ships.

Most of the interned men have some specific work. Others study. Instruction

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapepsin" Relieves Stomach Distress in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops fermentation and acidity and sets things straight, so gently and easily that it is really astonishing.—Advertisement.

WAR CROP CENSUS SHOWS A SHORTAGE

America Must Conserve Her Wheat if Her Allies Do Not Suffer.

Washington, Oct. 30.—Preliminary reports on America's war crop census prove that America's housewives must conserve wheat very carefully if our European allies are not to go breadless, according to Chief Charles D. Brand, of the United States department of agriculture's division of markets.

"One hundred and eighty-five thousand answers received thus far from 400,000 queries to crop experts throughout the country show," Brand said, "that while the wheat crop is short, there is plenty of corn."

"This proves conclusively," said a food administration official today, "that the argument we are using to get the country's 22,000,000 housewives to sign and live up to the conditions of the food pledge card during 'Conservation Week,' October 28 to November 4, is absolutely sound.

"We have asked them to have at least one wheatless meal a day during 'Conservation Week,' and we hope they will keep this up until the war is over.

"We suggest the use of corn bread and other cereals mixed with wheat instead of so much wheat. Brand reports a silght shortage of oats, barley and buckwheat, which confirms our campaign to make corn the chief substitute for wheat."

Chief Brand, basing his statement on reports to his division, urges that housewives be careful not to waste food of any kind.

"We cannot be too careful," he declared, "to advise conservation, not only during 'Conservation Week,' but at all other times.

"The wheat crop this year will be approximately 672,000,000 bushels. Last year's crop, which was shorter even than this year's, was about 668,000,000 bushels.

"Corn production last year amounted to about 2,600,000,000 bushels. We expect 3,200,000,000 bushels of corn this year."

Chief Brand expects all but about 100,000 of the 400,000 answers to his war crop census queries within the next week. He will then issue a complete and exact statement of what the country's food resources are this year. He feels that the present figures are reliably indicative, however.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

Under the act of congress organizing the territory of Alaska, the legislature meets every two years. It did not meet in 1916, but the legislature of 1915 passed a law providing for a popular vote on the liquor question in November, 1916. At that election the people voted by a large majority that from and after January 1, 1918, spirituous liquors should not be manufactured, sold, transported or given away anywhere within the territory. The prohibition law thus to be established by popular vote, probably will be the most stringent of any in the United States.

NOTICE!

A great shortage of pennies has recently developed, not only in Fort Wayne, but throughout the country at large. No doubt a large quantity in the aggregate is to be found in the little savings banks scattered through the community.

If people will bring in the contents of their Savings Banks it will greatly relieve the present shortage. We ask everybody to do this.

COLUMBIA CITY PROUD OF THE BOY SCOUTS

They Were of Great Assistance During Recent Liberty Loan Campaign.

(Special to The Sentinel.)

Columbia City, Ind., Oct. 30.—The Boy Scouts of Columbia City at the close of their Liberty loan drive Saturday evening created a grand total of $77,700, as was announced Monday by Scoutmaster John T. Clapham. This is certainly an enviable record and one that possibly no other Boy Scout troop in any town of 4,000 population has duplicated this campaign. The local scouts obtained $18,350 in subscriptions Monday. Their names follow: Jimmy Wilcox, Franklin Foust, Crede North, Carl Ferguson, Robert Stough, Earl Gates, David Kessler, Max Lorber, William Snyder, Alvin Biggs, Raymond Kessler, John Whiteleather, Randall Entrekin, Dick McLallen, John Kissinger, Jack McLallen, Paul Morsches, Billy McLallen, Robert Heinly and Assistant Scoutmaster Clarence Feist. All of the above lads have qualified for war medals.

Columbia City Short Items.

Over 800 people heard Judge Herman S. Wilkie deliver a thrilling address on the war and an invictus against German autocracy Sunday evening at Grace Lutheran church.

Ross Tuttle, of the United States army engineers, spent Sunday here on a furlough from Washington, D. C. He went to Kalamazoo, Mich., to visit his parents and will return here Thursday. He was formerly the local manual training instructor. His regiment of 2,000 men subscribed over $100,000 to the liberty loan.

Dr. B. P. Linvill reports a baby boy at the Chester Mosher home.

A two weeks' revival began at the M. E. church Monday evening and Rev. J. T. Bean was assisted by Rev. G. F. Hubbart, of Pierceton.

Hog cholera has again broken out in Troy township, where the anti-cholera association has taken immediate steps to prevent an epidemic. The cholera exists on the Charles Buntain farm, where several head of a herd of thirty are affected. Dr. G. L. Clark and Dr. Frye, government expert of Fort Wayne, were called and notified County Agent B. L. Hummel, Monday, upon his arrival from Lafayette.

Mrs. Joseph Heintzelman, aged 45, wife of a well known barber at Etna, died Sunday evening at 9 o'clock from goiter of the neck. She leaves her husband, to whom she was married in Sioux City, Ia., nine years ago, and a brother and sister in the northwest.

Fire starting underneath the roof from a defective chimney caused total destruction to the Tobias Wince home in Washington township Saturday evening. The smoke was noticed by Mrs. Fred Kathers, a daughter, too late to have neighbors on hand to successfully combat the flames. Nothing but household goods on the lower floor were saved. The loss is $3,000, with $2,900 insurance.

Henry H. Doll, farmer, of Kosciusko county, aged 60 years, and Mrs. Sarah H. Gross, a widow, of Smith township, were wedded Monday forenoon at 11:30 o'clock by Rev. L. A. Luckenbill, and will reside in Smith township.

Homer E. Schuman, son of John Schuman, west of the city, and graduate of the Purdue agricultural college, has accepted a position with the United States department of agriculture as scientific assistant in animal husbandry. His duties begin November 1 and he will leave Wednesday for Washington. Mr. Schuman graduated from the local high school in 1912, and the position he now holds carries with it a good salary and is open only to agricultural graduates.

The Inland Electric company, an Illinois corporation, has brought suit against William H. Brown, of Chicago, and Lyell McGuire, of Troy township, on a claim of $3,350. The plaintiffs aver that Brown sold the farm in Troy township to McGuire in order to avoid paying the claim. They ask that the deed be set aside and that judgment be rendered them in the above amount.

The Wayne Garage company, of Fort Wayne, for a consideration said to be $35, purchased the wrecked machine of the late Hiram Long, of near Larwill, who several weeks ago, with his nephew, Hiram Long, jr., were killed at the Larwill crossing by a fast train.

THREE BOYS ESCAPE FROM REFORMATORY

Jeffersonville, Ind., Oct. 30.—Three inmates of the Indiana reformatory left a field in which they were digging potatoes yesterday, without permission, and had not been found early today, according to information made public today. They were Charles Manus, from Hendricks county, serving a tem for burglary and petit larceny; Harry Johnson, from Grant county, serving a term for petit larceny, and Henry Bantley, Jackson county, sentenced for petit larceny. Johnson would have been released in a few days under a parole.

"WHO'S CRAZY."

Title of Annual Play to Be Given by the Senior Class.

The senior class of the Fort Wayne high school has now in preparation a delightful farce comedy, entitled, "Who's Crazy?" The senior play committee made this selection after careful consideration. It is intended that this play will be the "hit" of the season and will eclipse any previous senior play.

Mr. Franklin, of the Lyric theater and a gentleman of pronounced ranatic ability, will direct the play and will also select the cast. The names of the members of the cast will be published in the near future.

The production of the senior play is an annual event looked forward to by the student body and all lovers of animated amateur theatricals. The date, though not definitely settled, will be around Thanksgiving.

FEW FARMERS AT PLACES IN MARKET

Weather Tries to Put an End to Market—Scant Dozen Stalls Filled.

When Monday's rain turned to snow, as the weather man had predicted, all hopes for a large market Tuesday followed in its wake. Only a handful of farmers were in and these, well-bundled, sought the protection of the covered market. The main articles of sale were plants of sturdy growth, such as cabbage, parsnips and winter radishes.

The city scales refused to let the weather down it again and so weighed in eleven loads of hay and five loads of oats. The hay brought a top price of $20 and the oats brought 60 cents. These prices are among the highest yet paid.

COUNT MINOTTO'S FATE IS BEING DETERMINED

Alien Son-in-Law of Chicago Millionaire May Be Interned.

Chicago, Oct. 30.—The case of Count James Minotto, son-in-law of Louis F. Swift, millionaire packer, who is accused of pro-German activities, is today in the hands of Dr. Percy L. Prentiss, local head of the federal immigration bureau. He is expected to decide both on Minotto's loyalty to this country and his citizenship. Minotto claims to be a citizen of Italy, born in Berlin, his father being an Italian and his mother a German. If Dr. Prentiss decided against Minotto and is upheld by the commissioner of immigration on the question of his liability "to become a public charge" and his citizenship, he may be interned. If it is held that he is an Italian he may be sent to Italy for military service.

Henry Veeder, an attorney who represented Minotto in the hearing which is to be held soon, refused today to concede that the hearing involved the question of his client's liberty.

The department of labor has outlined its case against Mintto in a statement in which attention is called to his German birth, his connection with German banking houses, his association with Germans abroad and especially in South America, where he is said to have been on intimate terms with Count von Luxburg, the German ambassador to Argentina, whose intrigues recently threatened the neutrality of Sweden.

SPECIAL REGULATION FOR COLD STORAGE

BIG ICEHOUSES TO FEEL GOVERNMENT'S HAND DURING WEEK

Federal Regulations Become Effective November 1, When Licensing of Foodstuffs Begins.

Washington, Oct. 30.—Special regulations for cold storage houses will be put into force by the food administration Nov. 1, when distribution of the most important foodstuffs goes under license.

Poultry, eggs, butter and fresh or frozen fish stored thirty days or more cannot be sold as fresh and will not be permitted to go on sale unless marked with a plain "cold storage goods."

All fresh meat, fresh meat products, fresh fish, game, poultry, eggs and butter must be marked with the date on which they were placed in storage and their date of release. No warehouse will be permitted to store any foods tainted or diseased. To check speculation the food administration will limit loans and advances by storage warehouse men to their patrons. Warehouses will be classified as public or private and those storing goods on their own account as well as for the public will be required to take out also dealers' licenses.

All warehouses will be required to file schedules of their rates with the food administrator.

STATESMEN OF THIS NATION ARE GUESTS

Senators and Congressmen Are Given a Banquet in London.

London, Oct. 29.—Thirteen representatives and two senators were the guests of honor at a dinner given this evening at the Athenaeum club by the lord high chancellor, Sir R. B. Finlay. The guests included Premier Lloyd George, Foreign Minister Balfour, Ambassador Page, the archbishop of Canterbury, Viscount French, commander of the home forces; Lord Robert Cecil and the Rt. Hon. J. W. Lowther, speaker of the house of commons.

The dinner had been finished and the guests were chatting when warning of an air raid was given. Viscount French immediately left the room to be followed a few minutes later by the premier.

Senators Kendrick of Wyoming, and Kenyon of Iowa, told of their experiences on the steamer on which they crossed the Atlantic, which was attacked by a German submarine off the coast of Wales Saturday. Representative John J. Rogers of Massachusetts, and James S. Parker, of New York also were aboard the steamer. The gunners on the steamer fired several shots at the submarine which came very close to the mark. The U-boat submerged before it had time to launch a torpedo.

PRISONER SAYS GERMAN TROOPS TIRE OF STRIFE

With the American Army in France, Oct. 30—(By The Associated Press).—"The German soldiers in the ranks are tired of war and want it to end but the officers want it to continue as they are well paid."

Such was the statement made by the first German soldier taken prisoner by the American troops in the war, whose capture and subsequent death from his wounds in an American hospital was related last night.

The prisoner, a blond youth engaged in carrying mail, talked freely after being taken to the hospital. The American doctor who operated said the prisoner was very game despite his painful wound. "The soldiers," continued the prisoner, "did not know you Americans are here but the officers probably do. They tell us nothing. Our food is good, but we know nothing of conditions in the interior of Germany. Sometimes no mail is permitted to reach us for eight weeks at a time."

In explaining his capture the prisoner said he was following another man in the dark and that they kept turning to the left instead of the right and ran into the American patrol. The other man escaped.

MANY WAYS TO END WAR

Thousands of Inventions Have Been Submitted to War Department.

FIFTY A DAY IS GENERAL AVERAGE

Centrifugal Guns to Hurl Steady Stream of Bullets Favorite.

Washington, Oct. 30.—Fifty new ways to end the war arer proposed daily to the war department, for that many military inventions are submitted each twenty-four hours and nearly every inventor claims his device will revolutionize warfare. Ninety-nine out of a hundred are discarded as impracticable in the war emergency, but for the sake of the possibilities in the one all are welcomed and investigated.

Some of the Devices.

Here are a few of the devices before the war department's board of ordnance and fortifications, which gives preliminary investigation to inventions for consideration today:

Polished reflectors to throw sunlight into the eyes of the enemy and blind him; elaborated slingshots for throwing bombs; land torpedoes resembling small tractor engines to run across no man's land and explode in the enemy trenches; aerial torpedoes to fly without a pilot; double shot connected by chains to entangle airplanes in the skies; self-propelling bombs resembling skyrockets; sabres with pistol attached to the hilt, to inflict dou-

New York, Oct. 30.—Conditions in Poland, Greece, Norway, Letts and Africa were to be discussed by prominent speakers at the second day's session of the league of small and subject nationalities here today.

A banquet will be held tonight, at which the speakers will be Hamilton Holt, vice chairman of the League to Enforce Peace; Dr. Samuel T. Dutton, of the World Court league; Dr. Henry Goddard Leach, secretary of the Scandinavian-American foundation; Moorefield Storey and Lincoln Steffins.

Summary of the Day's War News

Gen. Cadorna is bending every effort to retard the forceful Austro-German advance in the Isonzo front while he effects a retirement to the strong line of the Tagliamento river. His cavalry is reported today in close touch with the enemy, who has been further hampered in this forward movement by the strong resistance of the Italian rear guards and the destruction of the bridges over the Isonzo. ITALY MUST BE ASSISTED

London View Generally is That Aid Should Be Hurried to Alps.

TREACHERY SEEN IN GERMAN GAINS

Italy Said to Have Been Corrupted Much as Russia Was.

London, Oct. 30.—Satisfaction with the decision of Great Britain and France to help the Italians is expressed by most of the morning newspapers which again urge that whatever assistance is possible must be given without delay. There is, of course, no certain indications of the exact form this help will take, but the general assumption seems to be that concrete reinforcements contributed by Great Britain and France will appear on the Italian front.

The Morning Post, however, contends that the best way of helping Italy is to keep hammering the Germans on the western front. It adds: "A German victory over the Italians will not help them if we keep striking hard in Flanders. It is a maxim in the war never to allow the strategy to be diverted to the enemy and every move of our enemy now is to attempt to create a diversion from the western front."

Sees Treachery.

PROPAGANDA IN RESULTS OF THE LOAN CAMPAIGN

Chicago, Oct. 30.—The federal government has started an inquiry into the activities of pro-German and pacifist propaganda conducted in those districts of Illinois that failed to support the second liberty loan. Jos. R. Fleming, assistant district attorney, is in charge of the investigation. No county in Illinois fell below ten per cent. of its allotment, but it was said today several counties were financially able to subscribe for more than they did and apathy is ascribed to the activity of pro-Germans and peace propagandists. Attention is called to the fact that these same districts refused to aid in the Red Cross drive and were laggards in the first liberty loan.

CADORNA MAKES MIGHTY EFFORT TO SAVE FORCE

Italian Commander Trying Desperately to Get Into New Positions to Make a Stand.

GERMAN FORCES HAVE OCCUPIED UDINE

Rome, Oct. 30.—The Italian retreat continued yesterday, the war office announced. The Italian cavalry is in contact with the vanguards of the advancing enemy.

The Italians destroyed bridges over the Isonzo and fought rear guard actions, by which means they checked the Austro-German advance.

"During yesterday the withdrawal of our troops on their new positions was continued. Destruction of the bridges over the Isonzo, effectuated by our troops, and the successful action of our covering units have detained the advance of the enemy.

"Our cavalry is in contact with the hostile vanguards."

GERMANS OCCUPY UDINE.

Berlin, Oct. 30.—Udine, the former Italian headquarters, has been occupied by Austro-German forces, army headquarters announces today.

The Austrians and Germans are pressing forward irresistibly in the northern Italian plane towards the course of the Tagliamento river, the statement says. Austro-German troops advancing from the Carnac Alps have reached Venetian soil on the whole front and are pressing forward

RETAILERS WHO BOOSTED PRICE UNDER INQUIRY

Indianapolis, Ind., Oct. 30.—An investigation of reports that some Indianapolis retailers had raised greatly the price of substitutes for foods needed for the war is being conducted here today by Dr. H. E. Barnard, Indiana representative of the national food administration. The reports name some of the larger retailers, as well as some of the smaller ones. One report being looked into was that corn meal had increased in price in the last few days from to 6 cents a pound to 10 cents a pound. According to the Indiana food administration six cents a pound is the maximum retail price that should be paid. Mr. Barnard said the investigation would be of prices charged for other foods as well as the substitutes, wherever his attention is called to what are considered "outrageous" prices.

GERMANS BUILD VAST NAME FOR ENGLISH TANKS

Washington, Oct. 30.—Thirty-five letters are required to spell the one word which in German is the equivalent of the four letter English "tank" or land battleship which has worked such havoc in the present war. The German word as it appears in official dispatches received here is "Schutzengrabenvernichtangautomobile" which freely translated is "machine for suppressing shooting trenches."

INVOKE LUTHER AS JUSTIFICATION OF AUTOCRATIC FORMS

Amsterdam, Oct. 30.—On the occasion of the 400th anniversary of the Reformation, the German Evangelical league launches from Wittenberg a manifesto in which the militant sayings of Martin Luther are applied at random to present day events. The manifesto rejects pacifism and thunders against the peace proposals as being invested with no religious authorities.

The manifesto concludes: "We especially warn against the heresy promulgated from America that Christianity enjoins democratic institutions and they are an essential condition for the establishment of the kingdom of God on earth. As Luther said: 'The freedom of a Christian does not depend on the forms of government which are shaped by historical developments and the accumulated experience of nations.'"

ELECTRO-TECHNIC CLUB'S PROGRAM

Season of 1917-1918 Will Be One of the Best in E. T. History.

The Electro-Technic club, which opened the lecture and entertainment season with a dance at Moose hall, October 16, has completed the list of attractions for the season with the exception of the meeting in December, which may be omitted because of failure to get the attraction wanted for that date. The dance was a most brilliant and enjoyable affair and the coming events are of importance in an educational and amusement way, making the series of exceptionally interesting character. November 20, Prof. Stanley Coulter, of Purdue university, will deliver a lecture, but has not sent in the subject, a matter that has been left with him to decide. An indoor field meet has been planned for Tuesday, January 8. February 19 is the date set for the lecture of C. F. Kettering, an engineer of national reputation, who will talk on the "History and Theory of Flights." Mr. Kettering is prominently connected with the Dayton Electrical Laboratories. He is also a member of President Wilson's board of submarine engineers. The March meeting will be devoted entirely to pleasure, being probably a skating rink party. April 16 has been selected as the date of the illustrated history of Thomas Edison, the great electrician. For this event the General Electric works at Schenectady will make special arrangements to give a complete history of Mr. Edison and at the same time illustrate by moving pictures some of the interesting epochs of his boyhood days, as well as his career after reaching man's estate. Following the pictures on that evening, B. J. Griswold will give one of his interesting chart talks. May 21 the annual election and business meeting will be held and June 29 the annual field day meet will take place.

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.—Advertisement.

O. L. Gaskill, pipefitter at the Pennsylvania shops, was absent today on account of having some private business to attend to.

F. Muehlenbruck, machine operator at the Pennsylvania blacksmith shop, failed to appear for work this morning, and gave sickness as his reason.

S. J. Jackson, blacksmith helper at the Pennsylvania, who injured his foot some time ago, returned to work this morning.

A. J. Cordiet, cabinetmaker of the Pennsylvania, reported for work this morning after a several days' lay off due to sickness.

R. H. Lauman has returned from Camp Taylor, where he visited his son, and resumed his duties this morning at the Pennsylvania planing mill.

Basil Hunt, who had been sick at his home in Winchester, has recovered and this morning reported for duty at the General Electric works, transformer department.

Charles Bente, painter at the General Electric works, is off duty on account of the death of his brother, William Bente, mentioned in The Sentinel yesterday.

Fort Wayne lodge No. 484, Ladies' Auxiliary to the B. of R. T., will give a Hallowe'en tea Wednesday afternoon at the home of Mrs. R. F. Rhodenbaugh, 519 East Pontiac street.

George M. Alldafer, a Nickel Plate brakeman, has been furloughed during his services in the army. He has joined Company A, 329 Infantry, and is at Camp Shuman, Chillicothe, Ohio.

Fred Franke, Frank H. Pranger and John W. Yarrington have been given employment as truckers in the crating department ofthe Bowser firm.

Miss Mary Wahrenburg, daughter of F. Wahrenburg, Pennsylvania passenger car builder, is spending several days at Springfield, Ill., visiting friends.

Agent J. B. Clizbe, of the N. Y. C. and the L. E. & W., went to Hillsdale this morning and thence will go to Chicago. His mission is business for the company and he will be gone several days.

C. W. H. Koehlinger and C. J. Lepper, of the motive power department of the G. R. & I., with headquarters in Grand Rapids, are here today on business connected with the valuation work.

H. Toenges, assistant foreman at the Pennsylvania east car shops, is laying off this week and spending the time visiting relatives at Richmond, Ind., and Kalamazoo, Mich. Mrs. Toenges is accompanying him on the trip.

P. U. Hoffman, draftsman of the Pennsylvania piece work department, was off duty yesterday due to weak eyes. Mr. Hoffman had his eyes tested and will soon appear at the office wearing glasses.

Westbound Nickel Plate train No. 1 was late today, because of the very heavy business. The train was divided at Bellevue and ran to Chicago in two sections, the second one passing this point about 2 o'clock.

D. A. Wolford, retired Pennsylvania shopman, was circulating among his associates and friends in the city today. Mr. Wolford now resides in New Haven, having moved there recently from Monroeville, where he went to reside four years ago, soon after being placed on the retired list.

COMPLIMENTS THE COMPANY.

Big Government Man Writes Letter to Rifle Club.

The doings of the Fort Wayne Rifle and Revolver club, which are always interesting at home, seem to be attracting attention from abroad, as indicated by the following letter to R. H. Chadwick, chairman of the publicity committee of the Rifle club, from Brig. Gen. F. H. Phillips, jr., of Washington, who writes as follows:

"I have at hand yours of the 22nd with the report of your match and wish to congratulate you on the enterprise of your organization. I believe that having cup matches of this sort to be one of the best means of encouraging enthusiasm there could be found and am sending it to the rest of the shooting world through the "Arms and the Man." Trusting that you will keep me posted on the activities of your club and call on me for assistance whenever I may serve you, I am, Very truly yours,

"F. H. PHILLIPS, JR.,

"Assistant Recorder National Board and Secretary National Rifle Association."

The "shoot" referred to by Brigadier General Phillips was the contest for the James J. Wood cup on Sunday, October 21, which resulted in H. A. Hartman winning for the second time. Others participating in the shoot were G. R. Gawehn, F. B. Hall, J. W. Patch, X. J. Divens, R. D. Sowie, W. M. Nichter, J. W. Dickens, H. E. Bougher, C. L. Clover, O. E. Archibald, E. A. Wagner, G. Bente and J. E. Hall.

THROWN FROM MOTORCYCLE.

When he dashed into a pool of water on the Maumee road early Monday morning, Chester Chapman, 1030 Glasgow avenue, was thrown from his motorcycle and sustained a fractured leg. The young man was picked up by Glenn Grubb, of New Haven, an employe in the testing department of the General Electric works, who was en route to the factory in his automobile, and taken to Hope hospital, where the fracture was reduced. He is doing well and will be out in a week or two.

HELP FROM OUT OF CITY.

Word That General Electric is Increasing Force Gets Abroad.

Evidently the news that the General Electric works is increasing its working force has reached all the towns hereabouts, for most of them are responding and sending men here to take employment in the big plant. Every day men and women from neighboring cities, and some cities not so very close, are added to the G. E. pay rolls. One department, the transformer, added seven men to the pay rolls this morning, and six came from out of the city. They were: Glen M. Coffing, of Toledo; Frank Kesster, of Auburn; John White, of Fort Wayne; Dale Shelly, of Plymouth; Harlo Cook, of Cleveland, and David Lichty, of Berne. This department has a number of employes residing in Ossian, Sheldon and other points on the traction lines who make the trip to and from the city on interurban cars. Some of them would move their families here, could they secure suitable houses for housekeeper, which is impossible at present.

REARRANGING MACHINERY.

Punch Press Department of G. E. After Greater Efficiency.

With a view of making room for more machinery, soon to be installed, and to increase the efficiency of the plant, the forty or more large machines in the punch press department of the General Electric works, of which Joseph Schwartzkopf is the foreman, is to be rearranged into a more centralized system. The work commenced this morning and as rapidly as it can be performed without interferring with the efficient operation of the plant, it will be pushed along. All the departments of the General Electric works have enjoyed an expansion the past two years, but very few have increased in the number of machines and general efficiency to as great an extent as has the punch press department, which now completely occupies the first floor of building No. 26, on Wall street.

NEW CLUB ROOMS.

Dudlo Club Will Open Elegant Quarters Saturday.

The committee of arrangements for the opening of the headquarters of the Dudlo club at 714 Washington boulevard west, has prepared a good program and the event will be one of the brilliant social functions of the season. Invitations are being generally distributed and the attendance at the opening will be immense. The program committee is composed of Jerome Kohrman, Lawrence Michael and Leo Bohne, who have not omitted one detail that will add to the succesful consummation of their aims. The opening will be Saturday evening, November 3.

LUTHER AND AMERICA

BY REV. G. DOEGE,
Pastor Trinity German Lutheran Church.

The Reformation—which, at first, was only a return to liberty in the order of religious affairs, became—also a return to liberty in the political system.—(p. 75.) The establishment of the Republic of America is a corollary of the Reformation. (p. 76.) The American republic and the Reformation from which it sprang. (p. 98.)—Prof. Charles Francois Dominique de Villers' essays on the Spirit and Influence of the Reformation.

The Reformation erected the standard of civil as well as religious liberty. —James Bryce, "The Holy Roman Empire." (p. 271, Caldwell, N. Y.)

The Reformation of Luther laid the foundation of the rights of man in society. The revolution of 1776 finished the superstructure of religious liberty. —Thomas Smith Grimke, member Literary and Philosophical Society of South Carolina.

Protestantism has been the chief moulding force in Germany, England and America.—Charles Beard, Hibbert Lectures on Reformation.

In the Lutheran Reformation a new people was begotten, with new ideas, invested with loftier prerogatives and aims, and intended by providence to found in the new world a great Christian republic, one of the mightiest agencies in human progress.—Daniel Dorchester "Christianity in the United States."

Had there been no Luther the English, American and German peoples would be thinking differently, would be acting differently, would be altogether different men and women from what they are at this moment.—James Anthony Froude, Luther, a short biography.

The City of Hartford, the State of Connecticut, the United States—are today what they are largely because of the life of Martin Luther.—Charles Dudley Warner.

If it be said that the contest of Luther was for religious rather than civil liberty ,the ready answer is that civil and religious liberty are inseparable, that one cannot live where the other dies.—Wm. H. H. Miller, attorney general United States, Fourth of July address, Connecticut, 1892.

Luther fought the battle of civil and religious liberty for us and all men. There are strong grounds for our American respect for the great name of Luther. As a nation, then, we have ample reason to revere the memory of Luther. He was the reformer of all the reformers of his country. Without him they had not been. He has been our heroic Protestant as fully as if he had been born on our shores.—Editor Buckley, N. Y. Christian Advocate.

No country has more reason than this republic to recall with joy the blessings Luther assisted to secure for the world.—Hon. John Hay.

Lutheran can be regarded as the author of the civil liberty that is enjoyed today.—Associate Justice Strong.

Out of them (the principles of Luther) have been evolved the representative government, the free institutions and the liberty, equality and fraternity which are the birthright of every American citizen.—Benjamin Lossing.

One consequence (of the Reformation) was an increase of civil and religious liberty in Europe.—President Elliot, of Harvard, in Chicago Examiner, Feb. 7, 1915.

The reformation of Luther introduced the principle of civil liberty into the wilderness of North America.—Daniel Webster at Bunker Hill, June 17, 1843.

We are here today to recognize Martin Luther as, beyond all other men, the instrument of God in giving the impulse by thought, word and act, to that world-wide movement which resulted not merely in the reformation of Europe, but in all that we Americans now enjoy, and all that we rejoice in being.—Hon. Robert Winthrop.

Let us all, with uncovered heads, pass before the monument of the man who lead Europe out of the darkness of the middle ages into the civilization of modern times. He was greater than poets or emperors, as religion is higher than literature or government. His monument—it is all about us; it is in us—Wm. H. Ward, editor New York Independent.

We owe to the Reformation the establishment of political and religious liberty.—Editor Spalding, of the New Hampshire Journal.

Luther stood for freedom of conscience and thereby also widened the area of liberty in general. He asserted the equality of all men before God, in Christ, and out of that came at length, here and elsewhere, the Declaration of Independence, which affirms the equality of all men before human law. —Wm. M. Taylor, D. D., LL. D.

To Martin Luther, above all men, we Anglo-Americans are indebted for national independence and mental freedom.—Frederic Hedge, of Harvard, Mass., Historical society.

Our civil liberty is the result of the open bible, which Luther gave us.—Henry Ward Beecher.

Martin Luther, "that majestic character who conceived the emancipation of conscience." That the principles of Martin Luther are the fundamental principles of our American republic there can be no question. The life of Luther is one for which we find no parallel in any history.—Treadwell.

"Blessed be the day of Martin Luther's birth. It should be a festival second only to that of the Nativity of Christ."—Robert Southey, poet laureate of England.

"The best commemoration which I can make of this man is to preach the doctrine which he held so dear."—C. H. Spurgeon.

"America has peculiar reason for celebrating the anniversary of the Reformation, since America is the only land where the principles of Luther have penetrated the entire social order. His defiance of entrenched wrongs, his willingness to stand with the minority or to stand alone, his intent interpretation of the scriptures, his faith in home and home and school, his delight in the task of the pioneer, all this makes him congenial and inspiring to the American people."—W. H. P. Faunce, president Brown university.

"Most certainly there should be a celebration of the four hundredth anniversary of the Reformation."—Theo. Roosevelt.

"I consider it most important and appropriate that so great and epochal a movement as the Reformation should be celebrated by all Protestant Christian bodies throughout the Christian world. The influence of the Lutheran movement viewed from whatever angle, has been so far reaching that it is difficult even to attempt to measure it. The cause of religious freedom was set forward immeasurably by the said movement."—Charles school, his delight in the cese of New York.

NO CLUE TO KU KLUX WHO LASHED PACIFIST

Public Indignation Meeting is to Be Held in Newport, Ky.

Cincinnati, Oct. 30—A public meeting to protest against the abduction and horsewhipping of Herbert S. Bigelow Sunday night, will be held in Newport, Ky., tomorrow night.

According to plans formulated today resolutions will be adopted calling on the mayor and the citizens of Newport and the governor of Kentucky to make every possible effort to apprehend the members of the so-called Ku Klux party.

Today the authorities were without a definite clew to the band of men who were responsible for the horsewhipping of Mr. Bigelow.

The officials appeared to be at a loss as to what course to pursue in view of the fact that no formal complaint or charge had been filed. Bigelow remained at the hospital today. He is suffering severely from the lacerations caused by the whipping and from nervous shock. His physician said he would not be able to leave the hospital for a week or longer.

GARRETT MAN TAKEN TO THE PENAL FARM

Mike Newbauer Must Serve Six Months for Threating His Parents.

(Special to The Sentinel.)

Auburn, Ind., Oct. 30.—Sheriff Frank Baltz will take Mike Newbauer, of Garrett, to the penal farm today to serve a sentence of six months. Newbauer, who is in the habit of getting drunk, did so Friday evening and his home being in Altona, the Garrett officials refused to make the arrest. Consequently the sheriff and his deputy were called. They found him in the home of his parents flourishing a big butcher knife and declaring he intended making a cleaning like the "nigger" did with Dr. Rodebaugh. His family were frightened as he has repeatedly beaten them when intoxicated. He was placed under arrest and given a hearing before Mayor Clevenger, of Garrett, who gave him a six months' sentence at the penal farm and a fine of $1 and costs. Newbauer, when not under the influence of liquor, is a peaceable man, but liquor makes him almost a maniac. However, by the time he is released from the penal farm, which will be about May', he will find things as dry as the desert around these parts and with the temptation removed he will undoubtedly get along nicely.

Auburn Short Items.

The wedding of Mrs. Ella Hallam-Anderson, of Canton, Ohio, and Miles K. Crenshaw, of Akron, occurred Sunday afternoon at the home of the bride's parents, Mr. and Mrs. Thomas Hallam, of West Seventh street, this city. Rev. F. A. Hall, of the Methodist church, officiated, using the beautiful ring ceremony. They will make their home at Canton, Ohio.

Abraham DePew, who has been in the care of Shoriff Frank Baltz at the county jail, awaiting admission to the Richmond hospital for the insane, was turned over to the Michigan authorities yesterday, his former home. Mr. DePew resided in Berrein county, Michigan, and came here on a visit. He was here but a short time when he lost his mind. The action was taken after a letter was received from the state board of charities, instructing them to do so.

Mrs. Anna Silver left Monday for a four weeks' visit with her daughter, Mrs. Dessa Lockwood, at Jackson, Michigan.

Mrs. Calvin Knecht returned yesterday from a few days' visit with friends at Wauseon, Ohio.

Mr. and Mrs. E. W. Drake, of Michigan City, and Andrew Plum, of Marion, Ind., were over Sunday guests of Mrs. Bertha Plum.

Mrs. Alice Barnes has moved from the McNabb home, on South Jackson street, into the Rance Gordon home on the corner of Jackson and Thirteenth streets.

Captain and Mrs. Walter D. Stump are the proud parents of a baby boy, who arrived at their home on Indiana avenue, Sunday afternoon. Captain Stump is at Wauseon, Ohio.

The Culture club have decided to give Tuesday afternoon to Red Cross work and consequently will meet at the Red Cross rooms in the court house every Tuesday, where they will give the entire afternoon to work. Their regular club meeting will continue the same, on Saturdays, as heretofore.

Miss Alice Bishop will entertain the Tri Kappas this evening at her home on South Van Buren street.

Mr. and Mrs. LeRoy Likens, of North street, are entertaining a fine baby boy, who arrived at their home Sunday and has been named Keith Harmes Likens.

COMING EVENTS CAST THEIR SHADOWS BEFORE

Cold Wave is an Installment of Future Winter Weather.

"Cheer up," says the weather man, only two or three more days, and the cold snap will be over, but in the meanwhile automobile owners had better look up that anti-freezing mixture and the housewife had better dig up her bulbs because there is all likelihood of heavy freezing weather tonight and tomorrow. The snow is practically over, and unless the weather map lies, the Christmasey atmosphere will be a negative quantity by Wednesday.

The cold snap of Tuesday, although not exactly unlooked for, took many people by surprise, especially the first glimpse of snow-covered roofs in the grey hours of the morning. The park board reports practically no damage as all summer vegetation has long been removed from the city parks.

NO USELESS CLOTHES IN "ARMY AND NAVY"

Costumes in University Club Show Designed to Be Used Afterward.

All of the preparations for the University club's big patriotic show, scheduled for the evenings of November 8, 9 and 10, "The—Aarmy and Navy"—are conducted along real war-time lines and in keeping with the constantcry of conservatism and the elimination of waste.

This is reflected in the statement of Mrs. Maude George Wylie, who is assisting W. Mills Davis, the director, in training the hundreds of persons in the great cast. "In the costuming of the singing and dancing groups throughout the production, nothing will go to waste," says Mrs. Wylie, who has designed the special costumes for many of the groups. "It is the custom to make up some fanciful costumes for occasions of this kind, which are useless after the affair is over, but in the present instance we have made our designs with the double purpose of producing beautiful stage effects and at the same time make the costumes in such styles and of such material that with slight changes they can be put into immediate practical service. We want to make this clear to some who may have thought we are tfollowing the usual course."

It is interesting to observe in this connection that the gowns of the "College Widows" in the production are being made in the public vocational school (Washington school,) under the direction of Miss Martha Tolan, instructor in domestic art. The entire work of designing, draping and sewing is being done here.

With the entire net proceeds to be devoted to patriotic purposes, the University club's enterprise is certainly a means of education along lines of patriotic practive and patriotic giving.

The groups rehearsals, as well as those of the principals, are going forward to a fine finish and next week's presentation will find the entire great cast of more than four hundred people well prepared to present the musical patriotic "hurrah."

TELEPHONE MERGER AT SOUTH BEND COMPLETE

Indianapolis, Ind., Oct. 30.—Practically the only thing remaining to be done today in the merger of the Central Union and South Bend Home Telephone interests in South Bend today was the formal entry of the order on the records of the Indianapolis service commission, approving the merger and the actual taking over of the plants under one management. An agreement regarding the form of the order to be made by the service commission was reached late yesterday by all parties interested.

The agreement provides for full protection of long distance toll business of the Indiana independent telephone interests. The agreement is similar to that in a recent merger of independent and Central Union interests at Decatur, Ill. It was said the merger would be completed before the time the option of the Central Union company on the plant of the Home company expired Wednesday. The purchase price named is $975,000.

SECOND LIBERTY LOAN.

It will be near the end of the week before anything definite can be known respecting the result of the second Liberty Loan campaign, but enough detail has been gathered to justify expectation that the full amount of the maximum desired has been subscribed.

It even is thought that the complete returns from all over the United States and from its outlying territories will carry the total beyond the five billion goal that was set as the farther mark. It will be the hope of all loyal people in this country that this may turn out to be true and more than merely true. An excess over the maximum would be a splendid commentary upon the American spirit for the great task in hand. It would be a happy offset against the disasters that have overtaken the Italian arms. It would be a solemn notice to the kaiser that he is fighting resources against which he cannot endure.

The second Liberty Loan, at all events, is a substantial success. Much more than the minimum amount at this time required is safely on the books. The next war loan will go better, we believe. The people by now ought to have a pretty clear understanding of what government bonds are and the advantage of owning them. A year hence and there will be little or no difficulty floating a three-billion-dollar loan. So far the war bonds subscribed by the American people aggregate about one-twelfth of their annual income. That is not touching the common resources very hard nor going into the general pocket very deeply. Those who buy bonds save money and money saved is wealth conserved.

Issuing war bonds will have to go on for a long time and in unprecedented volume before the process begins to pinch the people. We are too well off, too busy and making too much to feel the fifteen or twenty billions the first year will require.

AROUND THE TOWN WITH HOSEY—A 3.

The feeble defense that is set up for Candidate Cutshall as having four years ago sought to attach himself to the oncoming Hosey administration serves only to confuse and confound the republican mayoralty nominee. Mr. Cutshall would have done much better to interdict explanations in his behalf and permit his singular epistle to speak for itself, which it continues and will continue to do in its own way to the inevitable point in stubborn despite of all undertakings to illuminate it.

It is painful, of course, to many of Mr. Cutshall's friends to learn that four years ago he had silently and secretly committed himself to the cause of Mayor Hosey, wheras it was reasonably supposed and implicitly believed that he had joined his support to the independent movement. No one thought otherwise and no one had occasion from Mr. Cutshall to believe otherwise. Repeating what we already have said as to this, Mr. Cutshall had indefeasible right to do that and, having done that, was not only within his further right but was acting quite within propriety in asking the mayor-elect to appoint him to office. It is not that he had done this thing, but that he had provided himself with occasion and defense for doing this thing, that is now painful and shocking to his friends and bitter to the taste of his entire political party, leadership and mass.

Mr. Cutshall's organ says there was nothing wrong or improper in the fact that Mr. Cutshall sought office under Mayor Hosey. Of certitude there was not. Mr. Cutshall had governed his conduct and action in the campaign and at the polls in such wise as that he went to Mr. Hosey with some justice of claim. That is not the thing at all. His conduct and action were secret at the time and their concealments were never stripped off until a few days ago. Meanwhile, Mr. Cutshall had organized a mayoralty campaign in the republican party. He drew about him the most aggressive and impeccable of standpats. He raced on the ground of a tested and unimpeachable loyalty. He won his nomination as a republican whose record was blameless and without flaw. He is seeking election as a republican who in loyalty yields to none. Yet at the very close of his campaign the bar sinister is drawn across his shield. What are republicans who set great store by loyalty and devotion to make of that? Does Mr. Cutshall suppose, do his managers suppose, can anyone suppose that had it been disclosed in the beginning of March instead of at the end of October Mr. Cutshall, four years ago seeking a continuance of his political fortunes, had deserted his colors, turned renegade and skedaddled by night into the Hosey camp, there would have been any possibility of his nomination?

The republican party of Fort Wayne has a right to require Mr. Cutshall to submit explanations that will explain. Mr. Cutshall's organ has a right to demand explanations of Mr. Cutshall's base betrayal of it in gaining the doubtful if not fatal boon of its support after having assisted to drive it mad with "Hoseyism"—whatever that is. These matters do not in any wise concern us. We cite them as facts in a situation that has become fraught with a new, peculiar and somewhat amusing interest. Mr. Cutshall's offense consists not in supporting Mayor Hosey, not in seeking office under Mayor Hosey, but in concealing these things from his friends, his party and his organ. They are surprised and pained. Mr. Cutshall is merely embarrassed.

CLOCKING THE TOWN.

Candidate Cutshall's organ submits this observation as worth while:

> Possibly if the city hall is cleaned out we may be able to secure a little inside history on that $3,600 electric clock. That there is some inside history no one of any intelligence doubts, for that purchase was as wanto a waste of public funds as this community ever witnessed.

If the city were to set up a $3,600 electric clock every thirty days for a year it would not cost the people of Fort Wayne so much money in a year as they are mulcted every twelvemonth by the act of the Fort Wayne man who torpedoed the Fort Wayne relief bill in the legislature last winter.

There is some "inside history" relating to that nefarious business upon which we suspect the people of Fort Wayne will have light before many days.

That clock at least proclaims a purpose to promote the interests of the people's light and power enterprise. The stabbing of that bill that would have permitted a reduction of 15 per cent in the lighting bills of the people of Fort Wayne was designed to aid in the destruction of the city lighting plant.

Whatever the "inside history" of that clock, it is nothing that in political sordidness and public enmity can compare with the deed of the man who imposed the death sentence on the bill for reducing lighting rates in Fort Wayne.

PERVERTING THE NEWS.

The organ of Candidate Cutshall and Anselm Fuelber makes this garbled offering of the amusement news:

> The great melodrama, "Hooked Up With Hosey," is now enjoying a run in Fort Wayne with that accomplished matinee idol, Maurice Niezer, in the stellar role.

"Hooked Up With Hosey" had its run and disappeared from the boards four years ago, with W. Sherman Cutshall, the lightning-change artist, starring the part. The star had planned for a long run and perhaps a return engagement, but the production hit the rocks and "went in" after a short and unprofitable bid for favor. Actor Fuelber also essayed the role with no better success either "in front" or at the box office. In consequence of this dual failure of the enterprise both stars "unhooked."

Mr. Cutshall four years ago thought he would like to share in the honor and glory of the Hosey administration, then coming on. Perhaps he has got just a plain mad on because that privilege was denied him. Anyway, it sounds very unpretty for him to abuse Mayor Hosey after all that has been shown respecting his opinions of Mayor Hosey four years ago.

Food conservation, like the buying of Liberty bonds, is no sacrifice. It is a good thing to do wholly for its own virtue and profit. Not many Americans will be much hurt by cutting down on the eating or by reforming the diet.

The man who killed the Fort Wayne relief bill is stripping the people of many thousands of dollars each year and it may go on for many years.

Did you get your Liberty bond? If you didn't you are to be pitied. You have missed both glory and

"Bet He Never Hustled a Corner"

JESSE DAVID BRIGHT

(Christian Science Monitor.)

The biographical national directory, emanating from the government printing office in Washington, tells that Jesse David Wright, a senator from Indiana, a native of Norwich, N. Y., moved with his parents to Indiana in 1820; attended the public schools; studied law, was admitted to the bar in 1831, and practiced in Madison, Ind.; that he was elected judge of the probate court of Jefferson county in 1834, and a member of the state house of representatives in 1836 that he was appointed United States marshal for the district of Indiana and elected lieutenant-governor of that state in 1841. Furthermore, we are told that he was elected, as a democrat, to the United States senate, to succeed Albert S. White, whig; was twice re-elected, and that, after serving from March 4, 1845, to February 5, 1862, he was expelled for having, in a letter to Jefferson Davis, recognized him as "President of the Confederate States."

This offense, however, was simply the last straw upon the patience of the senate and of the people. The letter itself was written to introduce a friend who had "an improvement in firearms" to dispose of. Bright, who had once been president pro tempore of the upper house of congress, had known Jefferson Davis as secretary of the war in the cabinet of President Pierce, and as an associate in the senate.

Bright's attitude of disloyalty, not unlike that exhibited in other and later instances, seems to have been purely the outgrowth of willfulness and perversity. From the brief record of his public career just given, it is seen that he had nothing to complain of. His preferments were many and came rapidly. They also go to show that he must have been a man of parts, and popular. His state was little disposed toward secession; on the contrary, with Morton at its head, it proved to be one of the stanchest supporters among the states of the north. At the beginning of his lapse from loyalty, Bright was among the most prominent of the northern democrats. He had nothing to gain politically, but everything to lose, by adopting a course antagonistic to the north, but he went on from bad to worse as stubbornly as any copperhead of his period.

There was operating in certain of the northern states, before and during the civil war, an organization with secessionist sympathies and purposes known as the "Knights of the Golden Circle." In this organization Bright became active, after his expulsion. He soon found it convenient to remove to Kentucky, in which state he was elected to the legislature. Later he took up his residence in Maryland, where he sank into obscurity. As in the case of Vallandigham, while he had made himself utterly obnoxious to the north, he failed to win the confidence, or the friendship, of the south.

The case of John Cabell Breckinridge is sometimes mentioned as a parallel to that of Bright. Breckenridge, a member of a distinguished Kentucky family, was elected vice president with Buchanan in 1856, and received seventy-two electoral votes for the presidency in 1860, as the candidate of the pro-slavery section of the southern democracy. He held a seat in the senate when the civil war broke out, but he had the good taste to abandon it when he found how his sympaties were running, and, after entering the southern army as a brigadier-general and becoming a major-general, was made secretary of war in the Jefferson Davis confederate cabinet. His expulsion from the United States senate was recorded on December 4, 1861. The United States never surrendered jurisdiction over those who went from its service to the confederacy, but it was disposed to treat them with more consideration and respect than it accorded those who, while sympathizing with the south, remained in the north to annoy and hamper it at every opportunity.

TAKING NOTICE.

(Kansas City Times.)

We wonder what effect these heavy war taxes are going to have on the industry of politics in America. Taxes haven't bothered us much in this country heretofore. We never have felt them sufficiently to make us realize the relation that public revenue bears to public office or the relation that either bears to us as taxpayers and voters.

We shouldn't be surprised if we took a closer look at these matters now. The government is coming down on us pretty nearly every day now with something new in the way of taxes. We are beginning to feel the weight of them quite plainly and we're going to feel them more before we feel them less. Americans who never before knew the dizzy sensation of paying an income tax are going to feel it now and are going to get so accustomed to it that they will feel no more honored by the circumstance than they do now when the grocery bill comes in. Taxes of all kinds are going to be common and very, very heavy.

When we get to paying these real taxes we wonder if we aren't going to be a little more exacting in laying down qualifications for the men we elect to office. We haven't cared particularly what they did with our money. It wasn't very much, anyway.

But these war budgets they are turning out in Washington—maybe they'll go to twenty-one billions the first year—are of a size to demand the attention even of a busy man. They may yet reach a size that will practically compel us, distasteful as it may be to our superior personal feelings, to snatch a minute or two to glance at our candidates for office to see if they really are the sort of men we would pick out to split your last dollar with.

If we do get as interested as that it might have far-reaching results. We might get to be regular busybodies, looking into such trifling details as county road expenditures. There's no telling what a man will do when he gets to riding a hobby like wanting to know what becomes of his own money.

IS GERMANY BREAKING?

(New York Post.)

From the strictly military point of view, the mutiny in the German fleet is not of the highest importance. Admiral Capelle probably tells the truth when he says that the outbreak was but temporary and that discipline has been restored. But from the psychological and moral standpoint, from its bearing on the national spirit of Germany, the mutiny is of immense significance. We may be sure that news of it left millions of Germans aghast.

Reports of similar occurrences in the army have not been verified by official admissions, as has the mutiny at Wilhelmshaven. But one deputy openly alleged in the reichstag that a spirit of great discontent was manifest among the soldiers. They were not refusing to obey orders, but they were more and more unwilling to fight for a program of conquest and annexations. Clearly a mighty ferment is at work in Germany. It does not portend immediate surrender or suing for peace. But it does show that the German "will for victory" does not exist today in its old proud form. And the whole military and political situation in Germany at present, as we have to build it up with the fragmentary information reaching us, distinctly raises the question whether there is not something like a break coming.

FAILURE OF THE SUBMARINES.

(The New Republic.)

By far the most encouraging piece of news which has come from Europe in many months is that of the steadily decreasing success of the German submarine attack on commerce. For the first time since last winter the losses of merchant shipping are being reduced to manageable limits. Improved methods of convoying and arming merchant vessels have been successful in rendering the all-important maritime communication of the allies comparatively safe. Inasmuch as the operation of these methods will be still further improved during the winter and the spring it seems as certain as anything can be in war that the submarine offensive is by way of being defeated. Within a few months the gross tonnage controlled by the allied governments will begin to increase and the handicap of deficient transport which recently has been impairing the success of their military operations will be less costly. Germany's only chance of victory will have vanished. Even though she were capable next summer of placing a largely increased number of submarines in the water, their construction would constitute a waste of valuable resources. They will not be able to get at the faster, more heavily armed and more carefully convoyed fleets of the allies.

Diphtheria threatens to become epidemic in the northern part of Wells county. The disease entered the family of Frank Weikel, a farmer, living near Zanesville, and in less than two weeks from its first appearance four of his children died with it. Another farmer, named Samuel Tarr, lost two children, and the children of several other farmers have been ill with diphtheria. The district school, a few miles east of Zanesville, has been closed for a week in the hope of checking the spread of the disease.

FAMOUS BAND MASTER DIES AT VAN WERT

W. H. Hiestand Passes Away Suddenly at the Age of Sixty-Three.

(Special to The Sentinel.)

Van Wert, Ohio, Oct. 30.—W. H. Hiestand, 63 years old, leader and director of the famous Hiestand band, died suddenly last night at his home in this city, of heart trouble.

The deceased was apparently in his usual health Monday. He had spent Monday evening downtown, returning home about 9 o'clock. An hour later he was dead.

Mr. Hiestand was well known throughout the country. His band was for a number of years one of the crack bands playing at the Knights Templar conclaves. The band was organized in 1865.

The deceased was born in Darke county, Ohio. He had been a resident of Van Wert for the past forty-five years. A wife, son and daughter survive.

RABBIT RUN OVERFLOWS.

Waters Threaten to Enter Houses and Go Over Retaining Wall.

Huntington, Ind., Oct. 30.—Heavy rains Sunday night and Monday have caused Rabbit run to assume flood conditions. Several families are marooned and the rising waters threaten to enter their houses. The water is within three feet of the top of the big retaining wall of the Rabbit run cut-off, which protects many houses on the south side from flood. This wall has been broken twice by floods and many are watching it anxiously now. Other streams in the county are rising rapidly, but are not yet to flood stage.

HIT BY LIGHTNING.

Barn on Farm Near Zanesville Burns to Ground.

Zanesville, Ind., Oct. 30.—The storm Sunday night did much damage in the vicinity of Zanesville, striking two barns and the house of Sam Seabold, one mile west and three-quarters north of Zanesville. The Seabold house did not burn, though the flue was knocked off.

A large barn on the old Chaney farm near Zanesville, rented by Tom Chaney, was struck and burned to the ground. There were about twenty tons of fine hay in the barn. Another barn about a mile north of the Chaney barn was also burned to the ground, but the extent of the damage could not be learned. A barn near the Chaney barn, which contained live stock and farm machinery, was not damaged.

GOES OVER QUOTA.

Bluffton, Ind., Oct. 30.—Four hundred twenty-two thousand, nine hundred dollars is the exact amount Wells county takes of the second series of Liberty loan bonds. This amount is $72,900 more than the amount asked by those in authority as our just share. Wells county has done the big thing in a great cause. While the campaign got a late start it went with a rush when it did get started, and while all over the state farmers were being badgered because they would not take bonds, Wells county farmers came over in an amazing manner and helped very materially in putting the great amount to the credit of the government.

HIT WITH AN AX.

Montpelier, Ind., Oct. 30.—John, the small son of Mr. and Mrs. Charles Wickersham, who reside on Warren avenue, met with an accident Sunday afternoon about 3 o'clock which might have proved fatal. The little fellow was playing in the yard with his brother, Harry, and a number of other children and in some way was struck on the head with an ax by his brother. A cut about an inch and a half was cut in the boy's head, but did not affect the skull. Dr. Reynolds was called to dress the wound and it was reported Monday that the little fellow was resting as well as could be expected.

JAY SUBSCRIBED $480,000.

Portland, Ind., Oct. 30.—Jay county closed the Liberty Bond campaign here Saturday evening and subscribed her share of $480,000. The rain Friday interfered with the work and Saturday came in also with the same sort of weather but in spite of this the work went forward. As soon as the banks were open for business Saturday morning people were rushing to subscribe for the bonds. Farmers invested heavily. Even the smaller boys were on deck and carried their savings banks, opened them, and bought bonds. This spirit was carried out throughout the entire campaign.

HUNTINGTON WEDDINGS.

Huntington, Ind., Oct. 30.—Miss Viola Edgar and Leland Anthony were married here by the Rev. L. A. Swisher. ....Robert E. Hewes, of Whitley county, and Miss Ruth A. Goble, were married at the home of the Rev. E. W. Cole. Mr. Hewes will go with the next quota of national army men from Whitley county....Miss Nellie Saal, of this city, and Jack Schlink, of Fort Wayne, will be married at SS. Peter and Paul's church Tuesday morning. The Rev. J. F. Noll, of the St. Mary's church will read the service.

BREAKS AN ARM.

Huntington, Ind., Oct. 30.—Edward Schenkel, age five, suffered a broken arm at a public sale Saturday when a barn door was blown against him.... Cecil Reed, of Andrews, suffered a broken arm Saturday evening when an automobile he was cranking "backfired."

WEATHER IN ELKHART COUNTY.

Goshen, Ind., Oct. 30.—Rain which started falling here Sunday night has continued without interruption. It was accompanied by thunder and lightning. Farmers who have lived here for fifty years declare the October weather this year is the worst they have ever experienced. It has rained here nearly every day this month. Country highways are in bad condition and the soil is so wet that work on farms is at a standstill.

WARSAW WOMAN DEAD.

Warsaw, Ind., Oct. 30.—Mrs. David Kintzel, who died Saturday evening, was buried yesterday afternoon. Funeral services were held at the Methodist church, the Rev. A. G. Neal, pastor of the First M. E. church at Fort Wayne, officiating. The deceased is survived by the husband, two daughters, Mrs. Walter Parks, of Clunette, and Mrs. Howard Smith, of Warsaw, and one son, Walter Kintzel.

FOUND DEAD IN BED.

Portland, Ind., Oct. 30.—Bernard, the three-months-old son of Mr. and Mrs. Frank Bonifas, of New Corydon, was found dead in bed. The cause of the death is unknown, the child not having been ill previously.

ANTWERP CHILD DIES FROM EATING PILLS

Three-Year-Old Daughter of Edward Leider Had Been Left With Grandmother.

(Special to The Sentinel.)

Antwerp, Ohio, Oct. 30.—A child of Edward Leider, aged about 3 years, in the absence of her parents, and while in the care of her grandmother, Saturday, in some way got hold of a box of pills, left where her baby hands could get them, and the little one ate nearly the contents of the box before it was discovered it was medicine she was eating. The doctor was at once called, but could do nothing to counteract the work of the pills, and the little girl died Saturday evening. Funeral services from the Methodist Episcopal church at 2 p. m. Tuesday, Rev. C. B. Sessions, pastor, officiating.

Antwerp Short Notes.

Walter Stainfield and daughter, Hazel, went to Fort Wayne, Saturday, where they met his daughter, Mrs. John Underwood and sons, John Milton and Con Wilton, who have been visiting west of that city, and they spent the day together as guests in the home of Mrs. Calla Long, of that city.

Mrs. Nancy Hickle, of Weldon, Ill., who has been visiting at Hicksville, the guest of R. C. Thomas and family, departed for her home, Saturday.

Ivah Chaney and Valera Pettley, now employed at Fort Wayne, were visitors here, Monday, the guests of relatives.

George Clemmer, contractor and farmer, of Crane township, was a business visitor at Defiance, Monday.

Fred Harris, one of the pioneer farmers of Crane township, was an Antwerp visitor, Monday.

Hiram Lawhead, following the receipt of a telegram from his brother at Fort Wayne, announcing the death of his niece, Mrs. M. Lawhead, at her home at Piqua, Ohio, left Monday for that place to attend the funeral, which was held Tuesday afternoon.

Mrs. W. E. Smith, residing north of Woodburn, and mother, Mrs. J. W. Ross, residing at Molasses Gap, this county, were Antwerp visitors a short time, Saturday, while making an effort to reach the former's home. She had gone to Woodburn in an auto, then taken the jitney to Fort Wayne, where she was to meet her mother and escort her to her home. Missing the train that stops at Woodburn, they had to take a train to Antwerp, then return on a later train. They were hopeful, and expected to reach her home yet that day, although it was then 3 o'clock p. m.

Mr. and Mrs. Joseph Byers, of Dayton, Ohio, were the guests of Fred Johnson, in the home of his mother, Mrs. Rachel Johnson, Sunday.

Mrs. R. B. Snell and daughter, Evelyn, were Fort Wayne visitors, Saturday.

Miss Gertrude Banks, of Toledo, was the guest of her parents, Mr. and Mrs. T. C. Banks, Sunday.

Miss Maxine Harris went to Fort Wayne, Saturday, for a visit with her father, Samuel B. Harris, and grandmother, Mrs. Fannie Harris.

J. H. Weddle and wife, of Monticello, Ill., who have been spending the past week with their son, Alva Weddle, near Hicksville, and daughter, Mrs. M. Conelle, near Mark Center, departed for their home, Monday.

Mr. and Mrs. O. Duval are home from Kenosha, Wis., where they visited in the home of Joseph Graves and family. They also visited their son at Fort Sheridan, who accompanied them to Kenosha for a visit of a day. They also visited the Great Lakes training station, near Chicago.

Mrs. E. E. Freed went to Defiance, Monday, where in the afternoon she gave a talk before the Missionary society of the Presbyterian church, her subject being "Guatemala."

J. W. Dininger, of Bucyrus, Ohio, following a visit of a few days at this place as the guest of his uncle, J. B. Caruthers, and family, left for his home, Monday.

Miss Jennie Noble and Mrs. Mary Sommers, of Philo, Ill., who have been visitors here a few days, the guests of George Reinhart and family, and other friends, departed for their home, Saturday.

Emory Burroughs and daughter, Louena, were visitors at Fort Wayne, Saturday, in consultation with specialists in regard to the latter's eyes, she having been almost blind the past few weeks.

Make Your Own Cough Syrup and Save Money

Better than the ready-made kind. Easily prepared at home.

The finest cough syrup that money can buy, costing only about one-fifth as much as ready-made preparations, can easily be made up at home. The way it takes hold and conquers distressing coughs, throat and chest colds will really make you enthusiastic about it.

Any druggist can supply you with 2½ ounces of Pinex (60 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 65 cents, and gives you a full pint—a family supply—of a most effectual, pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat membranes, and gradually but surely the annoying throat tickle and dreaded cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is known the world over for its prompt healing effect on the throat membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

TODAY'S BEAUTY HELP

We find you can bring out the beauty of your hair to its very best advantage by washing it with canthrox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy; so fluffy in fact that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of canthrox which you can get from any good druggist, dissolve it in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. —Advertisement.

OBITUARY SKETCH.

Emmett Victor Harris, Jr., Youth of Many Noble Traits.

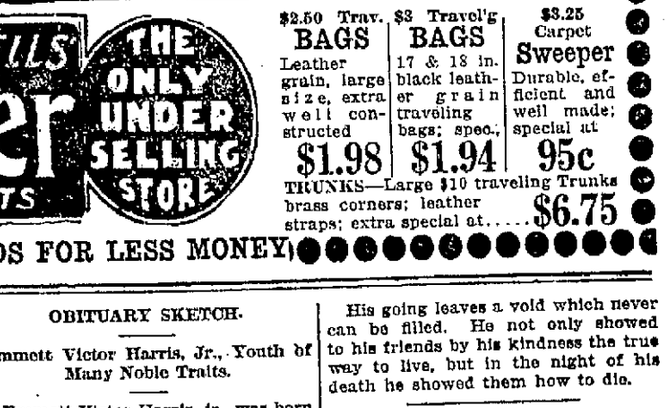
Emmett Victor Harris, jr., was born at Fort Wayne, July 14, 1904. He died October 27, 1917, being 13 years, 3 months and 13 days old. He was the youngest son of Mr. and Mrs. E. V. Harris. Although but a child he possessed an intelligence and moral sense of a high character and far beyond one of his years.

He found great delight in reading good books and would spend hours at a time with them and now that he is gone because of his loving disposition and noble youthful traits he will be deeply mourned by all who knew him.

His going leaves a void which never can be filled. He not only showed to his friends by his kindness the true way to live, but in the night of his death he showed them how to die.

VOLUNTEERS IN WRECK.

Austin, Texas, Oct. 29.—Five volunteers for the aviation school at San Antonio were injured when Missouri, Kansas & Texas passenger train No. 25, southbound, was struck by a M. K. & T. freight engine this morning in backing out of a switch five miles south of Austin. The injured are: H. J. Hamilton and G. Cunningham, Park City, Utah; P. Brandon, Emmet, Mich.; J. McDonald, Boise City, Idaho, and F. A. Nelson, Pocatello, Idaho.



A single application of Resinol usually relieves skin trouble

The moment Resinol touches itching, burning skin, the suffering usually stops. The skin rapidly loses its angry-look, the eruption clears away, and in a surprisingly short time skin-health is restored. It acts even more quickly if aided by Resinol Soap.

Resinol Ointment and Resinol Soap contain nothing that could injure or irritate the tenderest skin. They clear away pimples, redness and roughness, stop dandruff, and form a most valuable household treatment for sores, chafings, cuts, burns, etc. Sold by all druggists.

SOCIETY

The interest of many young girls in the city is centered just now in the wedding of Miss Lillian Wilding, only daughter of Mr. and Mrs. John Wilding, which will take place Wednesday evening at the home of the bride. The groom is Mr. Floyd Avis, of Hudson, Mich. There have been many parties in honor of Miss Wilding and last evening she entertained the young women of her bridal party at her home at dinner. The table and diningroom were beautifully decorated for the occasion with pink the principal color. Roses, candlesticks tied with tulle bows and place cards were suggestive of the wedding. The guests were Miss Georgia Leedy, who is to be maid of honor; Misses Evelyn Certia, Pauline Saylor, Marian Puckett, who are three of the bridesmaids; Elease Fee and Helen Cavalier, who are ribbon bearers, and Dorothy Hurlbut and Bernice Fulton, of Milwaukee, two classmates of the bride at Milwaukee-Downer college from which she was graduated a few months ago. Miss Alice Wilding, the bride's cousin, comes home today from Milwaukee-Downer, where she is a student, to be bridesmaid at the wedding. Miss Wilding is very bright and accomplished and extremely good looking. Mr. Avis is quite well to do and is in business in Hudson. This evening Mr. Avis gives a dinner party at the Anthony. His brother, Mr. Clyde Avis, of Lansing, Mich., will be best man at the wedding. Rev. E. W. Averill will officiate.

* * *

The Entre Nous club will meet with Mrs. Geisman, of West Lewis street, on Wednesday afternoon.

Mrs. Ella Morganthaler, of Chicago, plans to come to Fort Wayne to spend the winter and will arrive here within a few weeks.

Mrs. Alex Wilson and Mrs. J. E. K. France have returned from a visit with Mrs. Wilson's daughter in Belfast, N. Y.

Dr. and Mrs. E. A. Crull and son, Eric, have returned from a week-end visit with Mr. and Mrs. Clifford R. Lipkey, near Uniondale.

The Bay View Study club will meet tomorrow with Mrs. O. R. Kelsey, 934 Savilla avenue. The annual offering of clothing will be taken at this meeting.

There will be a meeting of the Council of Jewish Women on Wednesday afternoon at 3 o'clock in the new synagogue rooms, entrance on Fairfield avenue.

Mrs. Paul G. Stevens has returned from Louisville, Ky., and is the guest of her parents, Mr. and Mrs. A. T. Vail, until Lieutenant Stevens is permanently located.

Mrs. Gaston Ballhe will entertain ladies to make two tables at bridge on Wednesday afternoon, closing the series of benefits that have been in order for several weeks.

Mrs. Ida Overmyer, of the Bluffton road, is entertaining her niece, Mrs. Robert Agnew, of Beaver, Pa. Mrs. Agnew will be better remembered by many Fort Wayne friends as Dorothy Hughes.

Mrs. Harold Baxter, of Philadelphia, and Mrs. J. C. Johnson, of Los Angeles, were guests of Mrs. Walter Hamilton this afternoon and met several other girlhood friends with their knitting, for a visit. There were but a half dozen in all.

Miss Katherine B. Harper, of Goshen, and Mrs. Viola K. Roth, of Cambridge City, both delegates from their respective towns to the Federation of Women's Clubs convention here last week, were guests for a part of the time spent in the city, of Mrs. Monroe W. Fitch, of 342 East Berry street. Mrs. Roth and Mrs. Fitch knew each other in their girlhood days. Miss Harper has visited here before and is known to many Fort Wayne young people.

A merry masquerade of the Hallowe'en season was given by Miss Dorothea Coleman who entertained the members of her Sunday school class at her home in Howell street. The time was enjoyed playing games and there was music and dancing besides a lunch served in a dainty manner. The guests were Misses Flossie Olson, Fern Fennean, Helen Carpenter, Josephine Taylor, Mylrea Carver, Mable Bilger, Irene Turner, Frieda Morris, Bessie LeMay, Harriet Hanagan, Ruth Jones, Lorene Curtis, Lois Zimmerman, Lester Raski, Ida Butler, Clara Foltz, Ethel Kaylor, Mrs. LeMay, Mrs. Olson and Mrs. Kaylor.

Mr. and Mrs. Lawrence Hursh entertained at a 6 o'clock dinner in honor of their daughter, Mrs. John E. Lutz's first wedding anniversary. The affair being so close to Hallowe'en the decorations were black and gold. The favors were little black and gold nut baskets. The evening was spent in games and music. Those who enjoyed the affair were: Mr. and Mrs. Fred Lutz, Mr. and Mrs. John E. Lutz, Mr. and Mrs. Fred Lutz, jr., and daughter, Mr. and Mrs. John Ormiston and son, Aloyos Masbaum, Miss Elizabeth Masbaum, Elery Kimes, Mrs. William Young and daughter, Mr. and Mrs. C. L. Kimes and children, Mrs. Eliza Myers, Mr. and Mrs. Hursh, Mr. and Mrs. Charles Kuehn and children.

Mr. and Mrs. Henry Thumm, of White Bluffs, Wash., will be guests of Mr. and Mrs. Stephen Young, who reside on the Coldwater road. Mr. and Mrs. Thumm are making visits along the way but will reach Fort Wayne about the first of the month. Mr. Thumm is a brother to Mrs. Young and also George Thumm, who resides on the Goshen road. Mr. Thumm was born in Allen county but he went to North Dakota in early life and remained there several years before going to Seattle, Wash., where he held a real estate agency until the Klondike rush to Alaskan gold fields in which he took part and remained many years. After his return to the states Mr. Thumm bought a ranch at his present address, White Bluffs. He has many friends in this vicinity who will be glad to meet him as this is his first visit at his birthplace since the death of his brother, Andrew Young.

A social gathering of the Central Fidelity class of Simpson M. E. church took the form of a masquerade last evening. The hosts for the evening were Winifred Howard, Beatrice Madaris, Bertha and Charlotte Horn, Helen Truesdale. Others who participated in the fun were Mrs. Morris, Margaret Willis, Ruth Blackburn, Thelma Clark, Mary Ludwick, Thelma High, Arletta Woods, Lucile Gilders, Esther Logue, Irene Smith, Hazel North, Lucile North, Violet Bauer, Ethel Hopkins, Blanche Sauley, Helen McComber, Irene Haines and Mrs. Oren.

McGuire—Burns.

The wedding of Miss Armella Frances Burns, daughter of Mr. and Mrs. A. J. Burns, and Mr. Eldon J. McGuire, son of Mr. and Mrs. P. McGuire, took place in St. Patrick's church at 9 o'clock on Tuesday morning. Rev. Father F. J. Delaney officiated at the ceremony and nuptial mass. Many friends were present at the wedding. Attending the beautiful bride were two sisters to the groom, Miss Eleanor, who was maid of honor, and Miss Marie McGuire, as bridesmaid. A little cousin of the bride, three-year-old Mary Elizabeth Geyer, of Tiffin, O., was flower child. Mr. McGuire was attended by Mr. Edward J. McLaughlin, of Chicago, as best man, and by Messrs. Robert Burns and Herbert Kocks as ushers. The bride wore a gown of white satin and chantilly lace with beautiful trimming of iridescent banding and ornaments. The lace made a semi-overskirt and was looped with ornaments, while on the bodice the lace formed the upper part and sleeves and was edged with the trimming. The veil of tulle was banded across the forehead with an iridescent band that also held the ruching of the veil in the back. The bride looked altogether lovely in her modish and becoming gown. The bridal bouquet was made of bride roses with a shower of ribbon, swansonia and rosebuds. The honor maid was handsomely dressed in a costume of pink and white. White taffeta was the foundation of the gown, the fluffy silk lace falling over it in flounces, while the bodice was a combination of the same materials and colors with ribbon to finish. A poke bonnet of pink velvet and silver lace was a "dream" of beauty. The bridesmaid wore a very lovely gown of Nile green satin with bodice of silver lace and tulle, finished off with silver ribbon bands and sleeves of tulle appliqued with silver lace. A hat of white satin with pompoms of pink made a charming part of the costume. Both bridesmaids carried bouquets of pink roses. The flower child wore a fluffy white organdie with blue ribbon arranged in clusters with tiny pink rosebuds. Miss Mary Elizabeth held a basket of pink rosebuds and wore a wreath of tiny flowers on her bobbed hair. The wedding breakfast was served at the home of the bride, 324 West Butler street, to forty guests, including the family. The bride's table was trimmed with pink and white flowers and smilax with a wedding cake as the center of attraction next to the bride. In the afternoon the bride and groom left for Chicago for a few days' visit. On their return Mr. and Mrs. McGuire will begin housekeeping in their own home already furnished completely at 719 High street. They will be at home to their friends about the middle of November. Mr. McGuire is a foreman at the Wayne Oil Tanak plant and is recognized as a young man of more than ordinary ability and force. The bride is thoroughly sweet and capable. The guests from away were Mr. and Mrs. Andrew Geyer, of Tiffin, O.; Misses Loretta and Susie Schiffli, of Garrett, and from Chicago, Mr. and Mrs. H. Kirkhoff, Mr. and Mrs. F. S. Markey, Mr. and Mrs. W. M. Markey, Mr and Mrs. J. M. Kelly and Mr McLaughlin, the groomsman For traveling the bride wears a taupe color wool velour with velvet hat to match.

Bieber—Branning.

The home of Mr. and Mrs. Conrad Branning, in Aboite township, was the scene of a pretty wedding celebration Sunday afternoon, when their daughter, Miss Marie Branning, was united in marriage with Mr. Frank Bieber, a thrifty young farmer, of the same township. Rev. Fred Wambsganss, assistant pastor of Emmaus congregation, performed the marrage ceremony. The bride looked very lovely in a dress of cream colored crepe de chine and blue messaline. She was attended by Miss Ethel Jackson as bridesmaid, while Mr. Theo. Branning acted as best man to the groom. After the ceremony the guests were seated around the wedding dinner table laden with the choicest dishes from Mrs. Branning's ever well filled larder. The young couple will reside at the home of the groom's parents, whose farm the groom is in charge of. The customary collection for a charitable purpose was not forgotten, netting $5.30, which is to go in equal shares to the Red Cross society and the Lutheran Reformation jubilee fund. Only the nearest relatives from both sides attended the nuptial ceremonies.

MANTLE IS NEWEST FUR COAT

BY BETTY BROWN.

How to make a cape that is a coat seems to have been the goal this designer set for himself, and attained so successfully in the fur mantle shown here. The garment is a cape in reality, but it is so shaped that it seems to fall into broad sleeves, and the heavy collar of long fur, with the fur sash, completes the coat illusion.

In the mantle we discover the possibilities of adorning fur. The combination of two furs, such as seal and skunk, as in this model, is one way to attain this effect, and the application of heavy braid and chenille ornaments is another.

PUBLIC LIBRARY BRANCH

South Side Library to Be Open More Hours.

Beginning on November the first the South Side Branch of the Public Library will open at 9 o'clock in the morning and continue open until 9 o'clock in the evening every day except Sundays.

AT THE PALACE

"THAT'S MY HORSE."

Bloom's Famous Catch Phrase in "Sunnyside of Broadway."

The famous catch phrase, "That's My Horse," Max Bloom's trade mark in the revue "The Sunnyside of Broadway," in which Bloom, assisted by the merry Alice Scher, is appearing at the New Palace, never fails to tickle the ribs of the public. Bloom, of course, has a way all his own of reading this line, which crops out at the most unexpected places. One of the novelties of the revue this year is the jazz band in the rathskeller, with Bloom playing the traps.

Miss Scher, who enjoys the reputation of being the best dressed woman in vaudeville, flashes through the revue in some new and startling costumes this year.

As a special added attraction the New Palace is presenting Frank Vardon and Harry Perry in a medley of comedy efforts.

Human Fly Thursday.

Harry Gardner, the Human Fly, has been secured for a special three-day engagement at the New Palace, opening Thursday afternoon. Mr. Gardner, who has amassed a wonderful fund of funny experiences in his years of trouping over the country, will tell some of them and will project a reel of films depicting some of his most dangerous feats of athletic skill.

There will be no advance in prices except the new war tax of ten per cent, which becomes effective Thursday, November 1.

AT THE MAJESTIC

Sarah Bernhardt's Engagement.

Bernhardt; the world-famed artist and woman, the greatest representative of modern France, will come to the Majestic, Fort Wayne, on Wednesday evening, November 7th, with her own company and production from the theater Sarah Bernhardt, Paris.

This is Mme. Bernhardt's tenth tour. She is bringing her distinguished company of actors. One innovation will be the appearance of several well-known instrumental and other artists, who will be seen in intervals before and after Mme. Bernhardt's appearances, notably Jean Cooper, contralto; Annie Louise David, harpist; Gems of Art, Jean Duval & Co.; Albert Donnelly, shadowgraphy; Florence Hardeman, violiniste, and Rome Fenton, tenor, so there will be no waits.

For the engagement here the following repetoire has been chosen: "Cleopatra" and the trial scene of the "Merchant of Venice," in which she appears as Portia.

Mail orders are now being received and filled in order of receipt.

LODGE NOTES

Booster Meeting.

The booster meeting held Monday night by the Knights of Pythias was attended by a large crowd. Features of the program were the appointment of T. N. Roach as district deputy by the grand chancellor of the Indiana lodge, Frank Heller, of Columbia City, dances by Miss Grace Romary, solos by Miss Cora Blue and Miss Gertrude Sivits. After an address by Frank Emrick a clam chowder lunch was enjoyed.

Masquerade Ball.

A masquerade ball will be given Tuesday night in Unity hall by the Protected Home Circle.

Hallowe'en Dance.

Plans have been completed for the Elk's Hallowe'en dance and card party Wednesday night. The hall will be decorated in festive appearance and a good program is assured. The Franklin orchestra will furnish music.

TO PREVENT SPECULATION.

Washington, Oct. 29.—Special regulations to prevent speculation in canned goods will be put into operation Nov. 1 by the food administration. All canners will be placed under licenses forbidden to make future sales of canned corn, peas, tomatoes, salmon and sardines before Feb. 1. This may be later extended, depending on the needs of the allies and the American military forces. As in other commodities controlled by the food administration canners will be required to sell their products at a reasonable margin of profit regardless of market conditions or replacement values.

WIDE BRAID FOR WAISTCOATS.

Braid, eighteen inches wide, is used for waistcoats in some suit coats having cutaway fronts.

Sign Your Country's Food Pledge—This Is It:

CUT OUT CAREFULLY ALONG THIS LINE

Pledge Card for United States Food Administration

If You Have Already Signed, Pass This On To a Friend

TO THE FOOD ADMINISTRATOR:

I am glad to join you in the service of food conservation for our nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the Food Administrator in my home, in so far as my circumstances permit.

Name _____

Street _____

City _____ *State* _____

There are no fees or dues to be paid. The Food Administration wishes to have as members all of those actually handling food in the home.

Anyone may have the Home Card of Instruction, but only those signing pledges are entitled to the Membership Window Card, which will be delivered upon receipt of the signed pledge.

Cut this out carefully and send it to the Federal Food Administrator, Room 20, State House, Indianapolis, Indiana.

Do not send it to Washington. Send it to Indianapolis.

This is the same as the pledge card, and just as official. Do not sign this if you have signed a pledge card. Do not sign a pledge card if you sign this.

When you send this in, with your name and address, you will be sent free: (1) a handsome three-colored window membership card to show that you are trying to live up to the suggestions of the food administration at your house; (2) an interesting and valuable book of suggestions and recipes, entitled "Ten Lessons on Food Conservation"; (3) a wall card to hang in your kitchen, entitled "The Kitchen War Creed," to show you how you can help win the war in your own kitchen if you wish.

And the food administration will mail you other helpful things later, perhaps.

To sign this card is a patriotic privilege. It will make you a leader in your neighborhood in the task of saving certain foods for our soldiers and our allies.

Sign this card. Show Mr. Hoover you are with him. Hang out your window membership card when it comes. Read the interesting literature that will be sent you.

The government is not going to ask for your canned goods or for anything else, because you sign this card. You incur no obligations. You merely promise to study the problem of "food saving to win the war" and do what you can to help

IN THE CHURCHES

WILL CELEBRATE THE REFORMATION

Lutherans Will Hold Services Wednesday Afternoon and Evening.

The four hundredth anniversary of the Reformation will be celebrated Wednesday afternoon and evening at Concordia college. Speakers have been engaged who are well qualified to explain the meaning of the event. Turn hall and College chapel are expected to be taxed to the limit to accommodate the mass of people who will attend the celebration.

Services will be held Wednesday afternoon at 2:30 o'clock at which time Prof. W. C. Kohn, of River Forest, will speak. A choir of nine hundred children's voices will give two beautiful selections. Following is the program:

Orchestra.
Hymn sung by the whole audience.
Scripture Reading—Rev. Ph. Wambsganss.
Children's Choir (900 voices), A Composition by Prof. H. Hahn, of this city; Professor Pchlmann, Director.

Mr. Berquist comes very highly recommended and is a forceful speaker. He will also speak in the evening at the Bethany Presbyterian church.

AGED MAN FOUND ASLEEP IN RAIN

Albert Holden Practices the Back-to-Nature Fad.

Albert Holden believes in the simple life. He is close to 80 years old and was found Monday morning lying behind a billboard during the rainstorm. The old man had on neither underclothes nor socks and wore no overcoat. He had $100 in his pockets and carried notes of deposits for $500 more. Tuesday morning he grew very indignant when Judge Kerr insinuated that he was unable to take care of himself, and wanted to pay his bill at the station and be on his way to St. Louis. He was held until train time and then taken to the Wabash station and placed on a train. The old gentleman is in the best of physical condition and insisted that he did not choose to wear underclothing or an overcoat.

More Rotted Peaches.

Another suit for rotted peaches was filed in police court Tuesday morning. The suit was filed by an Allen county farmer against Moses Jacobs. Health Officer Josse was unable to appear and the case was therefore continued until Nov. 1.

But One Arrest.

Monday was a record day, for but one man was arrested. Archie Barney, a colored boy, was found train-climbing and was ordered out of town at the earliest possible time.

ASKING RAISE FOR SPECIAL CAR RATE

Traction Company Wants $10 More to Run Extras to Decatur.

The cost of chartering a special car between Fort Wayne and Decatur will be $35 instead of $25 if the petition now before the public service commission of Indiana is acted upon favorably. The Fort Wayne and Decatur Traction company is asking the $10 raise in special car rates because they announce that the present price is below cost of operation.

The petition will be acted upon by the public service commission at 10:30 o'clock, on the morning of November 15. There is expected to be no objections to the raise in special car rates as the increase will not affect general traffic. Only thirteen special cars were run on the Fort Wayne and Decatur road last year.

In southern Siam silk is produced from domestic silkworms of the white and the striped species, the former producing white and the latter yellow cocoons. Each cocoon is said to yield from 200 to 250 yards of silk thread, and two pounds of fresh cocoons will furnish about four ounces of raw silk. The white silkworm produces from 25 to 50 per cent. more silk than the striped worm, and its silk is also finer than that of foreign cocoons, and of higher commercial value. Of the six varieties of mulberry trees cultivated in Siam, the gem mulberry and the black-eyer mulberry trees have the preference for rearing of silkworms, because of the sturdy growth of these trees and their abundant foliage.

RED CROSS SOCIETY HAS $22,208 MARGIN

War Fund Grown to $92,131 Report of Treasurer Shows.

The Fort Wayne chapter of the Red Cross has a cash balance of $22,208.44 and the war fund of that organization is supported by resources to the sum of $15,857.80, according to the report of Frank H. Cutshall, treasurer of the two Red Cross funds, before the regular meeting of the Red Cross directors, held last Friday.

In his carefully prepared, itemized statement, submitted to B. Paul Mossman, head of the Allen County Red Cross organization, Frank Cutshall brought out that there are 9,642 citizens who signed for annual membership in the Red Cross society last March. There are 226 subscribing members, nineteen contributing members, who pay $5 each, three sustaining members who subscribe $10 each and one life membership of $25.

The Fort Wayne chapter has collected $37,584.78 between March and the last of October. Disbursements have been $15,376.34, leaving a balance cash on hand of $22,208.44.

The total number of subscribers to the war fund is 15,800 and amounting to $112,305.24. The total of cash collected up until October 25, is $92,131.19. The collections by months are: June, $22,087.39; July, $14,199.79; August, $27,044.16; September, $12,777.40, and October, $16,623.45.

From the amount of $92,131.19 for the war fund have been paid salaries, $554; publicity, $335; supplies, $419.85; campaign luncheons, $595.25. To the war fund committee for immediate use has been given $57,081.56 and to the Fort Wayne Red Cross chapter, $17,172.84. Total disbursements are $76,293.39, leaving a cash balance of $15,867.80.

WHY WILDWOOD PARK IS ADMIRED BY ALL

It is the Simple Application of Nature's Own Rules of Beauty.

Admirers of Wildwood Park who are strangely drawn to the place are just awakening to the fact that its appeal comes to them through no extensive artificial revision of the natural landscape, but rather through the scientific adaptation of the principles of street planning and development which preserves all that was there before the landscape architect "set eyes on it."

In certain other cities the proud real estate booster displays with pride a thickly-settled district and says:

"You wouldn't believe that that used to be a mud-hole, now; would you?" or, "We cut down a hill over there and piled the dirt in here to level everything up—in fact, you wouldn't think it possible that this is the same old locality."

How vastly different has been the process in Wildwood Park. And how easily its choicest features might have been destroyed! Instead of interfering with the wooded hills and the broad sweep of open land the landscape architect, Arthur A. Shurtleff, of Boston, and the engineering corps, headed by F. H. Dulot, adjusted every phase of the general plan to the lines as already established.

And that's why Wildwood Park appeals to everyone. Like nearly everything else that we admire, it is just simple and natural—that's all.

I have several last year's Ford radiator and hood covers, brought from the filling stations, that I will close out cheap.

FORT WAYNE STORES PREPARE FOR TOMORROW

Suburban Day Will Bring Biggest Crowd of the Season Wednesday.

An examination of the advertising columns of the Sentinel today leaves no doubt that tomorrow is Suburban day, with its increasing array of mid-week "specials" for the thousands who have now formed the habit of coming to Fort Wayne every Wednesday. Last Wednesday's attendance of people from the cities and towns of the Indiana and Ohio portions of the Fort Wayne trading circle was far in excess of those of the preceding shopping Wednesdays, a fact which shows that all that's needed to create a big Suburban day is good weather. The people as well as the merchants, are therefore hoping for clear skies Wednesday. In the meantime the columns of the Sentinel today serve as a helpful guide to the visitor.

OSSIAN NEWS.

Ossian, Ind., Oct. 30.—Mr. and Mrs. Lewis Hoopengardner gave a dinner Sunday at their country home just north of Ossian, in honor of their son, David Hoopengardner, of the battleship, San Diego, who is home on a few days' furlough. The dinner guests were Mr. and Mrs. Will Hoopengardner, Miss Gretchen Hoopengardner, Mrs. Mame Fryback and family, Mr. and Mrs. Clyde White and family, Mr. and Mrs. Curt Archbold and family, Mr. and Mrs. Will Goshorn and family, Abram Hoopengardner, Mr. and Mrs. Charles Jennings and family, Miss Helen Bowman, of Fort Wayne; Mr. and Mrs. William Brindle and Mr. and Mrs. Guy Brindle and family, of Sheldon. Mr. Hoopengardner left Monday morning to return to duties on shipboard.

Mr. and Mrs. A. A. Melching and family spent Sunday in Bluffton visiting in the home of Mr. and Mrs. W. J. Dustman.

The W. H. F. M. S., of the Presbyterian church, will meet Thursday afternoon with Mrs. Will Hoopengardner.

All persons interested in Red Cross work are urged to be present at the next local meeting, which will be held Friday afternoon at the home of Mrs. O. A. Blevins. The ladies are asked to come prepared to spend the afternoon sewing for the Red Cross.

Mr. and Mrs. J. W. Roback, of Fort Wayne, spent Sunday in Ossian, visiting with the latter's mother, Mrs. Emma Cline.

Mr. and Mrs. E. H. Roe had as Sunday guests Mr. and Mrs. Wilbur Chandler and Mr. and Mrs. William Bowman, of Pennville, also Mrs. John Giles, of Pittsburg, Pa.

The girls of the Eighth grade, in the public schools, held a masquerade party the other evening in the domestic science room of the school building. Each girl invited a girl friend. About twenty in all were present. Miss Bernice Wilson, Miss Vera Kochring, Mrs. Carl Wilson and Mrs. Zola Beaty acted as chaperons. The amusements were games, ghost stories and fortune telling. For eats the girls made fudge and taffy.

Mr. and Mrs. Robert A. Hatfield spent Sunday at Prospect with their daughter, Mrs. Charles Wilson and family.

Mr. and Mrs. Ernest Vananda and daughters visited in Bluffton Sunday with Mr. and Mrs. John Gilbert, the latter a sister of Mrs. Vananda.

The members of the Whileaway club are having a guest night and Hallowe'en party this evening at the home of Mrs. Will Hoopengardner. Each one is to take with them a lady guest.

Miss Ilow Elzey is to be one of those taking part in the Fort Wayne University club's production, "The Army and Navy," which will be given at the Majestic on the nights of November 8, 9 and 10. This is being given in the interest of the Red Cross movement.

Miss Dorothy Spencer will be hostess for the sophomore class tonight at a masquerade party. Each member will take with them a guest.

Rev. Frank K. Baker went to Fort Wayne today to attend an adjourned meeting of the Fort Wayne Presbytery held at the First church. Rev. Mr. Baker is moderator of the Presbytery.

Miss Mary E. Weisell, of Bluffton, and Miss Dorcas Glass, of Fort Wayne, were Sunday guests with Miss Mary Harter.

Mrs. W. A. Woodward is home from a few days' visit at Warsaw with her uncle, Michael Rock.

Mrs. T. V. Rector spent Sunday in Fort Wayne visiting with her brother-in-law, William Weaver and family.

Mr. and Mrs. I. S. Sunday and son, Ralph Sunday, of Fort Wayne, visited Sunday afternoon with Rev. and Mrs. F. K. Baker.

Miss Florence Hatfield was hostess for the Juniors last night at a guest night masquerade.

Mr. and Mrs. J. H. Honline, Mr. and Mrs. Lester Honline and Mr. and Mrs. M. S. Honline were in Fort Wayne Sunday to see Lucas Fry at the Lutheran hospital. Mr. Fry submitted to an operation on Monday and is in a serious condition. Mrs. Fry and daughter, Sadie Fry, are with him.

A jolly Hallowe'en party was held the other evening at the home of Mr. and Mrs. G. C. Glass, living southeast of Ossian. Their daughter, Miss Ruby Glass, was hostess for the Freshman class at a masquerade. Each student took with him a guest. Games, contests and ghost stories helped to pass away the time and all enjoyed a nice lunch. Those present were Misses Vivian Clark, Vera Koehring, Bernice Wilson, Levita Hanna, Hazel Byrd, Gretchen Hoopengardner, Dorothy Hatfield, Bertaline Cotton, Leota Roberts, Emma Taylor, Avis Rector and Messrs. Aubrey Quackenbush, Ralph Chalfant, Aubrew Kellogg, Glen Cutler, Doan Roe, Ned and Kenneth Green, Henry Clark, William Beaty, Forest Crummitt, Fred Ault, Forest Todd, Alfred Norwalt and Forest Chupp.

T. V. Rector was at North Grove Sunday, spending the day with his son, Clyde Rector and family.

Harry Truesdale, of Valparaiso, spent a few days last week visiting with his mother, Mrs. John Truesdale, living near Murray. Mr. Truesdale has been a telegraph operator at Gary and is now preparing to go to France as an operator. He is to leave for New York city at once, from which place he goes abroad.

Mrs. Jesse Shaffer and sons returned Sunday from a week's visit with relatives in Decatur.

TIRED OF KEEPING HIS WIFE'S CHILDREN

William Hoover Says They Are Well Able to Keep Themselves.

Declaring that his wife insists that he provide for her grown children by a former marriage, though they are old enough and well able to provide for themselves, William Hoover filed suit Tuesday in the superior court asking for a divorce from Dora Hoover, 411 East Wayne street.

Hoover sets out that when they were married on October 14, 1916, each had children by former marriages, but at that time the defendant agreed that her grown children would not live with them. He says she has violated her agreement and that, as a matter of fact, they have been living with them ever since.

He charges his wife with nagging and with frequently telling him she did not care for him. Hoover is represented by Attorneys Emrick & Emrick.

THE EVENING SENTINEL FILLS WOMEN'S NEEDS

Just now, in addition to the many reasons prevailing in ordinary times, there are numerous special reasons why the women who buy food and other supplies for the family should not let a day pass without a careful reading of every page of the Evening Sentinel.

Skip nothing. Read the news columns, editorials, selected women's features, the market page, store news of Fort Wayne merchants, want-ads — everything—as all hold money-saving suggestions.

Says Wife Left Him.

Charging his wife with leaving him twice without cause or provocation, George Pratt has filed suit in the superior court asking for a divorce from Myrna Pratt. He says that both times he persuaded her to return. Pratt charges his wife with calling him all sorts of naughty names and with rogetting to take a bath with any degree of regularity. Claren P. Squires is Pratt's attorney.

Capitalized at $50,000.

Trustee Office Closed.

The office of Trustee Allen Hamilton was closed at 11:30 for the remainder of the day out of respect to the memory of Henry Branning, former trustee, whose funeral was held Tuesday afternoon.

Foreclosure Suit.

Suit for the foreclosure of a mechanic's lien has been filed by the Grosjean Construction company against Ella F. Ashbrook. William Geake is the attorney.

More Evidence.

Further testimony will be heard Friday by Judge Carl Yaple in the superior court in the case of Pheba A. Hamilton against Levi H. McAfee, James Peddicord and others for injunction and damages. The suit involves a dike to the east of Lakeside, against which the plaintiff is protesting.

Divorce Granted.

A decree for divorce was granted Esther Nusbaum from Earl Nusbaum by Judge Carl Yaple in superior court, Tuesday.

Mechanic's Lien Suit.

A suit for the foreclosure of a mechanic's lien to satisfy a demand for $37 has been filed by Roy Smith against Charley Sigal, the Fitch Electric garage and John Walker.

Demands $500.

John M. Wyandt filed suit Tuesday in the circuit court against Frank M. Berg and Carrie Berg for $500 alleged to be due for work and labor.

Foreclosure Chattel Mortgage.

Oliver W. Storer filed suit Tuesday in the superior court against Carrie Coleman for the foreclosure of a chattel mortgage, to satisfy a demand for $51.75.

Notes of the Courts.

A petition has been filed by Julia Van Meter asking that Cary B. Van Meter be declared of unsound mind.

Suit for $79.50 alleged to be due on account has been filed by Dr. L. P. Drayer against Edward J. Wegmiller.

A NEW VENTURE IN CITIES OF AMERICA

Department of Agriculture Now Directly Helps the City Woman

Washington, Oct. 29.—While the United States department of agriculture has for a long time been conducting work of benefit to city folks, it is now undertaking, directly and for the first time, to help the city woman in the work of promoting food production, food conservation, and household thrift. To carry on this work through demonstrations and through other educational methods, congress made appropriations for women city agents of the department. The cities, through their various organizations, help to support the movement, which is carried on by the department in cooperation with the state colleges of agriculture.

The work of the bureau of chemistry and of the office of home economics has been of benefit, in respect to foods, to city women, though not more so than to country women. The bureau of markets, through its city market work, affects both the country producer and the city consumer.

Those in charge of the home demonstration work in the various states welcome the authority and the opportunity to work directly with urban dwellers. In former years they have often held extension schools, meetings and demonstrations in canning, preserving, cooking and other lines of food conservation in towns and cities, for country women, on account of the convenience of holding them there, and the town and city women have incidentally derived much benefit from such meetings.

Plans of the Work.

The plans for the city demonstration agents call for the employment of workers who will co-operate with and work through organizations already in existence, or help to form new ones where none exist. They will assist the city women in their problems concerning food productions, prevention of waste, and the conservation of food. The actual lines of work include home gardening, poultry raising, canning, drying, pickling, preserving and brining of fruits and vegetables, proper methods of storage in the homes to prevent loss, utilization of left-overs, economic methods of buying, prevention of unnecessary waste in the consumption of food, introduction of new foods as partial substitutes for meat and wheat flour, proper diet, and other activities.

In general these city agents are organized as a part of the extension work for women in the state. In some states this work is made a special division while in others it is a very intimate part of the regular home demonstration work. In some instances the city worker is appointed as an assistant to the regular county home demonstration agent who already has influence in the city. In other cases city agents are appointed as an assistant to the regular county home demonstration agent who already has influence in the city. In other cases city agents are appointed independently. Where there is a strong farm organization or county farm bureau, the agent may be officially associated with the work of that organization.

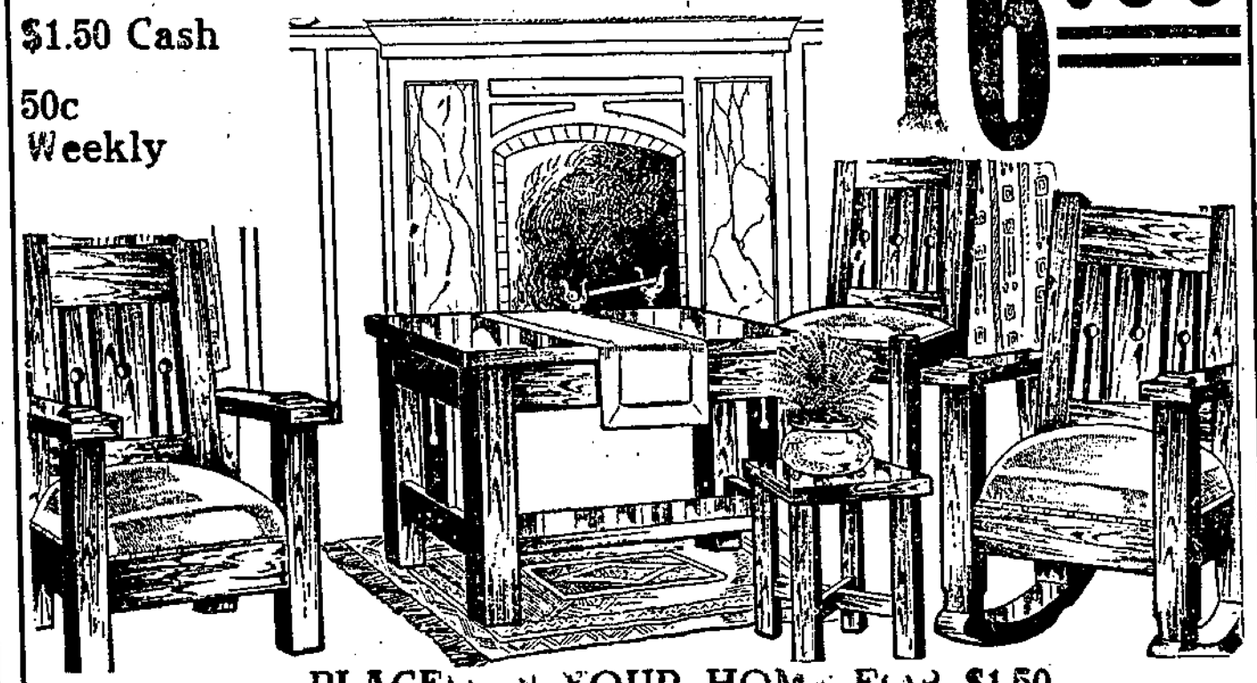
Five Piece Living Room Suite

One Room Furnished Complete

$1.50 Cash
50c Weekly



PLACED IN YOUR HOME FOR $1.50

The really wonderful thing about all specials offered by the Outfitters, is that, not only do we make homefurnishing sensations from a price standpoint, but we offer our liberal credit terms on the special prices we make. For instance, we know of no occasion when such a lot of good furniture was ever offered for such a low price AND DELIVERED INTO YOUR HOME ON THE SMALL PAYMENT OF $1.50. On our plan you can enjoy a home of convenience, elegance and comfort and pay for it while you have the advantage of its possession.

The Value and Why We Can Offer It to You

This entire five-piece outfit is worth every cent of $25.00. On our visit to the furniture market, along with the other score or more of stores in our buying chain, this body of buyers contracted with a prominent manufacturer to take many hundred of these sets provided his price was right. Naturally on such a big order the manufacturer's price would be cut to the lowest possible figure. Our allotment of these sets quickly sold out and we now offer our reorder.

Detailed Description of This Living Room Set

First we want to emphasize that every piece in this set is exactly like the illustration. It will look exactly like that in your home. The model is massive; the design being along the popular and dignified straight lines so prevalent in the always good mission furniture. The finish is dark brown fumed oak; the upholstering of durable Spanish Drill Leather. The chairs and rocker are roomy, arms broad and depth of seat conducive to comfort. The table has broad top and undershelf for magazines and papers.

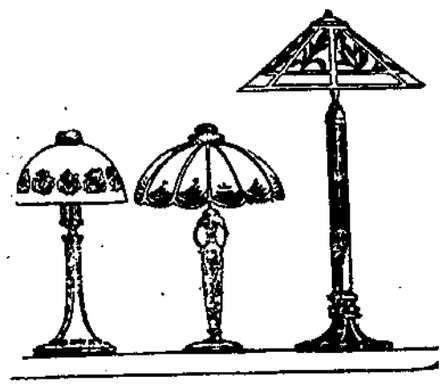
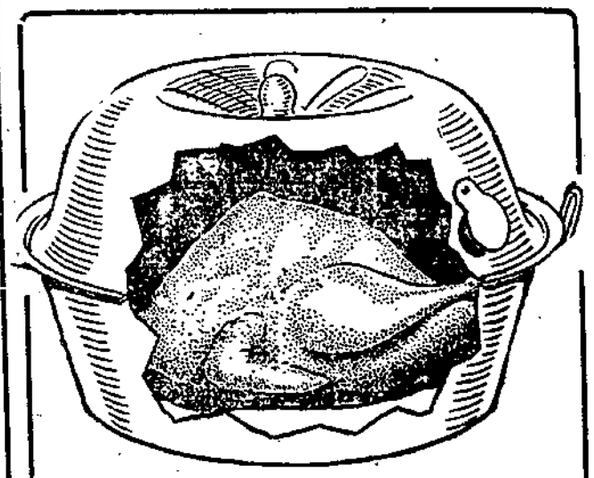
Dozens of Complete Bed Room Sets in Period Styles

There is no bed room half so pretty as that one which is furnished with a complete set—the same design in every piece—and a splendid harmony through the entire room. In this connection nothing can equal the Period Designs so popular among homefurnishers of taste and refinement and up-to-dateness. We have all the period models which are now made in a wealth of beauty in finish and modeling sure to make your choosing easy and satisfactory. Our prices are exceedingly moderate and all the more enticing because you do not need to pay cash. Your credit is good on any Period Bedroom Suite we have.



A Large Shipment of Handsome Library Lamps

Our holiday line of lamps are in. This means that if you are looking for a lamp to furnish beauty to your library table and living room, and comfortable convenience during the reading hours of the long winter nights, you should make your selection from this showing. It also means that if you are to do your Xmas buying even earlier than ever before, we are now prepared to care for your gift wants. The models are too many to mention. The prices will instantly emphasize to you the money saving advantages we give you all the time.



BLUE GRANITE ROASTER Spe. 49c

Even the best cook can cook only an ordinary dinner with a poor Roaster. If you want to please your husband and family insist on the Best. Here is a roaster perfectly adapted to gas, gasoline or coal fires. It is ROUND, NOT SQUARE. In a Round Roaster every part is kept at the same temperature—the result is a juicy and thoroughly cooked roast. The dome shaped cover makes the Roaster self-basting as the steam goes to the top of the dome, condenses and falls over roast, basting it. As it is ROUND and SEAMLESS, there are no corners to catch the grease, making it far more sanitary.

TALKS TO PENNSY MEN

Maurice C. Niezer Speaks at Holman Street Shops Tuesday.

THREE MEETINGS SCHEDULED TONIGHT

Democratic Candidates Deliver Addresses in Fourth and Sixth Wards.

Maurice C. Niezer, democratic candidate for mayor, spoke at the Pennsylvania shop on Holman street at the noon hour Tuesday. He was cordially received and given the closest and most respectful attention. Literature was handed out at the Pennsylvania east car shops.

"I have been pretty well over the city and I want to say that Mr. Niezer will be elected by one of the largest majorities ever given a mayoralty candidate," declared a well known citizen Tuesday.

There is more Niezer talk every day and there is no denying that his candidacy is gaining in favor and winning more converts every day. Both democrats and republicans are putting in their hardest licks this week.

Three meetings are scheduled by the democrats for tonight as follows:

Olive club, Maumee avenue; speakers, Guy Colerick, William F. Fruechtenicht, E. V. Emrick and Maurice C. Niezer.

St. Joe Athletic club, Spy Run avenue and State street; speakers, Judge John W. Eggeman, John C. Hoffman and Maurice C. Niezer.

Hamilton school, corner Woodland avenue and Clinton street; speakers, Maurice C. Niezer, William Fruechtenicht and William H. Reed.

Two Meetings Last Night.

Two meetings were held by the democrats last night—one in the Fourth ward at 2029 Fairfield avenue and another in the South Wayne school, Sixth ward, corner Indiana and Cottage avenues. The meeting which was to have been held in the Nebraska school was postponed until next Monday night. Speakers at the Fourth ward meeting were Mr. Niezer, Harry H. Hilgemann and John C. Hoffman, candidate for judge, and at the Sixth ward meeting, Charles M. Niezer and R. Earl Peters.

Will Develop Properties.

Mr. Niezer reiterated his stand for the development and promotion of all municipal properties. Mr. Hilgeman insisted that Mr. Cutshall come out as has Mr. Niezer in declaring the present conflict as a righteous war. John C. Hoffman said he believed that the man who presides over the city court should be a lawyer. He asked the voters to investigate his ability to serve in that capacity.

HAIG MAKES NEW THRUST

British Launch Attack on Ypres Front and Take More Ground.

OPERATION NOT ON EXTENSIVE SCALE

Reports Are That Drive is Attaining Object That is in View.

London, Oct. 30.—The Germans have been driven back in places to a depth of nearly 1,000 yards in today's British drive on the Ypres front. Reuter's correspondent at British headquarters reports.

The principal fighting is taking place towards the outskirts of Passchendaele and in the region of Poelcapelle. The British are reported to have fought their way along several important spurs of the great system of ridges. The Canadians quickly gained a great part of their objectives.

The fighting today was on a more limited front than the battle of last Friday. The weather was fine.

CANADIANS TAKE STAND.

With the British Army in France, Oct. 30.—At an early hour this morning the Canadians had taken a stand in the neighborhood of the famous crest farm, only 400 yards from the heart of the town of Passchendaele.

FRENCH REPULSE ATTACK.

Paris, Oct. 30.—A German attack on the Aisne front, near Cerny, was repulsed last night by the French, the war office announces.

GERMAN AIR RAID FAILS.

London, Oct. 30.—Lord French, commander of the British home forces, today announced that the German airplanes, which last night attempted to carry out a raid on the southeast counties of England, did no damage and caused no casualties.

All the British machine which went up to engage the raiders landed safely.

HAIG'S REPORT.

London, Oct. 30.—The British attacked on the Flanders front this morning. Good progress is reported by the war office.

The announcement follows: "At 5:40 o'clock this morning we attacked north of Ypres-Roulers railroad. Our troops are reported to be making good progress."

DANIEL SPANGLER EXPIRES SUDDENLY

Well Known Wireman Dies After Eating Hearty Meal.

Daniel Spangler, aged 57 years, died early Tuesday morning after a violent illness of but a few hours. The deceased was a lineman in the employ of the Fort Wayne & Northern Indiana Traction company. Upon his arrival at his home on Mildred avenue Monday evening Spangler ate a hearty meal and it was shortly after this that he became ill. Coroner J. E. McArdle held a post-mortem late Tuesday afternoon to determine the cause of death.

Spangler resided on R. R. 4, Mildred avenue, with his wife. A sister, Mrs. Sarah Kleinschmidt, resides next door to the Spangler home.

Funeral announcement will be made later.

KIWANIS CLUB HOLDS INTERESTING MEETING

The Kiwanis club held an interesting meeting Tuesday noon at the Anthony hotel, at which time Charles R. Lane was the principal speaker. His speech was appreciated very highly by those who heard it. S. W. Magee presided at the meeting. The club is making arrangements to hold one of the biggest meetings of the year next Tuesday evening. The affair will be in the form of a dinner at the Anthony hotel, and the feature of the program will be an address by Congressman L. W. Fairfield.

LESS MEAT IS SERVED

Fort Wayne Folk Are Lining Up for Great Food Drive.

BAKERS PREPARING FOR WHEATLESS DAY

Serve Hominy for Hallowe'en Party Feeds, Urges Hilgeman.

Food atriots of Fort Wayne have joined the meatless day line up.

It is estimated that several hundred pounds less meat were sold from Fort Wayne meat markets for Tuesday's consumption. Fort Wayne citizens ate at least three cows and a couple of pigs less on the first national meatless day, it is estimated.

Telephone calls to more than a dozen meat markets, located in every part of the city, revealed that housewives are responding to the conservation call.

"Yes, we can notice a difference," was the response from nearly every meat shop.

There was only one case in which a Lafayette street dealer told that he had sold as much animal food as usual on Tuesday.

"The people who are leaving their usual meat orders with us are folks who admit that they were not at church on Sunday," said a well known butcher. "I have asked everybody who bought meat if they knew of the conservation order."

"People who are buying meat today are making excuses that they will use the meat tomorrow and not today," one dealer said. "Most of the women who have bought this morning are taking roasts, which is in fact the most probable order for cooking today and serving on Wednesday. Many women do that."

Packers and more prominent meat dealers all state that they are behind the meatless day program. There is a scarcity of meat anyway and the cutting down of the demand will only lessen the embarrassment of meat dealers later on, it is explained.

Friday will be the real meatless day of the week butchers state. There are the many people who are used to the meatless program of Friday who will already be in line, dealers say. Food Administrator Hoover has asked for two meatless days for the opening week of the "save food and win the war" campaign. One meatless day a week is expected to be the permanent program for the nation and Friday will no doubt be the day chosen for that honor.

Y. W. C. A. Loyal.

The Y. W. C. A. cafeteria stands squarely back of the food conservation program. Tuesday was meatless at the Y. W. C. A. eating room and a substitute for wheat bread will be used on Wednesday.

Restaurant men of the city are not keeping meatless day. The managers of more prominent eating houses met on Sunday afternoon to discuss the conservation program. They decided to furnish meatless meals to persons who requested them and to have a stock of wheatless wafers and bread on hand, but no stand will be taken against any form of appetite as yet.

"When the public is aroused to the meatless and wheatless program we will be ready to serve their desires," said one restaurant proprietor on Tuesday.

Bakers Getting Ready.

There will be less wheat pushed into the baking ovens of Fort Wayne on Tuesday night, because of the wheatless day appeal for Wednesday. The number of loaves of wheat bread will be reduced by several hundred, it is announced by bakers.

Rye bread, corn bread, oat meal bread and corn wafers will be substituted for wheat bread whenever possible. Customers of the leading bakers of the city will be asked to try the substituted products. Part of the bakers are urging less use of wheat bread in their advertising appeals.

"Many of our regular customers are telephoning that they will not need as much wheat bread on Wednesday," said one baker.

Grocers state that many housewives are inquiring about the substitutions for the wheat bread and have announced that they will not serve the wheat-formed loaf.

Bakers also say that they are daily cutting down the number of cakes and other pastry formations in their baking. Customers are being told of the scarcity of sugar and are asked to stay by only the substantial bread foods until the war is won.

There is every indication that wheatless day will be much more successful than the first meatless day effort.

Hallowe'en Must Help.

"Serve hominy for the Hallowe'en party banquet," urges Frank Hilgeman, head of the Allen county food relief committee, in asking that all forms of wheat and sugar stuffs be saved for the soldiers.

"Other suggestions for the Hallowe'en feed are parched corn, popcorn, without butter, and pumpkin pie, with as little sugar as possible. Eggs must be used in pumpkin pie but they cannot be sent to soldiers anyway," says Hilgeman.

He urges that children be kept from throwing corn, beans and heads of cabbage on Hallowe'en night.

"Teach the children to help win the war," says Hilgeman. "Appeal to their patriotism and they will not want to waste the foodstuffs."

Waiting for Low Tide.

When the present bood state of the St. Mary's river has subsided the catching of fish for public use is expected to start, said Frank Hilgeman, Tuesday morning.

The fish commission has given consent for taking the fish and Prosecutor Frank Emrick will be urged to lead a band of volunteers in lifting the food from the river. Nets will be purchased by the food relief organization. The fish will be sold on the public market.

Club Women to Help.

Officers of the Women's Club league of the city have notified Food Administrator C. B. Tolan that the clubs of the city will give of their energies in distributing the food pledge cards this week. The women will secure the cards at the desk in the public library and are expected to start their work on Wednesday morning.

Frank Hilgeman, C. B. Tolan and Mike Costello were engaged on Monday afternoon and Tuesday in distributing the pledge cards in every public and parochial school of the city. In many cases the men talked before the children, explaining the need of help in saving food.

The pupils are to have the cards signed and returned to their teachers.

Back of Hoover.

A special committee for promoting the food conservation movement has been named at the St. Mary's Catholic church. George Haffner is made head of the food-saving organization with Mrs. John Harkenrider assistant and Alexander Kartholl, secretary.

This committee will appoint deputies to aid in taking a food consumption census in the church. Reports will be made to Washington of the results of the saving effort of the week.

Kept the Day.

A few downtown restaurants decided to act individually in favor of keeping the meatless day, Tuesday. Accordingly it was learned at the noon hour that meat was not on the menu for lunch and was not to be had. Several of the restaurant proprietors announce that they will make one day a week meatless from now on.

"It is a fine spirit," said Frank Hilgeman, when he learned of the stand of the eating houses. "When a man will run the risk of incurring displeasure of his patrons by keeping a wartime request he should be given constant support of the patriotic."

RED CROSS APPEALS FOR MORE WORKERS

Aroused by Thrilling Words of Mrs. Sanford Showing Need of Bandages.

The rooms of the Red Cross workshop are well attended during the afternoon but there is a need for more workers during the morning. The local chapter is making an effort to make as many bandages as possible and in this work more sewers are needed. Many remain home in the mornings to do their own work but in the words of a local worker, "No woman has the right to lead a normal life during an abnormal time."

The local chapter was aroused to the extreme need of more surgical bandages after a thrilling talk by Mrs. Henry L. Sanford, head of the woman's bureau, of Cleveland, whose husband is a surgeon on the field of action. Mrs. Sanford told in a graphic manner many of the terrible scenes at the front which were written to her by her husband. He is located in one of the many base hospitals, working at night, and tells that many times they operate on more than eight hundred wounded soldiers. They have to work so fast and hard that they operate on two soldiers at a time so that not a second might be wasted in the work. The most pitiful thing of it all is the lack of abundant bandages, which in many cases would save a life that was lost. Some wounded soldiers are brought to the hospital whose bandages are made from straw or cabbage leaves.

Mrs. Anna Laugman, supervisor at the Lutheran hospital, turned over $12 to the Red Cross Monday. This was the money that she had been paid for examining for the Home Hygene class.

Will Leave for St. Louis.

Miss Frances Ott will leave Wednesday for St. Louis, where she will speak before a state meeting of nurses. Her classes were held at the regular times Tuesday but will be discontinued until Monday morning.

The following members of the Red Cross will attend the state meeting to be held this week at Indianapolis: Mrs. C. E. Bond, Mrs. Allen Hamilton, Mrs. Fred Hoffman, Dr. Jessie Calvin, Mrs. Walter Barrett, Mrs. William K. Noble, Mrs. Wright Rockhill, Mrs. H. Brooke Sale and Mrs. N. D. Doughman. There may be others who will decide to make the trip later in the week.

The workshop shows that there were 94 knitted garments, 417 hospital garments and 1,465 gauze pieces for hospital dressings finished last week.

The gauze department is under the direction of Mrs. A. L. Johns, the garments are in charge of Mrs. Allen Hamilton, and the knitted garments are under the leadership of Mrs. H. Brooke Sale.

Rev. Fred Wambsganss turned over $2.65 which he collected as a volunteer offering at a country wedding Sunday. Mrs. Virginia Olds Hogan gave $22.75, the proceeds of the Red Cross benefit staged recently at the Elks' temple by the girls from Mrs. Hogan's classes.

FIRST AMERICAN TO GET TRENCH WOUND

With the American Army in France, Monday, Oct. 29.—(By the Associated Press)—The first American wounded in the trenches arrived today at a base hospital. He is a lieutenant of the signal corps. He was hit in the leg by a shell splinter while working in a communication trench near the first line. The wound is slight. The weather was clear and cold today in the American sector.

ARE NOT EXPECTING TO CERTIFY WOMEN

Names of Socialist Candidates May Remain on City Ballots.

The city election board does not expect to certify for office the names of the women candidates appearing on the socialist ticket for the coming city election, it was given out, Tuesday afternoon. Owing to the fact that ballot printing is now well under way the names of the women will probably remain on the socialist ticket, even though they are not eligible for office.

Attorney William Fruechtenicht, head of the Fort Wayne election commission, has concurred in the decision of Attorney General Ele Stansbury in the belief that women cannot hold office since their sisters were disfranchised by the supreme court decision. Women are only eligible to positions on school boards and to offices to which the appointment power is vested in the general assembly or the governor, the state law reads.

Fruechtenicht and two assistants were engaged on Tuesday morning in adjusting the voting machines, which are stored in the building north of the county jail. Six of the machines, of the thirty-six devices owned by the county, were put in order on Tuesday. The task is expected to be completed by Thursday noon.

On Thursday night all election officers will be summoned to the assembly room of the court house where Attorney Fruechtenicht will deliver instructions on carrying out the coming city election.

Planting Shrubs.

Park workmen, under direction of Park Superintendent Adolph Jaenicke, are planting shrubs in Sieling park this week. The work is going on despite the snowy blasts, which ride the bleak gales.

Got Some Coal.

A car load of coal was delivered to Fort Wayne for use of heating the city hall, Tuesday. Five teams and wagons are being used to deliver the fuel to the basement of the city building at once. At the present temperature of weather the coal will last about a month.

Call Special Session.

A special session of the city council has been called for Wednesday night when election inspectors will be appointed by the city body.

Pumps at Work.

Sewer valves have been closed in Lakeside and the pumps are at work driving sewage into the St. Joseph river. Under the present weather conditions the flood stage of the river is expected to pass quickly. The river rose three feet Monday as the result of hours of rainfall.

Approve Sewer Plan.

Primary assessment roll for a sewer in Bloomingdale was approved by the board of works Monday, as the only noteworthy action by that body at the regular session.

Birth Record.

Born, to Mr. and Mrs. Otto Springer, 2120 Broadway—a boy.

MRS. MARIE SAUER CALLED BY DEATH

Member of Family of Ministers Passes Away at the Age of 73 Years.

Mrs. Marie Sauer, aged 73 years, widow of Rev. Henry Sauer, died Tuesday morning at her home, 904 Madison street, from Bright's disease. The deceased was born in Germany, but came with her parents, Rev. and Mrs. Carl Trucke, to the United States sixty-five years ago. The family located in Cincinnati. She became the wife of Rev. Sauer in St. Louis and in 1875 came with him to Fort Wayne. She had resided in Fort Wayne for forty-two years, and had become well-known to a great number of people. Her husband died in 1896.

Surviving relatives include the following children: Rev. Herman Sauer, of Cleveland; Rev. Paul Sauer, of Chicago; Mrs. Ernest Zucker, of Beecher, and Emma and Adele at home. Two sisters, Mrs. Rev. H. Succop, of Chicako, and Mrs. A. J. Pellens, of Seymour; one brother, Henry Trucke, of Texas, and six grandchildren, also survive. The family requests friends to kindly omit flowers.

TO VACCINATE 10,000 MORE

Employes of Every Factory and Shop Will Be Inoculated.

DRY GOODS EMPLOYES INCLUDED IN ORDER

Health Board Takes Stringent Move to Check Spread of Smallpox

Ten thousand more Fort Wayne citizens are expected to be vaccinated as the result of the wholesale innoculation order issued by the city health board, Tuesday morning.

Workers in every shop, foundry and factory and employes of all down town dry goods stores are to be treated against smallpox, if the latest notice from health officials is carried out.

The first statement to managers of all industrial plants and dry goods stores urges that employes be vaccinated without a formal order from the health board. In case thereare refusals to the vaccination request, health officers state that there will be a definite command for innoculation later.

The notice mailed to industrial centers and store managers went out Tuesday morning as the latest stand of health officers against the smallpox eddemic, which now claims seventy victims in Fort Wayne.

Later may come orders for employes in the Five and Ten Cent stores and other large stores of the city to be vaccinated.

Nearly all school children have now been innoculated against the disease by health board order. It is expected that 20,000 vaccinations will be made by health men and family physicians before the present defensive against the smallpox is ended.

Vaccination Notice.

The form of the vaccination notice to all industries and dry goods stores and signed by Dr. L. P. Drayer, head of the city health board, follows:

"In view of the widespread circulation in the present epidemic of smallpox, it is the opinion of this board that you should have an inspection made of all persons in your employment with a view towards securing vaccinations in each and every individual who cannot show evidence of previous successful vaccination. We prefer to have you do this without an order from the health department. We feel that present conditions demand precaution against the further spread of smallpox."

Managers of the down town stores visited the health board office, in the city hall, in person, Tuesday, for detailed information on the vaccination notice. The store men announce that they are putting the notices on the bulletin boards of their establishments and that immediate obedience to the order is expected.

Health officers give out that if a person has been successfully vaccinated a few years back and can show a certificate or a plain scar that reinoculation will not be demanded. There are thousands in the Fort Wayne plants who have never been treated, however, health officials say, and the number to be vaccinated will run to 10,000.

Five thousand more points of vaccine have been ordered for the big inoculation job just ahead. A part of the vaccination work may be carried on during the evenings in order to accommodate shop men. There are hundreds of cases in which the family physician will be called upon to register the treatment.

The Only Method.

"Vaccination is the only method of checking the disease," said Dr. L. P. Drayer, Tuesday. "We have concluded that a more dangerous epidemic may sweep the city and tie up industry unless we take this marked precaution of having individuals protect themselves and their friends by being inoculated."

There are no critical cases reported from the many homes where the black and yellow cards are by the side of the door. The illness is just sufficient to make quarantine necessary. A new bundle of the smallpox cards have been delivered to the health office and are ready for use.

New cases reported are John Pranger, 1022 Walter street; Elmer Doty, 1110 Degroff street, and William Alter, 302 East Lewis street.

CHINESE MARK TWAIN TO BE BIG ATTRACTION

Rotary Club Members Will Hear Wu Fang Nu Wednesday.

The entertainment committee of the Rotary club held a meeting at the Commercial club Tuesday noon to complete arrangements for the big session on November 5. At the meeting tomorrow Wu Fang Nu, secretary to Ng Poon Chew, will be guest of honor. The services of the Chinese Mark Twain at the meeting on next Monday evening will undoubtedly be a big attraction for his fame has spread rapidly within the last few years.

Several Fort Wayne members have arranged to represent the local organization at the Indianapolis war conference. Representatives from all parts of Illinois and Indiana will be present at the meet.

ALLEN COUNTY FELICITATED

Praised for Part in Making Second Liberty Loan Success.

ANOTHER DAY GIVEN FOR SUBSCRIPTIONS

Sum Now on Hand is Racing Towards $4,000,000 Mark.

Liberty bonds may be bought through Fort Wayne banks until Thursday noon.

Word to that effect has been received from the Federal Reserve bank office, head of the loan effort for the seventh federal district. The final report from Fort Wayne will not be expected until after noon of November 1, it is given out.

Accordingly there are new subscriptions being made through local banks, Tuesday. More additions to the great loan are expected on Wednesday. The final figure of Allen county's total subscription to the second liberty loan is not expected before the week end.

Sends Congratulations.

C. M. Worden, head of the Allen county liberty loan campaign, received a telegram of congratulations, extended to all citizens of Allen county, from J. B. McDougal, president of the Federal Reserve bank, of Chicago, and leader of the local drive for the seventh district.

The message of cheer follows:

"The liberty loan success will stand alone as the most convincing act of democracy in the history of our nation. I extend to you and the good people of your district, my sincere appreciation for the freat effort you put forth to make the second liberty loan a success."

A new subscription of $1,000 from the Catholic Benevolent League of Indiana, of which Michael Kinder is president and George Christen is secretary, was announced Monday evening.

No new reports as to loan totals were received on Tuesday from the rural districts of Allen county.

HESS-EPSTEIN BOUT HAS FATAL ENDING

Match at Dayton With Local Man Proves Fatal to Young Epstein.

Dayton, Ohio, Oct. 30.—"Young" Epstein, of Hamilton, Ohio, died early today from injuries he suffered when he fell in the ring during the last minute of a ten-round contest with "Battling" Hess, of Fort Wayne, Ind., at the Dayton Gymnastic club last night. When Epstein went down some of those who were at the ringside say his head struck on the edge of the platform, causing concussion of the brain.

Frank Biemer, the local manager of "Battling" Hess, accompanied him to Dayton Sunday. Word has been received from him by local friends that he will remain in Dayton until after the proper investigation has been made. "Young" Epstein is well known in local sport circles and his tragic death will be mourned by all lovers of the sport.

WAR AIMS BARRED FROM CONFERENCE

Meeting of Allies in Paris to Discuss War and Not Peace.

Washington, Oct. 30.—Andrew Bonar Law's declaration in the house o fcommons that war aims will not be discussed at the coming allied conference, and that only questions pertinent to the prosecution of the war will be taken up, agrees with the understanding of the United States government. A definition and co-ordination of military effort is the chief object, made more than timely by results of the Austro-German drive into Italy.

One predominant question concerns food and supplies, whether for soldiers or civilians, and how to get them to the right place in the quickest possible time. The effect of the war on the politics of the world are to have no place in the deliberations and the present political situation in any country will be considered only in the lights of military necessity. Thus the internal conditions of Russia and Italy and the measur of men and food and munitions to be given these countries will be taken up as military problems.

MARRIED AT HILLSDALE.

Hillsdale, Mich., Oct. 30.—Arlo B. Cox and Miss Luella M. Linnemeyer, both of Fort Wayne, were married by Rev. S. L. Bruer at the Lutheran parsonage.

ATTEND FUNERAL.

Mr. and Mrs. T. J. Cummings are in Marion to attend the funeral of Mrs. C. N. Martin, sister of Mr. Cummings.

EBB AND FLOW OF THE GERMAN WAR FORCES

What the Kaiser Had in the Beginning and What He Probably Has Today.

French Front, Oct. 29.—(Correspondence.)—A clear idea of the ebb and flow of the tides of German forces on the eastern and western fronts during the various phases of the war from the opening of hostilities in 1914, till the beginning of September, 1917, is obtained from carefully compiled information which the correspondent of The Associated Press is enabled to transmit.

From this it is gathered that when the Germans started the war by invading Belgium they launched 1,190 battalions of infantry formed into 96½ divisions of four regiments, each in the Franco-Belgian front, while on the Russian front they employed only 322 battalions formed into 26½ divisions of four regiments each. On September 1, this year, they had on the Franco-Belgian-British front, 1,369 battalions formed into 148 divisions, some of which were of three and others of four regiments each, while on the Russo-Rumanian front 965 battalions formed into 92 divisions were in line. It will thus be seen that the German armies on the fighting fronts have been increased in the three years of war from 1,512 battalions to 2,334 battalions.

A review of the different periods of the war will show how these troops have been employed at various times, according to whether the principal effort of the Germans has been directed toward the western or the eastern front.

In August, 1914, the attention of the German high command was absorbed by the attack on Belgium and France, while the Russian front was regarded as a secondary occupation. At that time the infantry effectives on the western front numbered 1,190 battalions in 96½ divisions, each division consisting of four regiments. On the eastern front, the Germans then had 322 battalions, comprising 26½ divisions.

When the battle of the Yser was fought in November, 1914, the Germans intensified their effort in the west and brought up their effectives to a higher figure and at the same time increased the number of battalions on their eastern front so that they then had 1,293 battlions on the western front and 399 on the eastern front.

Then came the Russian offensive in Galicia, and to check the Rusian advance toward the German frontier, Germany was compelled to throw more troops on her eastern front, increasing the number of battalions there in September, 1915, to 780. To do this it was necessary to reduce the number of German battalions on the western front from 1,293 to 1,120.

Many divisions were transferred from the eastern to the western front when the Germans gathered their forces for the beginning of the great battle of Verdun with the result that in June, 1916, there were 1,376 German battalions on the western front and those on the eastern front were reduced from 780 to 574.

The German drive against Rumania was made possible by adding more than 300 battalions to their eastern battle line, bringing the total on the eastern front to 899. This was done without reducing the number of battalions on the western front below 1,300.

When the French and British began their great offensive operations in July, 1917, the Germans were compelled to bring fresh forces to the western front, increasing their battalions there to 1,456, but reducing the number on their eastern front only to 860. Subsequently the German battalions along the Russian battle line were increased by the addition of more than 100 battalions, bringing the total there to 965 on September 1 of this year. These were divided into 92 divisions of three regiments each. During this movement the battalions on the western front were reduced to 1,369, divided into 147 divisions, and that is believed to have been the number on the German western front on September 1. These figures do not include any German troops on garrison duty in the interior of the country nor those maintaining lines of communications.

GERMANY BLAMED FOR DEPORTING POPULACE

Equally Responsible With Turkey for Outrages of the Greeks.

Athens, Greece, Oct. 29.—(Correspondence.)—Greek authorities have received information which convinces them that not alone the Turk but his German advisors were responsible for the deportations of Greeks from Turkish dominions, as a consequence of which 700,000 have suffered persecution or death.

It is asserted that the Greek legation at Constantinople protested to the then King Constantine of Greece from the beginning of the deportations but received no assitance or encouragement from him. The legation then lodged a protest with Talaat Bey, the Turkish Grand Vizier.

His reply, as shown by official papers was that "these measures are taken by advice of our German advisors." The Greek legation then took up the subject with the German general, Liman von Sanders, who is declared to have replied that the presence of the Greek communities within the Ottoman Empire was dangerous to military operations and that he was "only executing the orders of the German general staff."

An account of the persecution of the Greeks, which has been given to The Associated Press states:

"The method of depopulation adopted has been very similar to the method adopted with regard to the Armenian races. During the night, armed irregular troops of the Turkish army would form a cordon around the doomed district. The inhabitants would be awakened by means of bells and ordered to evacuate the village in ten minutes, for military reasons. No extension of time was allowed, one object being that the victims should not be able to take anything with them, either food or goods. In the event of delay, the troops drove forth the terrified people at the point of the bayonet.

"The moment that the people had gone, hordes of bandits and irregular soldiery poured into the empty villages and looted and burned the houses in a frenzy of destruction, while the inhabitants, old men, women and children as well as the able-bodied, were on the march.

"Soon after the march began, the process of extermination began to be put into effect. Men were separated from their women and children, and parties were made up for a trek to various places, usually locations in far-distant parts of Asia Minor. Needless to say, few of these parties ever reached their destination, being gradually killed off by exposure or starvation. Thousands died in barren desert lands. Without food or drink, and poorly clad, a speedy death at the hands of the soldiers would have been welcomed by many. The soldiers, however, seldom attempted direct killings at this stage, except of refugees who attempted escape, the soldiery generally being content to let hunger and thirst and exposure do the work of extermination for them.

"The lot of the women and children was the usual one, which has been described many times in accounts of the Armenian deportations. Being defenseless, they fell a prey to the first passer-by. Any Turk along the way who fancied a child or a young woman, merely took possession, and thousands of young Greeks are now interned in Mussulman villages, forcibly "converted" to Islam and forced to live as servants or concubines of the Turkish peasantry.

"In the neighborhood of Constantinople, many of the deportees managed to return and appeared in the streets of the capital, starving, begging and sleeping in the back streets and alleys. To abate this scandal, the Turkish government had the police collect hundreds of these wretched persons and concentrated them at Pancaldi, where their fate is not yet known."

It is declared that, as a result of these deportations, all Greek communities have been eliminated in the Thracian regions of Demotica, Sufli, Istranja and Eregli, from the coast of the sea of Marmora, from the Peninsula of Artaki, from all the villages along the Bosphorus and from the coast of the Black Sea.

When Burley Peterman, of Findlay, Ohio, raised his launch, which had been sunk in the Blanchard river, in order to close up several seams, he found that the boat had served as a seine, as there were several bushels of fish in it.

Some People Do Find Good Servants

They may be "lucky," of course. But perhaps it's more like good management than good luck.

Most of the good servants are found through "WANT ADVERTISING" or through answering ads. The patient advertiser, who tries again and again—is sure to find, as a reward of persistence, a servant who will be all the trouble of the quest!

DOCTORS HAND OUT LIVE TIPS

They Take the Public Into Their Confidence

Prominent physicians claim people fail in life because of "nerve hunger" that it is the active bright-eyed, strong nerved man or woman who is "there" at work or play.

Strong, well nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, wasting nerve strength and energy and fail to store up reserve force, afterwards they only exist, life has no joys.

Without energy, ambition, strong nerves and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'Nerve-sick humans,' that it will increase body and nerve energy, restore ambition and staying powers."

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you will need Phosphated Iron to brace, build you up and put you on your feet again."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets. For sale in Fort Wayne by Meyer Bros.' four stores; also D. & N. Pharmacy.—Advertisement.

The name Alaska is an English corruption or perversion of Alayeksa, as it was called by the aborginal inhabitants of the Aleutian islands, lying to the westward. When the Russians first came to one of the Aleutian islands, they were told that a vast country lay to the eastward, and that its name was Alayeksa. The Aleuts called their own island Nagun Alayeksa, meaning the land lying near Alayeksa. By a process of Russianizing and Anglicizing Alayeksa became Alaska, and Nagun-Alayeksa became Unalaska. The original Aleutian word Alayeksa meant "the great country," as the inhabitants of scattered islands would naturally consider a vast continental region of varied resources and beautiful scenerwy as Alayeksa or Alaska has since proved to be.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

WILD MALLARD DUCK WILL BE EXHIBITED

At Allen County Farm Production and Bird Show at New Haven.

(Special to The Sentinel.)

New Haven, Ind., Oct. 30.—At the coming Allen County Farm Production and Bird Show to be held in New Haven November 26, 27, 28, 29 and 30 there will be a wild mallard duck on exhibition, a bird that today is not seen often as they are becoming fewer each year. A. M. Hartzell will offer this duck to the show. About three weeks ago when Mr. Hartzell went out to feed his ducks this pretty bird flew from among his tame ducks. It remained in the air for several minutes and when all was quiet again it came back to the same place. A few days later Mr. Hartzell succeeded in capturing it.

Country Club Gardens A Splendid Investment

Arthur Lorenz, of 734 Third street, bookkeeper at the Home Telephone and Telegraph company, has just purchased one of the splendid lots in Country Club gardens of the City and Suburban Building company as an investment. Mr. Lorenz has noted the rapid increase in the value of the real estate in and about Fort Wayne, and he chose a lot in the gardens as a good investment. The location of this suburban tract on the Fort Wayne and Northern Indiana traction line, just west of the Country club, as well as on the Huntington road, the excellent character of the soil, of which F. W. Gray, city garden supervisor, says: "It would be a very poor gardener who could not show a profit of at least $300 from an acre of this ground," and its numerous other splendid features will no doubt cause it to rise rapidly in value. Several choice lots are yet available.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and Lustre With Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

CREDIT ASSOCIATION WILL HAVE BANQUET

New Organization Rapidly Assumes a Large Membership.

Arrangements have been completed by the Fort Wayne Credit Men's association for a banquet to be held at the Wayne hotel on Tuesday evening, Nov. 13. Charles F. Hoher, president of the Home Bank & Trust Co., of Chicago, has been engaged to give an address on "The Building of a Credit Man."

At the meeting conducted Monday evening the following new members were admitted: Washbourn-Crosby Co., Fisher Bros.' Paper company, Hoffman Bros.' Lumber company, Fort Wayne Foundry & Machine company, Hadley Furniture & Carpet company, Independent Rubber company and the Good Roads Machinery company. The local association now has a membership of more than sixty.

MANY WAYS TO END WAR

(Continued F m Page 1.)

ble wounds; suits of mail to make soldiers shed bullets like raindrops; hand grenades with trailer strings, the pulling of which causes explosion after the grenade lands in the enemy trench; centrifugal guns which whirl bullets until they gain sufficient momentum and then feed them out in a steady stream; safety parachutes to allow aviators to drop from disabled machines; modernized catapults for hurling trench bombs, and smoke bombs to be thrown by charging infantrymen a moment before the bayonet clash.

Ten Thousand Inventions.

Nearly ten thousand inventions have been offered the war department since war was declared. These include about fifty designs of centrifugal guns and hundreds each of hand grenades, a new explosive, machine guns and poison gases. Many which have strong elements of merit are rejected because they cannot be adapted in short time to the war exigencies, or because they need many refinements which war department experts have no time to give, particularly since testing and experimenting often require many months.

Centrifugal gun inventions have been given careful attention, but the objection to most is that they shoot only round bullets which do not travel as straight or as far as the elongated shape and that the bullets' momentum is not sufficient to penetrate at a distance.

Centrifugal Guns.

In most models of experimental centrifugal guns, bullets are fed steadily into the axle of a rapidly revolving wheel driven by gasoline motor, pass through a spiral opening within the wheel and emerge at the edge traveling at a high rate of speed. The bullets are guided outward and the fire directed through an opening corresponding to an ordinary gun muzzle. The opration is by a comparatively simple principle, but the necessity of a gasoline motor rendered most centrifugal guns of somewhat doubtful value for trench work.

ITALY MUST BE ASSISTED

(Continued From Page 1.)

success is due partly to treachery and that the Germans are using the same tools in Italy as those with which the Russian armies were betrayed, the Post declares:

"Let our statesmen awaken and counter these activities. This may be of even more service than any military aid we can render."

The Post, nevertheless, assumes that such military aid as can be given without weakening the pressure on the western front also will be furnished and urges the Italians to hold on until succor arrives.

While some commentators today take a somewhat gloomy view of the situation, others believe that the Italians will recover and that the Germans will not gain any permanent advantage.

Merely Gambler's Move.

The Daily Express says: "Germany has made a gambler's move and won the first coup. That's all. We may wait and see what will happen without misgivings."

The Daily Telegraph, while fearing that the German claims to have shaken the whole Italian front is justified, is persuaded that the perilous situation will inspire the defenders to a harder determination. It adds: "Because the enemy has succeeded in effecting a surprise, there is no reason to suppose that he will be as successful in the plains or before strong positions like the Tagliamento. Gen Cadorna will know how to counter the present violent attacks and snatch victory out of the jaws of danger. There is no reason for despair."

PENNY FAMINE HAS NEW YORK IN GRIP

New York, Oct. 30.—New York faces a famine in pennies and the shortage has proved so embarrassing to Martin Woget, assistant treasurer of the United States, that he is considering an appeal to the city's children to empty their savings banks in order to increase the number in circulation. Ordinarily the government carries ten million pennies in stock at the subtreasury in Wall street, but the institution is now swept clean of its last copper, for the first time in the recollection of the officials. Bankers explain the sudden popularity of the penny on the ground of increases in articles selling for odd cents.

from a hot brick that had been placed at her feet by Mrs. J. A. Johnston, wife of Sheriff Johnston.

Mrs. Brown' body was burned to a crisp. Her remains were later taken from the burning bed by firemen who had been summoned by Mrs. Johnston.

Mrs. Brown had complained of being cold. Mrs. Johnston had heated a brick, wrapped it and then placed it at her feet. She had not been out of Mrs. Brown's cell long when she returned and found the bed in a mass of flames. Mrs. Brown had arisen from her own bed and had gone to another with her clothing on fire. The bed clothing in the second bed soon caught fire. The flames were making such headway that Mrs. Johnston, who was alone, was helpless to render any assistance. She immediately turned in an alarm and by the time the firemen arrived Mrs. Brown's body was horribly burned and the bed in which she lay had been reduced to ashes.

Mrs. Brown had been confined at the county jail since June 25 awaiting admittance to Easthaven asylum at Richmond. Because of the crowded condition at that institution she could not be accepted. Two other insane patients are at the jail, Mrs. Martha Wise and Mrs. Mary Holly, and the care of them has been looked after entirely by Mrs. Johnston.

Mrs. Brown was the widow of the late Jacob M. Brown, who died suddenly of apoplexy last February. Soon afterward Mrs. Brown went insane from worry and overwork. The Browns lived on a farm four miles east of here.

The deceased is survived by one daughter, Mrs. Bernie Price, of Plymouth, and two sisters, Mrs. George Harnish and Mrs. George Pence.

SUMMARY OF THE DAY'S WAR NEWS

(Continued From Page 1.)

center, which yesterday was reported nearing Udine, the former Italian general headquarters has now entered that place. More menacing to Cadorna's purposes than this movement, however, seems the thrust on his left flank against the upper reaches of the Tagliamento.

The hope of the German command apparently is to reach this northern section of the intended line and turn it before the more southerly Italian forces can fall back to the river and establish themselves there. Berlin indicates a steady advance by the Austro-German columns toward this objective.

Despite the crushing blow suffered by the Italian forces on the northern Isonzo and the consequent retirement all along the river, Gen. Cadorna has the Tagliamento line from which to beat back the invaders from the Venetian plains. Berlin does not report any additional number of prisoners, and this, coupled with Cadorna's official statement that his troops are checking the Austro-German, may mean that the force of the first blow has been spent.

Teuton activity is reported in the Plauza pass north of Tomezzo, where the Tagliamento turns westward. A strong advance here might make the Tagliamento line untenable as also would any Austro-German effort in force southward from the Carnic and Dolomite Alps. The Italian high command must consider too the possibility of a blow from the Trentino. From Swiss sources it is reported that the Austro-Swiss frontier has been closed and that German reinforcements are being hurried to the Italian front. This may mean either support for the invaders west of the Isonzo or material for a new drive from the mountains southward behind the Tagliamento. Meanwhile there are no reports of activity in the Trentino, and Great Britain and France have taken steps to reinforce the Italians. What form this help is taking has not yet been disclosed.

Raids and small operations are occupying the troops on the front in France. The artilleries are very active along the Aisne front and northeast of Ypres in Flanders.

The battle in Flanders was resumed by the infantry this morning when the British moved forward to the attack north of the Ypres-Roulers railroad. Field Marshal Haig announced the renewal of the offensive in his usual laconic style, adding merely that the troops were reported to be making good progress.

The line of attack takes in the Passchendaele region, where the remainder of the ridge of that name and the town itself are nearby British objectives. The thrust here is also carrying the entente forces on a direct line toward the railway junction point at Roulers, approximately five miles distant. On the Aisne front in northern France where the French in their recent advance southwest of Laon have jeopardized the safety of a considerably section of the German lines, the Germans delivered an attack last night in an effort to push back the French in the region of Cerny. The French easily repulsed this assault.

The artillery battle is continuing in the sector in which the French made their advance where the hostile forces are lined up on opposite sides of the Oise-Aisne canal. In the Verdun region General Petain's troops last night regained more of the small strip of territory lost in a recent German assault in the Caurieres wood east of the Meuse.

The first casualty among the American forces on the fighting front in France was reported today in the wounding of a lieutenant of the signal corps. A shell splinter struck the officer in the leg, inflicting a slight wound.

ONE VIEW OF BATTLE.

London, Oct. 30.—The Milan correspondent of the Times in a dispatch filed on Sunday refers to the breaking o fthe Italian line at certain points, where the Germans carried on no heavy preliminary bombardment, and says that onthe Carso, to the contrary, not one of the innumerable attacks has given an inch of ground to the enemy.

"The troops on the Carso," he writes, "have already passed through hell and beyond."

No details have yet arrived of the results ofthe fighting for Monte Nero, on the northern end of the Isonzo front. He says the fighting there from the first hour of attack has been a glorious epic.

STRIKERS ARE GIVEN JOBS AT GARRETT

Fifty-Two Men from McCray Plant Go to Work for B. & O. Railroad.

(Special to The Sentinel.)

Garrett, Ind., Oct. 30.—Fifty-two men from the McCray plant, at Kendallville, have accepted positions in the Garrett Baltimore and Ohio railroad shops. These men participated in the strike staged last week at the McCray plant and not being granted their demands they decided to secure positions elsewhere. They will not move their families here at present, but will make trips daily on the interurban. It is reported that many more will come today. The Baltimore and Ohio are greatly in need of men and many more can be used.

Garret Minor Notes.

The young people of the Baptist church are giving a play at the church this evening. An interesting program will be given there every evening this week.

The social and entertainment given at the high school building Saturday evening by the Garrett Camp Fire Girls for the benefit of the high school athletic association, proved a success, not only financially, but socially as well. There were about two hundred present and the program, which had been prepared on short notice, was excellent. The girls cleared $35 from the affair and then the Pocahontas Girls gave them a check for $5 and the Hiawatha camp another $5 check, making $45 for the association, which was greatly appreciated by them.

PATRIOTIC PUBLIC TO BE PROTECTED

Allen County Council of Defense Must Sanction All Movements.

At this time when the nation is engaged in war and the patriotic people who stay at home must be called on to support a number of various patriotic movements, care must be taken that they are not abused, that the public's good will is not overtaxed. With this in view the Allen County Council of Defense adopted a series of resolutions at their meeting Monday night. All efforts made with the purpose of appealing to the public for aid in the movement under the guise that it is for the aid of the government or to sustain the comfort of the soldiers and sailors must be sanctioned by this board, and if the movement does not have its approval the public is urged not to support it.

At the meeting the council approved the work that is being done by the Boys' Working Reserve, under the direction of A. L. McDonald, in the city, and D. O. McComb, in the country districts. This organization is the largest unit of its kind in the state. The council also appointed a committee to compile a list of the names of all Allen county soldiers and put the record in the county clerk's office.

Resolutions Adopted.

On the motion of Judge John W. Eggeman, after a general discussion, the following resolutions were unanimously adopted:

Whereas, Our country is engaged at war, and the people of Allen county individually and through their clubs and organizations are desirous and anxious of performing some patriotic service, and

Whereas, The congress of the United States by enactment has authorized the creation of a National Council of Defense and that body has directed the appointments of state and county Councils of Defense, and

Whereas, The particular purpose of the Allen County Council of Defense is to co-ordinate and direct all patriotic efforts designed to aid the government in the prosecution of the war, and to sustain and give comfort to the men of the army and navy, and

Whereas, It has become apparent that in order to prevent abuses, impositions, unwise, misdirected, and duplicate effort the said Allen County Council of Defense, known as the Fort Wayne Council of Patriotic Service, finds it necessary to exercise a rigid supervision over all efforts and enterprises having for their object the raising of funds for the benefit of any patriotic purpose and for the protection of the general public; now, therefore, be it

Resolved, That all efforts appealing to public support of any kind or description by any individual, organization or club purporting to be for patriotic purposes shall first secure the written consent of the Allen County Council of Defense and under such regulations as the said council shall prescribe; and be it further

Resolved, That no enterprise be approved unless the full net proceeds thereof be used for patriotic purposes; and be it further

Resolved, That the council requests that the public refuse to give support to any such enterprise until sanctioned by the said council.

The next meeting of the council will be held November 7.

GREAT DRIVE GOING WELL

Campaign for Food Pledges Opens With a Bang and Makes Headway.

ALMOST 700,000 ON THE INAUGURAL DAY

Total Number of Pledges is Now Near Two and One-Half Millions.

Washington, Oct. 30.—Results of the first day of the food pledge week campaign so far as shown by returns to campaign headquarters here are 666,402 new cards signed.

These added to the 1,740,598 cards already in the hands of the food administration before the present food pledge week campaign began make a total of 2,407,000 pledges of persons who have agreed to observe the advice and directions of the food administration in the conduct of their kitchens and dining rooms as their personal contribution towards victory in the war.

Those in charge of the campaign here are elated over the showing of the first day, not so much on account of the figures themselves, although these already totaled almost a fourth of the minimum goal of ten million families which has been set, as on account of the certainty of complete success which they draw from these first returns. The returns come from comparatively few states, since in the majority of states the campaign is only getting fairly under way and definite reports were impossible. In no case, however, was there any indication except that the expectations of the campaign headquarters would be more than fulfilled.

To Maine belongs the credit of the greatest number of cards reported on the first day's work—87,500. Iowa is second with 75,000, while Indiana reports more than 67,000.

THE MARKETS

COLD WEATHER HAS AN EASING EFFECT

Corn Slips Down on Passing of Danger to the Corn Crop.

Chicago, Oct. 30.—Cold weather likely to stop damage to corn and to increase receipts tended today to ease the corn market. Opening quotations which ranged from the same as yesterday's finish to ⅜c lower, with December at $1.10¼ and May at $1.13¾ to $1.13½, were followed by brief upturns and then by a moderate general sag.

STOCK MARKET HIT BY GENERAL SLUMP

Rails and Equipments Are Depressed, Steel Dropping to Near Par.

New York, Oct. 30.—Stocks suffered further impairment at the active opening of today's market, leaders recording additional recessions of one to almost three points. Investment rails reflected their recent pressure, notably the Pacifics, Canadian being weakest of the group. Equipments, including United States Steel, were increasingly heavy.

Temporary suspension of business on the Montreal stock exchange added to the unsettlement. Canadian Pacific made an extreme decline of six points to 132½, its lowest quotation in a number of years, and other rails extended their early losses. United States Steel dropped to 101¾ after falling to 103¼ and other industrials, including war shares, sagged two to four points, specialties showing greatest losses.

Liberty 4s sold at par to 100.02 and the 3½s at 99.94 to 99.96.

Fort Wayne Men Wallop the Title Claimers of Camp Taylor

Seventeenth Battalion Football Team Wins First Game, 38 to 0.

(Special to The Sentinel.)

Camp Zachary Taylor, Ky., Oct. 30.—The seventeen battalion football team, composed of nearly all Fort Wayne men, made its debut last Sunday on the gridiron and came out with the scalp of their opponents dangling from their belts.

In a lively battle with the Remount Station football team, who claimed to be the champions of the camp, the Fort Wayne men won by an overwhelming score of 38 to 0.

Although there were several "bulls" made on the part of the team on its first appearance, it nevertheless gave the aspect of the makings of a title winning team. There never was a time when the opponents appeared as though they were dangerous and the play was kept mostly on the opponents side of the field.

Thousands of people and as many soldiers were witnesses of the game, which proved more interesting as it proceeded. The boys were complimented freely at the close of the game for the great showing made on the first game.

In the first quarter Bair made a touch down on a line plunge after the ball was worked all the way down the field by successive line plunges an end runs.

In the second quarter Adams received the ball when the opponents fumbled and made a twenty-five yard dash for a touch down. At the beginning of the second half substitutions were made in the line up and after the opponents had kicked off the ball was brought up to the thirty yard line. It was the fourth down and twelve yards to go. A chance was taken and on a perfect pass by Bair to Fruechte, another touch down was made. Vesey kicked goal.

A few minutes later the ball was brought to the opponents' goal line and on a line plunge Gessler added another touch down and Vesey again kicked goal.

Last Half Fast.

In the last half the plays were fast and furious. The visitors' endeavors to do their best and save themselves from a shut out, but all their efforts were of no avail as the line of the Seventeenth battalion held fast and no ground could be gained by attempted end runs.

The visitors's kicked to the Fort Wayne men and by perfect interference and a sensational run of ninety-five yards Quarterback Bair made another touch down.

Near the close of the game the ball was brought to the Remount boys' twenty yard line and again by excellent interference Bair was successful in adding another touch down to his credit.

All the Fort Wayne young men immerged from the batle field in fine shape. Several of the opponents were carried from the field, due to the heavy line charging of the Fort Wayne men.

The Line-Up.

The Fort Wayne men were lined up s follows:

Adams, Rohyans—L. E.
Mock, Sommey—L. T.
Flaig, Edgall—L. G.
Birney—C.
Miller, Buttermore—R. G.
Ewing, Pohlmeyer—R. T.
Mensch, Fruechte—R. E.
Bair—Q. B.
Harkenrider, Grosh—L. H.
Weisbecker, Gessler—R. H.
Vesey—F. B.

HARLEY BACK IN GAME.

Ohio State Star Soon Will Be in His Best Shape.

Columbus, O., Oct. 30.—Rainy weather did not mean a dismissal from practice yesterday afternoon for the Ohio State football regulars, and a small grass-covered section of the field was used for an assembly place.

Harley's injured side did not bother him much yesterday and the crack halfback was with the drilling party, though taking things easily. Halfback Stinchcomb and Guard Karch did not report. Neither suffered any mishap in the slush soiree with Denison and are counted on to be starters at Indianapolis next Saturday.

FRIARS TO PLAY THE FAMOUS RACINE ELEVEN

If They Win the Locals Are Entitled to Championship of the State.

The fast Friars will meet the famous Racine team next Sunday afternoon at League park. If they win the locals are entitled to the championship of the state, inasmuch as the Racine team defeated Hammond a couple of weeks ago by a score of 12 to 0, and Hammond last Sunday defeated Wabash 20 to 0. And if you want to figure the Pine Village aggregation as possible contenders for the state championship just remember that the Cincinnati Celts last Sunday held Pine Village to a scoreless tie, while the Friars a couple of weeks ago defated the Celts by an overwhelming score.

But next Sunday's game has not been won, and using an old adage it might not be well to count the eggs before they are hatched.

Next Sunday will be boys' day, when the youngsters in the city will be guests of the Friar club. Announcement as to how the boys will be handled will be made later. Every boy under 12 years of age will be admitted free to this game. As the attraction Sunday is one of the best of the season the Friars expect the boys to fill the east end of the grandstand, which will be reserved for them. Several extra policemen will be engaged to handle the youngsters and preserve order.

SPORTING NOTES

New York A. C. has organized a football league of six teams, composed of players in soldiers' camps adjacent to the metropolis.

Brooklyn schoolboys are arranging for the hockey season matches.

New Orleans horse racing season will embrace sixty-five days from Thanksgiving to Mardi Gras day, February 12, 1918.

Yale will play hockey and basketball among freshmen, but the wrestling, swimming and handball teams will be varsity members. Cross-country running will also be fostered.

Chattanooga automobile enthusiasts are talking of forming a tri-state association to hold automobile races at county and state fairs in the south.

Bethlehem Steel company soccer team is showing its prowess in the National league series by easily outplaying strong New York and New Jersey rivals.

The annual bicycle race will start in Madison Square Garden, New York, December 2, and conclude December 8. Boston will stage a six-day race, November 5 to 10.

Irondequoit Country club of Rochester is having a nine-hole golf course constructed to be ready for use June 1, 1918.

Princeton plans to put a varsity baseball team on the field in the spring.

Olympic club of San Francisco has 3,000 members.

University of Nebraska football players are wearing red jerseys and sweaters in place of the customary red and white striped jerseys and sweaters since starting the gridiron sport twenty-seven years ago.

Scarcety of tenpin players, due to enlistments, has caused the Inter Club League of Philadelphia, to reduce its competition this season to a three-man team tourney instead of the usual five-man matches.

It is estimated almost a mile of thread rubber is necessary in the making of the little white golf balls.

College and university cross-country teams will be asked to join in the national junior hill and dale title race of the Amateur Athletic Union to be held in Van Cortland park, New York, Saturday, November 10, two weeks before the annual inter-collegiate championship race to be decided over the same course.

Second naval district football team, better known as Cupid Black's Newport Reservists, will play seven games, two of which will be staged in the Polo grounds, New York. They meet Rutgers, November 24, there.

The National Baseball league has donated a trophy cup to the London Hospital Baseball league, an organization which has been active in the American game during the recent summer. The officials have also sent several dozen baseballs to the hospital league players.

SPORTS VETERANS WHO DEFY FATHER TIME COMING BACK TO THE PLACES VACATED BY YOUNGSTERS GONE AND GOING TO THE WAR

HERE ARE SOME OLDTIMERS STILL MAKING GOOD.

The law that—
"Youth Will Be Served!"—
Has been repealed.

War did it, war and the vigor of some sport veterans.

While youth is serving in the war the veterans will be given the chance of their lives to come back—in every line of sport, baseball, football, tennis, golf, racing, walking, swimming, wrestling, boxing.

No, you needn't laugh at their making good. There is a lot of the old time stuff left in many a veteran of the sport world.

They used to be called "has-beens." But a lot of them are not through.

Bob Fitzsimmon's death called attention to the oldtimers still in the going. Bob, you remember, was swinging the gloves right up to the time when the grim reaper knocked at the door.

Just the other day Eddie Plank said he was going to stage a come-back stunt in baseball next season. He won't be the only old fellow still looking at fast ones coming from the pitcher's hand. Hans Wagner tried to retire at 43, but the slipping Pirates called him back. Larry Lajoie at 42 is a star in the minors.

Probably the oldest vet in sport is Joe Hineman, of Wausau, Wis., crack trapshooter, and he is only 92 years old! N. D. Towns, of Los Angeles, Cal., nicked 84 straight targets on his 81st birthday.

Edward Payson Weston, near the 80-year mark, is hunting for walking rivals. Laurence Waterbury, over 40, can put it over many a youthful polo player. Travis was over 55 when he took the golf championship. And the links are well acquainted with good golfers who long ago kissed their 40th birthday goodby. Frank Kramer carries many years around the track and beats young fellows across the tape. Alfred De Oro, tacked another nail in his billiard titles the other day and De Oro has seen some 60 summers.

And don't forget how ancient "Pop" Geers is driving winners on the track.

So get back into trim, old timers. Here's another opportunity for you to show what you can do. Maybe you can beat a few records these young fellows have been crowing over the last few years.

"YOUNG" EPSTEIN HURT IN FIGHT WITH HESS

Slips in Ring During Bout and Suffers Concussion of the Brain.

Dayton, Ohio, Oct. 30.—The first championship lightweight fight for "Sammy" Hess, the Fort Wayne battler, ended seriously Monday night. With one minute yet to go, with Hess chasing him around the ring, "Young" Epstein slipped and fell through the ropes, striking his head a heavy blow on the platform. He was picked up in an unconscious condition and rushed to the Miami Valley hospital, where, on examination, it was found that he had suffered a concussion of the brain. He had not regained unconsciousness at an early hour Monday morning and his condition was uncertain.

Lou Bauman, of Cincinnati, the referee, stated that at the time of the accident Hess did not strike a blow, but Epstein slipped while trying to keep away from the Fort Wayne lad's terrible swings. Hess, with his manager, Frank Biemer, is still in Dayton awaiting the decision of the attending physician, although in no way to blame for the accident.

Hess had the better of every round of the fight. He was fast on his feet and his punches had a world of steam. In the seventh round Hess put the local boy down for the count of nine, and from that time on Epstein tried to keep away from Hess' swings.

The other event on the card was a ten-round heavyweight battle which was won by Bob DeVere, of New York, over Terry Kellar, of San Francisco. DeVere, one of Sam Murbarger's boys, substituted for Gus Christie, who was unable to get here, won when Kellar was disqualified for fouling him five times in the second round.

LUTHERANS ORGANIZE NEW BOWLING LEAGUE

Six Teams Will Battle for Honors on Schedule to Open Sunday.

The Lutheran Bowling league, which will play the first games of its schedule next Sunday, November 4, is composed of six teams, two from Emmaus, and one each from St. Paul's, Concordia, St. John's, and Zion. The games will be held each Sunday afternoon, the schedule calling for sixty games. Some hot battles and big scores may be expected as many of the city's best pinmen will be on these teams. In the opening games Emmaus No. 1 will play St. John, at Emmaus; St. Paul meets Zion at Zion, and Emmaus No. 2 will clash with Concordia.

Masquerade Tuesday night (adults). Trier's Minuet.

CRIMSON ELEVEN TAKES A WORKOUT

Indiana Players Repair to Links for Practice With Gridiron Sea of Mud.

Bloomington, Ind., Oct. 30.—With Jordan field a veritable sea of mud and water from the continuous downpour of the last twenty-four hours, Coaches Stiehm and Evans and Rathbun had both the varsity and freshmen squad out on the golf links north of the gymnasium for the first workout of the week before the Ohio game at Indianapolis next Saturday.

Ewert, at tackle, who is slowly recovering from an injury to his leg in the St. Louis game, got through the yearling line nearly every time and threw the man with the ball. He still wears his leg strapped, which causes him to limp. Left End Risley limps badly. He is wearing an ankle brace put there after he had been knocked out in a scrimmage last Friday.

Hathaway Still Out.

Capt. Hathaway has not been out in a suit for seven days, and was not on the field yesterday. Stiehm told him after the Minnesota game to remain away until completely recovered. Hathaway will be able to enter the Ohio State game and probably will be in better condition than he was at Minneapolis. Stiehm said yesterday he expected to make considerable scrimmage this week, as his men show need of it.

After having seen Ohio State in action last Saturday, Stiehm said the war has been a benefit to the Columbus aggregation. Coach Wilce had three full elevens running signals before the game, and there were fifty Buckeye men in football suits. The Ohio mentor has a veteran eleven containing seven men who have played three years. This is quite a contrast with conditions at Indiana, as the war has left only sixteen men on the entire varsity squad, and every man except one is a sophomore.

May Play at Hattiesburg.

Stiehm last night confirmed the report that Indiana has accepted an invitation to play a post-season game the week following the Purdue clash here, which closes the schedule for the Crimson. The game will be played at Camp Shelby, Hattiesburg, Miss., for the benefit of 30,000 national guardsmen of Indiana, Kentucky and West Virginia in training here. The Indiana athletic board will put the proposition up to the officials of the Western Conference. As the contest is solely for the benefit of soldiers, it is believed permission will be given to play. Stiehm's men will make the trip for expenses only. An official from Hattiesburg is expected here soon with details concerning the invitation.

HUGGINS BAITS HOOK FOR WALTER JOHNSON

Yankees Also Want Ainsmith—Pratt Expected to Become Yankee.

New York, Oct. 30.—Walter Johnson is again the chief topic of conversation in the American league, and it leads to the same old conclusion—that Walter is going somewhere pretty soon—somewhere where they win more ball games in a season than has been the habit in Washington.

The Yankees are angling for the speed ball demon. They're after him strong and they want his battery mate, Ainsmith, to go along and make the party a good one. Miller Huggins has set his sails for a bright spot and Walter is going to wear a New York uniform next year if tears and money have any effect on Ben Minor and Clark Griffith.

Colonel Jacob Ruppert, who now is alone in directing the Yankee exchequer, has opened wide his purse. He was after Johnson once before, but the deal fell through. Now it appears that more persuasion will be flung into the affair.

Derrill Pratt also is expected to transfer his batting ability from St. Louis to the Yankees. When the latter club was trying to buy the second baseman from the Browns during the summer, Phil Ball mentioned something that sounded precisely like United States treasury to Colonel Ruppert and the deal immediately did a "John McGraw." Now, however, Derrill and Phil have had words or something to that effect, and the Yankees believe Ball can be persuaded to part with the player for something less than the New York franchise.

The same program of reckless money-spending with a good purpose in view, has a firm hold on the Yankee management waiting to take up the direction of the team.

GRIDIRON ALMOST A LAKE.

So, Instead of Swimming Lessons, Little Giants Have "Skull Practice."

Crawfordsville, Ind., Oct. 30.—A field that resembled a lake and a continued downpour of rain prevented the Little Giants from resuming practice yesterday. Conditions afforded a day's rest for the Scarlet warriors, and Coach Townsend took the men inside for a two-hour "skull practice." Weather conditions permitting, active practice in preparation for the DePauw game will begin tomorrow. The squad suffered no injuries in Saturday's contest, and is in better condition than at any time this season.

BOWSER GIRLS ORGANIZE.

The Bowser girls have started a movement to organize a number of basketball teams and will soon be ready to meet all comers from similar organizations. A number of girls have been practicing each Monday evening at the Smart school under the direction of Miss Helen Rust, the leader of the movement. The captains and teams will be selected soon.

IRISH PREPARE FOR ARMY.

Injuries Make It Necessary for Harper to Change Lineup.

Notre Dame, Ind., Oct. 30.—A drizzling rain yesterday afternoon did not prevent Coach Harper's men from beginning a week of specific preparation for the annual intersectional classic with Army at West Point on Saturday. Pearson received the most serious injury in the game with South Dakota and he will not be able to play for a couple of weeks on account of a dislocated shoulder.

"Big Frank" Rydzewski was excused from practice yesterday because he had a cut on his forehead. Harper shifted Miller from fullback to left halfback yesterday in place of Gipp, who was nursing an injured leg. Ryan, who has been showing steady improvement since the beginning of the season, stepped into the place made vacant by the transfer of Miller.

The Easiest Way to Wealth is the One You Might Possibly Overlook

The longing for riches is almost as old as man himself, yet in our eagerness to acquire them we may overlook the very foundation upon which riches are built.

It is possible for the average man to accumulate twenty-five thousand dollars in wealth in half a lifetime by systematic saving—yet how many men arrive at the age of 50 or 60 having accumulated this amount?

Perhaps you never seriously thought of the power of a steady increasing principal on interest in a safe bank like the First and Hamilton National Bank.

No matter how many other roads you take to reach wealth don't overlook this sure way of acquiring a competence. Attach the same importance to this means of acquiring wealth that you do in others and you will excel.

INCREASED RATES ON LETTERS AND CARDS

New Postal Tolls Go Into Effect in a Few Days Says Official.

Washington, Oct. 30.—Third Assistant Postmaster General A. M. Dockery has issued the subjoined instructions respecting the increased postage rates on letters and postal and postalcards. The instructions are as follows:

It is of the utmost importance that every patron of the postal service become familiar with the increased rates of postage provided for letters, postal and post cards by the war revenue act, as set forth in Order No. 755 of October 3, 1917, amending Sections 399, 400 and 402, Postal Laws and Regulations, appearing on page 31 of the October supplement to the Postal Guide. Failure to prepay the proper amount of postage will delay the dispatch and delivery of mail, cause confusion, annoyance and inconvenience, and impose upon the postal service unnecessary labor and expense.

The following features should be particularly emphasized:

The increased rates become effective November 2, 1917.

Letters and other first-class matter (except drop letters and postal and postcards) will be subject to postage at the rate of three cents for each ounce or fraction thereof which should be fully prepaid. If less than three cents is prepaid on a letter, or other first-class matter, it shall be returned to the sender, if known, for the deficient postage. If the sender is not known, it shall, if prepaid, at least two cents be rated with the deficient postage and dispatched to its destination for collection of the amount due upon delivery to the addressee. Letters and other first-class matter prepaid less than two cents shall be treated as prescribed by Section 545, Postal Laws and Regulations.

The rate on drop letters on and after November 2, 1917, will be two cents an ounce or fraction of an ounce. This applies to all letters mailed for delivery within the postal district of the office where deposited, including delivery by the city, rural or other carriers of such office. The two-cent drop-letter rate also applies to offices which have no free delivery service.

All postal cards, whether they bear written messages or are entirely in print, must be prepaid two cents each and, therefore, the one-cent postal cards must have a one-cent postage stamp affixed to them in addition to the one-cent stamp impressed on such cards.

Postcards, or private mailing cards, bearing written messages will also be subject to two cents postage each.

The rate of postage is not affected on printed cards bearing the words "post card" or "private mailing card" which do not bear any written additions unauthorized on third-class matter by the provisions of Section 453, Postal Laws and Regulations, such printed cards still being subject to postage at the third-class rate. Printed cards mailed at the third-class rate can not be forwarded from the office of original address to another postoffice without a new pre-payment of postage.

Postmasters are requested to give the foregoing the widest possible publicity by means of notices displayed in their offices and distributed to their patrons, through the local newspapers as an item of public information, and in such other manner as may be practicable.

Her Story Cleans Up Chicago's Loop

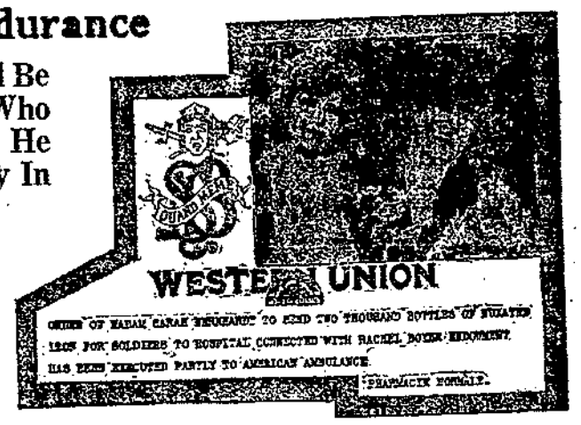
Sarah Bernhardt "THE DIVINE SARAH"

The World's Most Noted Actress Sends Nuxated Iron

To the French Soldiers to Help Give Them Strength, Power and Endurance

General Gibson Says It Should Be Used By Every Soldier Who Goes to the Front—That He Himself Is Hale and Hearty In His 91st Year, He Attributes Largely To His Recent Use of Nuxated Iron.



WESTERN UNION
ORDER OF MADAM SARAH BERNHARDT TO SEND TWO THOUSAND BOTTLES OF NUXATED IRON FOR SOLDIERS TO HOSPITAL CONNECTED WITH RACHEL BOYER HERMITAGE
HAS BEEN EXECUTED PARTLY TO AMERICAN AMBULANCE
PHARMACIE NORMALE.

Remarkable experience of Dr. James Louis Beyea who, at nearly 80 years of age, obtained astonishingly increased strength and renewed energy with a short course of this remarkable product.

"What every soldier most needs is tremendous "stay there" strength, power and endurance, with nerves of steel and blood of iron. To produce this result, there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron, says Dr. James Louis Beyea, former medical college adjunct-professor and army surgeon. A large quanity of this valuable product was sent to the French soldiers by Mme. Sarah Bernhardt. I have taken it myself and prescribed it for my patients and some of my old comrades in arms, with practically unfailing results. It certainly puts the "pep" of life into the blood.

If General Gibson's advice were followed and every soldier who goes to the front carried a package of Nuxated Iron in his kit, I am sure that the men would not only be better, stronger fighters, but that we would have far less sickness in the army and much less work for the Red Cross and army hospitals to do. Notwithstanding the fact that I am nearing my 80th birthday, a short course of Nuxated Iron has made me feel like a new man, giving me astonishingly increased strength and renewed energy.

General Horatio Gates Gibson says Nuxated Iron has brought back to him in good measure that old buoyancy and energy that filled his veins in 1847 when he made his triumphant entry with General Scott into the City of Mexico and that he attributes the fact that he is hale and hearty in his 91st year, after an active military life with service in both the Mexican and civil wars largely to his recent use of this wonderful product.

Another remarkable case is that of General David Stuart Gordon, noted Indian fighter and hero of the battle of Gettysburg. General Gordon says: "When I became badly run down this year, I found myself totally without the physical power to "come back" as I had done in my younger days. I tried different "so-called tonics" without feeling any better, but finally I heard of how physicians were widely recommending organic iron to renew red blood and rebuild strength in worn out bodies. As a result, I started taking Nuxated Iron and within a month it had aroused my weakened vital forces and made me feel strong again, giving me an endurance such as I never hoped to again possess.

Former Health Commissioner of Chicago, Wm. R. Kerr, said: "As Health Commissioner of the City of Chicago, I was importuned many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy. But in the case of Nuxated Iron I feel an exception should be made to the rule. From my own experience with it, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country, and if my endorsement shall induce anaemic, nervous, run down men and women to take Nuxated Iron, and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life long rule in recommending it.

Dr. E. Sauer, a Boston physician, who has studied both in this country and great European Medical Institutions, said: Nuxated Iron is a wonderful remedy. Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of twenty and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. The secret, he said, was taking Iron—Nuxated Iron had filled him with renewed life. At 30 he was in bad health—at 46 was careworn and nearly all in—now at 50, after taking Nuxated Iron, a miracle of vitality and his face beaming with the buoyancy of youth.

If people would only take Nuxated Iron when they feel weak or run-down instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages, I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases, and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. Thousands of people suffer from iron deficiency and do not know it. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

NOTE Nuxated Iron, which is so strongly endorsed by Mme. Sarah Bernhardt, the world's most noted actress, and which has been used with such surprising results by Dr. James Louis Beyea, Generals Gibson and Gordon, and former Health Commissioner Kerr, of Chicago, and which is prescribed and recommended by physicians in such a great variety of cases, is not a patent medicine, nor secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit $100.00 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 100 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance, in ten days' time. It is dispensed by all good druggists.

LUCKY GERMAN PRISONERS TURN U. S. CAMP INTO A WONDERLAND

BUILD REPLICA OF NATIVE CITY OF DRIFTWOOD

The Interned Officers Have Given Pledge Not to Escape.

LEAD EASY LIVES; WELL FED BY CHEFS

Form Orchestra, Band, Singing Society and Fire Brigade.

(Special Correspondence from Frank Rostock, Editor The Cincinnati Post.)

Hot Springs, N. C., Oct. 30.—Robert Tilson says there are many jobs more difficult than helping guard 670 interned Germans.

Tilson is one of the guards at the Mountain park internment camp here, where officers and sailors taken from German liners are to remain until the war ends.

No high board fence and no barbed wire barricade surround the camp, but despite that only one man has escaped in three months. The 669 who have not tried to escape say he must have been "verruckt" when he ran away. Secret service men are still seeking him.

In a few weeks another thousand sailors will be interned in barracks being erected on the grounds. Their camp will be surrounded with a barbed wire fence and enough gaurds will be employed to make their escape next to impossible.

Of the 669 men now in the internment camp 519 are officers and 150 ordinary seamen. The latter will be interned with the newcomers. Officers will continue to live in the unfenced portion. They have given their word of honor not to attempt to escape.

Perhaps Kaiser Wilhelm will be very careful about the kind of treatment he gives Americans imprisoned in Germany, because of the way interned Germans are treated here. Nothing but praise of their treatment is contained in letters written home by these men.

The government cleverly killed two birds with one stone in its plan of organizing and conducting the camp. It has been made into a typical German institution, but at the same time is run on a strictly economical basis by Thomas V. Kirk, inspector-in-chief, and his assistant, Joseph Francis.

Practically all the work except the guarding is done by the interned men. Cooks from great, palatial liners prepare the food and liner stewards tidy up the rooms and wait on table. These men are paid from $20 to $25 a month by the government. It would cost a great deal more and make more months to feed if outsiders were engaged for this work. Officers and seamen wash their own clothing and keep the grounds in shape.

Meals are simple but well cooked. They are prepared by chefs of the liners Hamburg, President Lincoln, Willehad and Grosser Kurfuerst.

The prisoners have put their talents to good use. A German village, built by them entirely of driftwood and scraps of wood and tin and bits of stone, occupies a portion of the grounds formerly bare and unattractive. Hamburg street, the principal thoroughfare, is lined with cottages and bungalows that are marvels of workmanship. A church with a high steeple and other architectural effects is built at the end of the street. This, like all the other buildings, was built wholly of driftwood taken from a river back of the camp.

One sailor has fashioned an alligator from a log. It looks like the real thing.

One of the officers has erected a fountain really an architectural wonder, considering lack of tools and materials. Its principal features are a castle, a figure of Neptune, a half dozen mermaids and several cascades, all fashioned from plaster of paris.

Flowers of all kinds are cultivated with care. Even weeds take on attractive form because of the pains taken in planting and cultivating them.

Among the captains of thirty-two German liners interned is Hans Ruser, who was commodore of the Vaterland, the greatest ship afloat when war declared. The Vaterland is now in the United States service, rechristened the Leviathan. Ruser is considered the most expert seaman in the German merchant marine. He always has commanded the largest German ships.

Most of the interned men have some specific work. Others study. Recreation consists of tennis, croquet or football. Baseball is not popular.

Wives of several officers live in boarding houses and cottages near the camp. Men are permitted to speak to their wives once a week—one hour every Sunday.

A military band, part of the German force that surrendered to the Japanese at Kiao Chow, China, gives two concerts a week.

The men have organized an orchestra, a singing society and a volunteer fire department.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapepsin" Relieves Stomach Distress in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops fermentation and acidity and sets things straight, so gently and easily that it is really astonishing.—Advertisement.

WAR CROP CENSUS SHOWS A SHORTAGE

America Must Conserve Her Wheat if Her Allies Do Not Suffer.

Washington, Oct. 30.—Preliminary reports on America's war crop census prove that America's housewives must conserve wheat very carefully if our European allies are not to go breadless, according to Chief Charles D. Brand, of the United States department of agriculture's division of markets.

"One hundred and eighty-five thousand answers received thus far from 400,000 queries to crop experts throughout the country show," Brand said, "that while the wheat crop is short, there is plenty of corn."

"This proves conclusively," said a food administration official today, "that the argument we are using to get the country's 22,000,000 housewives to sign and live up to the conditions of the food pledge card during 'Conservation Week,' October 28 to November 4, is absolutely sound.

"We have asked them to have at least one wheatless meal a day during 'Conservation Week,' and we hope they will keep this up until the war is over.

"We suggest the use of corn bread and other cereals mixed with wheat instead of so much wheat. Brand reports a slight shortage of oats, barley and buckwheat, which confirms our campaign to make corn the chief substitute for wheat."

Chief Brand, basing his statement on reports to his division, urges that housewives be careful not to waste food of any kind.

"We cannot be too careful," he declared, "to advise conservation, not only during 'Conservation Week,' but at all other times.

"The wheat crop this year will be approximately 672,000,000 bushels. Last year's crop, which was shorter even than this year's, was about 668,000,000 bushels.

"Corn production last year amounted to about 2,600,000,000 bushels. We expect 3,200,000,000 bushels of corn this year."

Chief Brand expects all but about 100,000 of the 400,000 answers to his war crop census queries within the next week. He will then issue a complete and exact statement of what the country's food resources are this year. He feels that the present figures are reliably indicative, however.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When Constipated or Bilious Give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

AIR CHAMPION AND HIS BRIDE WALK UNDER CROSSED SWORDS

Under the crossed swords of his fellow officers Major Bishop, Canadian airman who has destroyed forty-seven German planes, and his bride left the Toronto church where they were married. By making a new air distinction record Bishop had earned a furlough with Dan Cpuid. Mrs. Bishop was Miss Margaret Burden, niece of a department store magnate.

Under the act of congress organizing the territory of Alaska, the legislature meets every two years. It did not meet in 1916, but the legislature of 1915 passed a law providing for a popular vote on the liquor question in November, 1916. At that election the people voted by a large majority that from and after January 1, 1918, spirituous liquors should not be manufactured, sold, transported or given away anywhere within the territory. The prohibition law thus to be established by popular vote, probably will be the most stringent of any in the United States.

NOTICE!

A great shortage of pennies has recently developed, not only in Fort Wayne, but throughout the country at large. No doubt a large quantity in the aggregate is to be found in the little savings banks scattered through the community.

If people will bring in the contents of their Savings Banks it will greatly relieve the present shortage. We ask everybody to do this.

COLUMBIA CITY PROUD OF THE BOY SCOUTS

They Were of Great Assistance During Recent Liberty Loan Campaign.

(Special to The Sentinel.)

Columbia City, Ind., Oct. 30.—The Boy Scouts of Columbia City at the close of their Liberty loan drive Saturday evening created a grand total of $77,700, as was announced Monday by Scoutmaster John T. Clapham. This is certainly an enviable record and one that possibly no other Boy Scout troop in any town of 4,000 population has duplicated this campaign. The local scouts obtained $18,350 in subscriptions Monday. Their names follow: Jimmy Wilcox, Franklin Foust, Crede North, Carl Ferguson, Robert Stough, Earl Gates, David Kessler, Max Lorber, William Snyder, Alvin Biggs, Raymond Kessler, John Whiteleather, Randall Entrekin, Dick McLallen, John Kissinger, Jack McLallen, Paul Morsches, Billy McLallen, Robert Heinly and Assistant Scoutmaster Clarence Feist. All of the above lads have qualified for war medals.

Columbia City Short Items.

Over 800 people heard Judge Herman S. Wilkie deliver a thrilling address on the war and an invictus against German autocracy Sunday evening at Grace Lutheran church.

Ross Tuttle, of the United States army engineers, spent Sunday here on a furlough from Washington, D. C. He went to Kalamazoo, Mich., to visit his parents and will return here Thursday. He was formerly the local manual training instructor. His regiment of 2,000 men subscribed over $100,000 to the liberty loan.

Dr. B. P. Linvill reports a baby boy at the Chester Mosher home.

A two weeks' revival began at the M. E. church Monday evening and Rev. J. T. Bean was assisted by Rev. G. F. Hubbart, of Pierceton.

Hog cholera has again broken out in Troy township, where the anti-cholera association has taken immediate steps to prevent an epidemic. The cholera exists on the Charles Buntain farm, where several head of a herd of thirty are affected. Dr. G. L. Clark and Dr. Frye, government expert of Fort Wayne, were called and notified County Agent B. L. Hummel, Monday, upon his arrival from Lafayette.

Mrs. Joseph Heintzelman, aged 45, wife of a well known barber at Etna, died Sunday evening at 9 o'clock from goiter of the neck. She leaves her husband, to whom she was married in Sioux City, Ia., nine years ago, and a brother and sister in the northwest.

Fire starting underneath the roof from a defective chimney caused total destruction to the Tobias Wince home in Washington township Saturday evening. The smoke was noticed by Mrs. Fred Kathers, a daughter, too late to have neighbors on hand to successfully combat the flames. Nothing but household goods on the lower floor were saved. The loss is $3,000, with $2,900 insurance.

Henry H. Doll, farmer, of Kosciusko county, aged 60 years, and Mrs. Sarah H. Gross, a widow, of Smith township, were wedded Monday forenoon at 11:30 o'clock by Rev. L. A. Luckenbill, and will reside in Smith township.

Homer E. Schuman, son of John Schuman, west of the city, and graduate of the Purdue agricultural college, has accepted a position with the United States department of agriculture as scientific assistant in animal husbandry. His duties begin November 1 and he will leave Wednesday for Washington. Mr. Schuman graduated from the local high school in 1912, and the position he now holds carries with it a good salary and is open only to agricultural graduates.

The Inland Electric company, an Illinois corporation, has brought suit against William H. Brown, of Chicago, and Lyell McGuire, of Troy township, on a claim of $3,350. The plaintiffs aver that Brown sold the farm in Troy township to McGuire in order to avoid paying the claim. They ask that the deed be set aside and that judgment be rendered them in the above amount.

The Wayne Garage company, of Fort Wayne, for a consideration said to be $35, purchased the wrecked machine of the late Hiram Long, of near Larwill, who several weeks ago, with his nephew, Hiram Long, jr., were killed at the Larwill crossing by a fast train.

THREE BOYS ESCAPE FROM REFORMATORY

Jeffersonville, Ind., Oct. 30.—Three inmates of the Indiana reformatory left a field in which they were digging potatoes yesterday, without permission, and had not been found early today, according to information made public today. They were Charles Manus, from Hendricks county, serving a tem for burglary and petit larceny; Harry Johnson, from Grant county, serving a term for petit larceny, and Henry Bantley, Jackson county, sentenced for petit larceny. Johnson would have been released in a few days under a parole.

"WHO'S CRAZY."

Plcie of Annual Play to Be Given by the Senior Class.

The senior class of the Fort Wayne high school has now in preparation a delightful farce comedy, entitled, "Who's Crazy?" The senior play committee made this selection after careful consideration. It is intended that this play will be the "hit" of the season and will eclipse any previous senior play.

Mr. Franklin, of the Lyric theater and a gentleman of pronounced ramatic ability, will direct the play and will also select the cast. The names of the members of the cast will be published in the near future.

The production of the senior play is an annual event looked forward to by the student body and all lovers of animated amateur theatricals. The date, though not definitely settled, will be around Thanksgiving.

FEW FARMERS AT PLACES IN MARKET

Weather Tries to Put an End to Market—Scant Dozen Stalls Filled.

When Monday's rain turned to snow, as the weather man had predicted, all hopes for a large market Tuesday followed in its wake. Only a handful of farmers were in and these, well-bundled, sought the protection of the covered market. The main articles of sale were plants of sturdy growth, such as cabbage, parsnips and winter radishes.

The city scales refused to let the weather down it again and so weighed in eleven loads of hay and five loads of oats. The hay brought a top price of $20 and the oats brought 60 cents. These prices are among the highest yet paid.

COUNT MINOTTO'S FATE IS BEING DETERMINED

Alien Son-in-Law of Chicago Millionaire May Be Interned.

Chicago, Oct. 30.—The case of Count James Minotto, son-in-law of Louis F. Swift, millionaire packer, who is accused of pro-German activities, is today in the hands of Dr. Percy L. Prentiss, local head of the federal immigration bureau. He is expected to decide both on Minotto's loyalty to this country and his citizenship. Minotto claims to be a citizen of Italy, born in Berlin, his father being an Italian and his mother a German. If Dr. Prentiss decided against Minotto and is upheld by the commissioner of immigration on the question of his liability "to become a public charge" and his citizenship, he may be interned. If it is held that he is an Italian he may be sent to Italy for military service.

Henry Veeder, an attorney who represented Minotto in the hearing which is to be held soon, refused today to concede that the hearing involved the question of his client's liberty.

The department of labor has outlined its case against Mintto in a statement in which attention is called to his German birth, his connection with German banking houses, his association with Germans abroad and especially in South America, where he is said to have been on intimate terms with Count von Luxburg, the German ambassador to Argentina, whose intrigues recently threatened the neutrality of Sweden.

GENERAL GROSVENOR DIES.

Athens, O., Oct. 30.—Gen. Charles H. Grosvenor, former representative from the Eleventh Ohio district, died at his home here early today, aged 84.

Big buildings of lower New York are to dispense with their individual power plants and take steam from a central plant, which is just now approaching completion. The latter will consume about 900 tons of coal a day.

Fifteen years ago Adam Stouffel, of Findlay, O., purchased a Plymouth Rock hen, and now the hen, at the age of nineteen years, is laying eggs with the rest of his flock, and there are no indications that she is going to quit.
